Si amarte es un error E.L. Todd

Cayson y Skye disfrutan de su felicidad durante los meses de invierno. Comparten cama todas las noches y pasan juntos todas las horas del día. Pero su relación física aún no ha despegado. Skye se da cuenta de que le da miedo llegar a algo más íntimo porque nunca podrían volver a ser amigos si su relación no saliera bien. Cuando se lo confiesa a Cayson, su respuesta lo cambia todo.

Slade disfruta de su vida de soltero más de lo que debería. Sale con una chica distinta cada noche y esa libertad es lo que más alegrías le aporta. Pero cuando Trinity toma una decisión estúpida y se mete en una situación peligrosa, él lo deja todo sólo para ayudarla. Sin embargo, ella no valora su ayuda. Enfrentados como si fueran soldados en un campo de batalla, Slade desprecia a Trinity y le encantaría que desapareciera sin más. Pero cuando se declara una guerra entre ambos, acompañada de cervezas y bourbon, sucede lo más inesperado. Una noche de sexo de borrachera contra la pared del apartamento de Slade les produce a ambos la mayor satisfacción que han sentido nunca. Pero ¿qué consecuencias tendrá para ellos?

Sonisha Alcide says

After reading the previous book, I decided to not move forward with this series....fortunately for me, I was given the next two installments of the series for free. I must say, this book is exponentially better than the last. In fact, I felt more connected to not only the characters, but to their situations. In this book, we get to witness Skye and Cayson's blooming relationship as well as the fire that is igniting between Trinity and Slade. I love how descriptive and expressive this book is. The characters were more likable, and the story progressed at a more desirable speed. I enjoyed reading this book very much, and I honestly cannot wait to see what happens next.

Mary Winstead says

Cayson and Skye are together but Skye is worried that if they move forward it will ruin their friendship. Slade and Trinity are Cayson and Skye's best freinds, and they hate each other. One night while drunk walking home Slade makes a move and they become sex buddies. They want to keep it from their friends because they don't actually know how they feel about each other. Could there be more? Great read.

Gilliam Melanie says

great. You get to see into other characters point of view.

Osea, me he leído el libro entero pensando una cosa y es otra completamente diferente!!
Está narrado a 4 voces, pero es que dos de ellas ya salen en el 1 libro y YA TIENEN SU HISTORIA! Que narren los otros dos copón!
Muy indignada, como que iba leyendo y de repente veo "Agradecimientos" y mi cara así ??
Habrá que esperar al 3 para el desenlace pero menuda caca

Janice Little says

Enjoyed the book set.

I received a complimentary copy from the author...

In this book we get a continuation of Skye and Cayson, but we also get the starting romance of Slade and

Trinity. I absolutely love the Slade and Trinity story line because they are perfect for each other, but they just don't see it. Skye and Cayson are still very cute, but Skye's prideful behavior was getting annoying throughout the book.

Can't wait to see what happens next. Will Slade and Trinity finally get caught after all the sneaking around?

Sarah Otto says

Band 2 der Reihe um Skye und Cayson. Der Leser erfährt wie es mit den beiden weitergeht und es wird auch ein größeres Augenmerk auf Trinity und Slade gelegt.

Der Schreibstil ist wieder unfassbar gut und man mag das Buch einfach nur verschlingen. Es geht diesmal um Vertrauen, heimliche Liebe und Ärgernisse aus der Vergangenheit. Band 2 hat sich im Vergleich zum 1. Teil sogar gesteigert...

3.5

Tanya says

I loved seeing more of Skye and Cayson's relationship develop. I love the banter between Slade and Trinity and can't wait to see where their story leads.

Katherine Beers says

Ugh, so close to loving it. Honestly, if it had transitioned to Slade/Trinity and stayed that way, I would've loved it. Too much jumping to love.

Review to come..

Sue Parker says

Cayson and Skye are building their relationship while Slade and Trinity are hiding theirs. This book continues from the first story but does leave you a little hanging in the end. Slade and Trinity spend a lot of time sneaking around together. They are trying to act normal around their friends but they notice something

is off between them. Are they actually getting along instead of arguing with each other? They almost get caught a few times and pretty soon I think they will realize there is more going on than just sex. Good story.

Piki says

[3'5/5] este me ha parecido más entretenido que el primero, la verdad

Lisa Hershaw says

Continuing with Cayson and Skye's story and how they're getting on now they're in a relationship, but thrown in is the start of Slade and Trinity's relationship.

Slade and Trinity have the enemies to lovers relationship, but they don't want their friends to know or commitment so they keep their friends with benefits relationship to themselves. They find out they actually do like each other more than possible, it was good seeing their relationship grow and turn into something else.

I'm not sure which couple I prefer, can't wait to read more in the series, I received this book in return for my honest opinion.

Mindy Lou's Book Review says

This is the continued story of the Skye and Cayson and the beginning of Slade and Trinity's story. I love that we go into this book as if we never stopped from the first book. It's still focused on Cayson and Skye but also sharing that focus with Slade and Trinity's beginning, while still having the rest of the gang in the book as well. I would compare it to like watching the TV show Friends. After each episode (book) you get everything solved so you don't feel like you have to keep reading, but then the next book starts right where the previous book leaves off. If you can't get enough of these characters, this makes a great series to read!
