Double Trouble Ruby Dixon

In the world of motorcycle clubs, a snitch is a dead man. And the Bedlam Butchers have a snitch who's intent on taking down one of the newest members of their club.

Shy knows just who the snitch is, too—it's her older brother. But she can't do anything about it, because Shy's got no one to protect her. If she tells what she knows, her brother's going to sell her out to his new, dangerous buddies. If she keeps quiet, she's still at risk from the Butchers. She needs someone at her back. Enforcers Muscle and Beast are the perfect solution... if she has the guts to make a play.

Beast's big hulking form and a face only a mother could love drives most women away. Muscle's pretty as could be, but he's got a nasty attitude and a brick wall around his heart. No one wants to get in their bed...which means they're perfect for Shy's needs. When the three get together, it's obvious that these men need Shy just as much as she needs them. And now she wants to stay for entirely different reasons than just safety.

But what's going to happen when they find out Shy has been withholding information?

DOUBLE TROUBLE is a complete novella of 30,000 words. No cliffhangers—only hot and sexy romance. The Motorcycle Clubs series is romance for readers who want all of the heat and emotion, but who don't have all of the time.

Christina says

The book starts with promise and instantly sucked me in. Cheyenne, also known as Shy because well she's shy and stutters, lives in a trailer with her sadistic and abusive brother who is part of the MC The Bedlam Butchers. She is doing laundry and over hears him talking to a rival gang member snitching on his Prez's sister. There was some beef in the first book that this goes with. Her brother, Taco-yeah not touching that name because it's not that he loves tacos that he got it, finds out Shy was eavesdropping and threatens to sell her or kill her if she snitches. Scared of her brother and the prospect of her being sold, she's a virgin btw, she decides she needs protection. So where does she go? Well to the same club her brother belongs to of course, because that makes total sense. She even attempts to pick up Muscle and Beast a few feet from where her brother is standing which she's not even allowed to be there. So beyond that annoying and kinda stupid plan, she picks Beast because he's big and scary and Muscle because he comes with Beast. Literally. okay okay I know dirty lol, but that's the point of the Bedlam butchers they do everything in pairs including their women.

I liked Beast right away. He picked up on her fear right away and was the more mature out of the three. Muscle on the other hand, well he can go find his way out of the book because he was not someone I wanted to read about. Turns out Shy is a virgin and doesn't tell them and well Muscle goes first and just goes at it with out even a warm up for Shy. He gets pissed, pulls a dick move and leaves. Beast convinces Shy to apologize...let that sink in a moment and they end up having some pretty hot sexy time that had me fired up until Muscle kept opening his mouth. Like dude, no one likes you right now you're here because you have to be.

The book was great in smut and sexy time. I thoroughly enjoyed it even though Muscle made me want to throat punch him but I guess he has some issues that will be explored in other books. It also ended well, though it was glossed over fast at the end which I'm noticing in these books the content is kept light and that is fine by me.

Sophia Triad says

Beast is tender, but with lot of insecurities about his appearance. Maybe he just needs someone to tell him how much desirable he is.

Muscle cannot stop having nightmares every night. Maybe he just needs someone to hug him while he sleeps.

Shy is a sweet virgin who stutters and she is in big trouble because she heard something that she was not supposed to hear. Maybe she needs a protector/protectors.

There is a snitch in Bedlam Butchers since book 1 and now it is time to reveal himself.

Quick and sexy story! If I understood correctly Beast, Muscle and Shy will have a few more books in the series.

Brandi says

3.5 stars

Another quick & dirty installment in the Bedlam Butchers MC series.

I liked this threesome but feel like we only got the tip of the iceberg when it comes to Muscle, Shy & Beast. They really know how to burn up the sheets together but I need to know more about the guys' pasts. There's a whole lotta hurt buried up in them & they need to open up so Shy can help them heal!

Love the whole double team/paired up aspect of the Butchers. It definitely makes them stand out as a MC & makes them more memorable! On to the next book in the series, Double Down!

Sue says

The Bedlam Butcher short story series continues with Shy, Muscle & Beast. I thought the Prez's story was my favourite, but these 3 have just blown that out of the water. 3 characters so different, but they just gel together so perfectly. You have the cockiest most arrogant club member & his ride brother Beast, who will literally scare the pants off any hard core bkie, who both succumb to the sweet, innocent virgin. My initial reaction to Muscle was that I didn't like him that much, you'll know why if you read it, but he did redeem himself and Beast I just loved right from the start. I give a high five to Shy because she just rocks it out of the park, she is such a sweetie that comes into her own. Their story goes over 3 books. A really enjoyable read.

