## Married to A Boss Lucinda John

The bosses are back and their women are standing right behind them. When Stacks decides to merge his empire with Chad, money starts coming in by the boatload. With more money comes more problems when the men find themselves battling with their past infidelities in order to keep peace in their home. The past is a Finesser and is out for blood when secrets are revealed that threatens the lives and faith of some relationships. Snakes reappear out of the blue to cause hell, while new love is found. Follow these couples on a journey as the realize that Fallin' For A Boss was one thing, but getting married to one is completely a different story.

## From Reader Review Married to A Boss for online ebook

### Odia Haynes says

#### Keeping it in the family

I choose this rating because I enjoy the story line that each family's has going on in their lives as being friends, keep you wondering about will their ever be a time that they will ever be any happiness in the end. It's keep me really focus and love to keep reading more.

### carolyn says

#### Pretty good

I love how this book connectors so many different characters, but eventually SOMEBODY is going to HAVE to die lol. I've never seen so many people come back life in one book series, it's ridiculous lol.

---

### Torz&#x1f61d;Tha&#x1f4da;Junky&#x1f61c; says

The 2 series together came full circle. There was a few errors. Nonetheless, I thoroughly enjoyed the read. I was in shocked that Laurie & Ginger was working for DC. I love Cole & Honey's new found love. With Kandi & Prancer being related it's about to GET REAL. I'm looking forward to seeing how everything will unfold and play out with the various issues and twists. I'm curious to know what the underline beef is with Ralph & his father. Also enjoyed the brief insert for a new read at the end. Ready for part 2 definitely. Lucinda is still a beast with that pen game.

### Jasmin Watson says

Lucinda did her thang with this one. This book was good from the very first page. I loved I how she brought to series together and made it to one big book. I can't believe Rob and what he did. I still love Lala and stack relationship. I can't wait for part 2 cause that ending had me about to throw my kindle.

---

### Cierra Stocks says

#### Loved it!

I am loving getting to know all the new characters. I'm ready for part II, but definitely a must read.

---

## **Robin Perryman says**

### **Okay**

I remember reading books with Stacks and La la, Lisa and Ralph in their beginning days but it's been awhile so I can't remember everything. That's the problem with these books. They take so long to come out or have so many parts, you can't remember where it left off. These books should all come with a summary of the previous partners. I like the story but it needs some action other than baby mama a drama and all the women getting pregnant. I mean why be upset if you use no birth control. It seemed like all these g a gangsters did was lay up. Who had time to make money? I know it's supposed to be a gangster love type book but put some killing/crime in here.

---

## **Courtney says**

Man oh man so much happened in this one book. my emotions were definitely all over the place. from the kidnappings to the deaths to the backstabbing. this book had it all. everyone's partnership was tested, but true love always wins.

---

## **Shea says**

### **Great Read**

This one has really been a great read. I just have to remember who is with who from the previous series. Honey seems to be the only one with enough sense to leave these cheating foolish men.

---

## **Kay says**

Another BANGER of course... I dont even know where to begin except to say of u havnt reAd thid book ot the others before it by Lucinda... Huniiiiii... Get on it!

---

## **LITerary Queen Chels says**

??

The drama just will not stop.. Ralph just can't catch a break and I am so happy for honey and cole because rob was no good she made the right decision

---

## **sha'kia says**

**Lucinda you a beast for this one!!**

Juicy storyline a must read. Sad to see finessers & fallin for a boss end but the drama here is on another level with a few old friends for the ride. Honey is done with Rob and the lies so she divorces him. Chad and Rob are moving up in the game and now linked up with stacks and Ralph. Ralph returns to Miami to check on us daughter after that call only to be clueless. Cinnamon and Chad are fine but she feels he's hiding something. Dc is still after Ralph but using Cole is causing a rift between them. Honey meets Cole and the drama begins. Rob takes the cowardly way out and causes havoc among the group. So many secrets an drama brewing but that last few minutes will have you shock no doubt

---

### **Kesha says**

#### **Good Read**

This is one off my favorite series but I have to say that this was just alright to me. It was too short and it seemed rushed. Lucinda is a Great Author that is why this is disappointing to me. I loved the way the book was heading it just didn't get there. Hopefully the next installment will be better. Not giving up yet.

### **reeneNaDaBomb says**

#### **Married to A Boss**

I needed to refresh my memory on this one. Stacks & his wife LaLa step down from the throne after taking over the streets of Miami. The crown is handed to Robert (Honey), his right/left hand men Cole, Ralph (Lisa) and Chad (Cinnamon). The Kingpin brothers along with their lady lovers take over the business but not without plenty of resistance, betrayal and murder. Who comes back is surprising and gets the 4\*\*\* rating. Yeesssss, read this book and enjoy; I did!

---

### **Sasha says**

This first 4 books of the Fallin for a boss series were pretty good even though some parts were over the top and unbelievable , but I didn't see the purpose of this book. Way too many new characters were introduced and it didn't keep my attention. The same drama but a different day,and then I'm so tired of 2 pages describing what type of designer clothes they're wearing. I'm done with this series.

---

### **evette w says**

#### **A Runway Hit**

Well have to say this is some story. With the addition of the characters the entire series comes full circle. I love the chemistry between Cole and Honey. The maturity of Ralph and Lisa is just so refreshing. Now my only hiccup with this story is the fact that I need for Stacks and La la to fall back somewhat and let Ralph and Lisa take the lead. The writer is showing so much more maturity and capability, to the point where you are getting such a well rounded story. I look forward to the next adventure with this group of friends.
