The Millionaire's Mistake

Sean Michael

The Millionaire's Mistake Sean Michael

Is it too late to win back the heart of the man he loves?

When Reid Allen said no to spoiled millionaire Ambrose Walter Simpson five years ago, AW kicked him out on his ass. Now AW is ready to admit he's thrown away the only man he ever truly loved.

The rich bad boy has learned the value of sticking around when the going gets tough. But is it too late to make amends and win Reid back?

Jennifer says

Not for cat lovers. One of the main characters, the wimpy Reid, is introduced as having a cat on page 8, but blithely goes off for a weekend with the millionaire of the title, the obnoxious AW, without any mention of his cat. It really annoyed me that nothing was said about who would look after the cat! Apart from that, the story was tepid at best. Take away the bdsm and make Reid a woman, and you have a Harlequin romance back when the heroines tended to overlook the bad behavior of their millionaire lovers.

Makhda says

I don't like it when he called him 'slut'.
Freaking pissed me off.
It's a good thing he's kind of sweet.

DoaJaneoDoe says

3 stars only because it's Sean Michael, actually it's more between 2 and 2.5 . I like author's style and bdsm books, but this one was off. Maybe because it's short. If it was more lengthy and you could see how it develops maybe it would be better. Like this it's just pushing from dom and denial from sub (even if he doesn't uses safeword). Scenes would be ok if we didn't know about emotional hurt from separation -at least that's my oppinion.

SheReadsALot says

Have I learned my lesson? Apparently not.

Tinnean says

I have to admit I was disappointed, not by the kink aspect, which I have no objection to, but by the fact Reid forgave AW so quickly. I really wish he'd made AW work for it. ::sigh::

Sue bowdley says

I loved this one..I Like AW but I loved Reid...I do wish he'd made AW work a bit harder to get him back but in all it was a great read x

Katy Beth Mckee says

AW messed up big time because he probably wasn't ready to admit what he really wanted so he threw away the best thing that ever happened. But being really rich gives him the opportunity to try again. He wants Reid back and this time he wants to keep him. Reid needs some convincing but he quickly realizes what he's been missing. Now they just need to work the details.

Marsha Spence says

Really enjoyed this

Mandi says

I don't know how I keep getting sucked into these books. I *know* it's going to be all about the sex, but yet I keep hoping there will be an actual plot in there somewhere.

The blurb for this was great, the execution...not so much. After FIVE YEARS, the dom decides he wants his old lover back. Who he kicked out after a three year relationship because he said no to him. I don't care how much money you have, that's just not realistic. He only said no once in three years and you booted him? And who only says no one time to somebody?

Anyways, the sub was basically a weak little doormat because he took him back (after FIVE YEARS!!) with barely a protest. No real explanations and just a lame ass 'sorry'. Not even with much convincing. There was no long seduction or trying to right wrongs or anything.

Though of course there is a ton of kinky sex.

I know it's a short story, but I've read some GREAT short stories. Sadly, this wasn't one of them.

Ugh. Disappointing.

Lily says

2.5 stars

Ryane says

I can't, in good faith give this book less than 3 stars. I really need to stop doing this to myself. I was expecting wooing. Just a little wooing. Nope, not a stitch. I like a well written pain slut like anyone else. I just couldn't suspend reality. The dubious consent (at least it came off that way to me) was not an issue at all, but at least the story could have stretched over a week or two.

H.B. says

I kind of thought from the blurb I would love it a lot more than I actually did. I found the characters a bit vexing and the whole situation they were in trivial. Reid came off as a pushover and Walt was a overbearing obnoxious arrogant guy. I found Walt's usage of a particular word offending and it just irked me when he used the term towards Reid. I struggled a bit to get through this. It was just not for me.

Mrsgeo says

DNF. I really dislike stories stories where one MC uses his money to get what he wants & before you know it the other MC has given in.

Tonya says

I get it, I truly do but find it hard to believe this story or rather don't want to think what a wimp Reid was concerning Walt(AW). I'm sorry you don't dump someone you have been in a relationship for 3 years because they told you 'NO'. Saying no to a scene is not cause to end a relationship. If they have a Dom/Sub relationship what about safewords, and talking about hard and soft limits. What about what the sub wants or needs to be comfortable. But Walt in his arrogance decides he has grown up and wants Reid back, that is all there is too it. I knew just from reading the following that Walt was going to be a jerk.

"Just the once, but that had been enough to make AW drop him like a hot potato. No one said no to him. And when Reid Allen had said it, refusing to do a scene with him on stage at the club, AW hadn't had the benefit of realizing what a novelty someone saying no was."

Reid was a pushover and let his self be railroaded and it was too rush that over the span of a weekend they are back to being okay after 5 years apart. Like Walt stated in the book they spent more years apart then they did together.

I get that Walt may actually be remorseful and finally wised up that Reid was the one for him, but this book was to short to work out all the problems realistically. I would love to see this book expanded into a fuller novel and see them as a couple rebuild their relationship and not this insta you have missed all this kink or I don't know how you lived without it.

I'm sorry but this just fell short for me with how easily Reid took Walt back and how while Reid had moved on professionally, personally he was in a holding pattern until Walt reentered this life. This is while Walt had been screwing everything under the sun. Sorry but this is just crap and I am not buying it.

Kathryn says

Seconds chances story featuring heavy, rough language. If you enjoy it rough, you may like it.