Casey says

Book three in this series is the best of the three that I read. In reality this is probably around a **2.75** but I'm rounding up because there was at least some story development in this one. I think the first three in this series (they are all fairly short in length) had only one story arc and all of the couples featured in each story get together in the same night so their timelines run concurrently. I don't know if that remains consistent throughout the rest of the series because I only read volume one which contained the first three.

Joanna Reeves says

It's a great read the whole series has been fab so far . It's well written and I just get lost in it. I love these 3 together , how protective the boys are of Cheyenne and her them , they are hers . I look forward to seeing who we meet next .

Shay says

I just finished Double Trouble and I just loved it. Im a biker girl through and through and this did not disappoint. This follows the BEdlam Butchers MC club and this can be read as a standalone but to get the full effect, read them! This one is about the Warlords of Butchers, Muscle and Beast. No one wants to be around them, they are scary as hell. Shy is sisters with Stuart and he turns out to be the snitch. She is beyond scared because Stuart will kill her for telling on him. She runs to they panty raid looking for protection. She sees Muscle and Beast and needs their help. But to do that she will have to take them both on. This is an awesome read and one of my favorite of the series. It quick, sexy as hell and oh so yummy!

1-Click Addict Support Group says

This is a review of all books in the interconnected *Motorcycle Clubs* series.

All the Clubs in these books are plagued by the same national MC group, a group of White Supremacists. You may not think that three different authors can tie-in three clubs to work well as a series, but I am here to tell you, they did an AWESOME JOB!

Bedlam Butchers MC* series by Ruby Dixon – *Off Limits, Packing Double, and Double Trouble

The Bedlam Butchers are a club who do everything together. EVERYTHING! They have two presidents, two VP's, two of everything. But not only do they share the responsibilities, they also share their women.

Off Limits is HOT! When the touching starts in an unexpected situation, you almost feel the tension and the need to moan. The chemistry between Lucky and Solo is off the charts.

Packing Double is the introduction to the “We do everything together” mantra. And when I say everything, I mean it. They ride together, they make decisions together, and they fuck together. The co-presidents Gemini and Domino are alpha male to the extreme. You would not think that two alpha males and one woman would work, but *oh my lawd*, does it ever!

Double Trouble is the enforcer's book. Muscle and Beast take a scared, virginal, and very shy, Shy. When she needs protecting, Muscle and Beast are there to make sure she is okay. When it's discovered she knows of a snitch and doesn't come forward, can these two save her? Out of the bedroom there is chemistry between these three. But in the bedroom? It's explosive!

Death Lords MC* series by Ella Goode – *His Wild Desire, Her Secret Pleasure, and Their Private Need

The Death Lords are a MC that has a rivalry with another MC. Add in a Librarian, a nomad biker, and a preacher's daughter, and you get a steamy, panty-soaking read.

His Wild Desire... Wow! When Grant, AKA Wrecker, gets out of prison, he intends to take back up his relationship. With his step-sister. Chelsea struggles with the thought of what others might think. Once she stops thinking so much, the sheets start to smoke! Five years in prison definitely gave Wrecker and Chelsea enough sexual tension to snap a regular man in half.

In *Her Secret Pleasure* the Librarian – and daughter of a nomad – Pippa, is new in town. Judge, the Death Lords President, has had his eyes on her since she first rolled into town. Judge is a dirty talking, Alpha male hell bent on screwing some sense in to Pippa. And when I say screw, I mean dirty, rough and in every possible place.

Their Private Need features a quiet virgin, Annie. She's the preacher's daughter and part time volunteer at the library; she doesn't drink, doesn't smoke, but she has a secret fantasy. When Easy lays eyes on her, he knows she is the one for him and Michigan. Michigan is not convinced because he had a bad past experience with a preacher's daughter. Once he is convinced, lose your underwear, it will just save them from being wet!

Hellfire Riders MC* by Kati Wilde – *Wanting It All, and Taking It All.

The Hellfire Riders are a club whose old president was sick and twisted. Saxon, the new president, wants to take a new, old lady. Will the First Lady clause stand in his way?

Wanting It All is the beginning of the story for Jenny and Saxon, AKA Wolf. When the one man you want went to prison for protecting you from another MC, how do you ever say thank you? Jenny's dad is the president of the Titans MC, and when he finds out he has cancer, he approaches Saxon about joining the clubs. Saxon only wants Jenny out of the deal; the extra land and club house are a bonus. When Jenny and Saxon get together, they set the barn on fire.

In *Taking It All* we learn more about the First Lady clause, and get to see more of Saxon's alpha side. What a delicious combination! But will Saxon walk away or will Jenny be able to go through with the clause to help her man? With her past, how will she get over the fact that all the guys will be watching? But when the decision is made, there is no going back.

Overall, this series of series will get your motor running and keep it on edge. Find a sturdy horizontal surface, you will need it! ~ Devlynn, 5 stars

Barbara? says

I gotta say, I didn't like Muscle to begin with and I'm not sure I like him still. Beast however is perfection.

phoebess says

Oh, I loved this story, I'm always happy to see when heroes or heroines aren't absolutely flawless creatures. And this trio was exactly that. Perfectly imperfect.

Judy says

Another hot erotic novella about the Bedlam Butchers with likable characters. Interesting story that can be read in one sitting when you don't want to start a full length novel.

Dino-Jess ★ The Book Eating Dinosaur ★ says

"What kind of cruel and sadistic torture is this to give a girl two cocks and then take them away?"

Goodness me, that was hot.

I felt for Shy - she has a nervous stutter (I do too), and every time she tripped over a word it made my heart

hurt. And while I don't agree with the way she went about doing things, trying to become "property" of a pair of Butchers to get away from her evil brother, I'm willing to let it go because Beast and Muscle were awesome.

Beast. He is the gentle giant who knows when she is freaked out and comforts her when she is a stuttering, scared mess. He also has good manners.

"All right with you if I claim you now?"

Muscle. A cocky, but broken guy who is hiding a heart of gold under his self possessed facade. He also has a way with words.

"Every pussy is different, like a snowflake. And every woman is different. You need to figure out exactly what it takes to make her melt on your tongue. That is part of the challenge and pleasure of tasting a woman."

This story, as per usual is absolutely ridiculous, but I loved every second. Ruby Dixon is the best at writing sex. She's so good at writing sex that I forget about everything else that is going on and just focus on the man sandwich that is being made before my eyes.

I will keep reading these. Bring on the next man sandwich please.

3.5 no-holes-barred Stars

"I want all of this. I want both of these men, and I want to love them the way they deserve to be loved. And I want them to love me the way I deserve to be loved too."

Whitney says

This book made this series bounce back after the previous installment. *YAY!*

Cheyenne, aka Shy, needs protection from her own brother. He is part of the Bedlam Butchers, but he is going rogue. Shy overheard a conversation that wasn't meant for her to hear, and now she needs the help of the MC gang her brother is ratting out. She seeks out the biggest meanest pair she could find - Muscle and Beast. If she can overcome her fears, maybe they will decide to keep her. She will do *anything* to make them see that she is worth keeping.

I am so glad I didn't give up on this series. RD knocked it out of the park with this one. It was short, sweet,

and smutty. It actually had a plot. The protagonist was relatable and real - unlike Kitty in the previous book. Her biker duo was a little questionable, but I liked them more than the previous alphas in this series. I caught myself swooning and getting a little flustered. */fans self*

3 STARS!

Yogi Yogi says

Story of “Shy-girl” (Cheyenne) with Beast (Cal) and Muscle (Jason), co-Warlords/Enforcers for Bedlam Butchers MC in Albuquerque, New Mexico. Partial overlap on same timeline as books #1 and #2 starring Lucky and Kitty.

“collarbones” (43/125)

Laurie says

This is the third book in the Bedlam Butcher’s series. I liked Double Trouble more than the first two. There was more of a story here which helped a lot.

Shy is our virginal, super shy and timid h who finds herself caught between a rock and a hard place when she figures out her abusive brother is snitching against his club, The Bedlam Butcher’s, to a rival club. Her brother threatens to give her to the rival club if she talks so she takes drastic action. She attends an MC panty raid and throws herself at the biggest brother and his partner that she can find, Beast and Muscle.

Things don’t go well for Shy when she first meets these two, but Beast quickly figures out something is not right and smoothes things over with Muscle for her. Shy was an okay h, but I like my h’s strong and she started out unbelievably weak. As the story progressed, she grew. To offer herself up to the biggest and baddest of an MC Club required smarts and strength, but she still came off like a doormat several times in the book which drives me nuts.

Muscle was an ass at first, not only to her but to Beast. The way he treats Shy in the diner scene screams douchebag. He redeems himself in a big way but still, that just pissed me off. Beast was my favorite of the three. He seemed the scariest, but ended up being the gentlest and sweetest with Shy.

All in all, a better book than the last but I’m still not a fan of the Bedlam Butcher’s as a club. I love reading about gritty MC’s but I do need them to have at least some redeeming values. Muscle and Beast went a long way towards redemption in how they treated Shy, but they still come off as thugs in their everyday activities for the club. I’ll definitely keep on with the series because they are part of The Motorcycle Clubs series, but I am definitely hoping they continue to improve.
