Ghost Target Will Jordan

From Marseille to Islamabad at breakneck pace... it's kill or be killed for Ryan Drake and his team

Ryan Drake, once a decorated field operative, is now wanted for treason. On the run from the CIA's corrupt Deputy Director Marcus Cain, he has spent the past six months in a remote French safehouse. Drake's former life seems to be behind him, but the uneasy peace is shattered when Cain moves against him with startling force.

Meanwhile, the war in Afghanistan is faltering in the wake of a devastating suicide attack. Cain though has a plan to find and destroy al-Qaeda's top commanders. And nobody will stand in his way.

Backed into a corner, Drake turns to the deadly but unpredictable Anya – once Cain's most promising agent, now his most bitter enemy. With tensions running high and their uneasy alliance threatening to tear itself apart, Drake's hastily assembled team travels to Pakistan to intercept Cain.

With the fate of the War on Terror hanging in the balance, loyalties are tested and scores settled, as Drake embarks on the fight of his life. Only one side will survive...

From the bestselling author of *Black List* and *Deception Game*, *Ghost Target* is the sixth Ryan Drake thriller, and an incredible tale of deception, desperation, and ultimate betrayal.

Lisa Barbour says

I can't wait for the next in this series...I sure hope there is a next one!

Bodo Pfündl says

A dark, desperate and twisted battle for survival – Jordan's best yet!

Over the course of 6 novels Will Jordan has become the master of overarching storytelling and “Ghost Target” sees him at the very top of his game, spinning a mesmerizing tale of betrayal, honor, love and death that at the end finds our heroes in a very dark and desperate place indeed!

Some readers seem to have grown a little impatient during the last 2 novels, asking Jordan to end his epic spy saga, instead of dragging it out indefinitely. Well if you need any proof that Jordan has a lot of compelling story left to tell, read “Ghost Target”! It is not only his most shocking and suspenseful novel to date, it is also his best!

Readers get their first in-depth look at the series' extremely compelling “main villain” Marcus Cain, helping one to better understand what drives this man and that he wasn't always the monster he is now. We also see a very different almost vulnerable side of Cain, which really made me feel sorry for him. For a while at least...

Anya remains the most compelling female character in the genre and her scenes with Drake are more intense than ever, showcasing how much they both have grown as characters and how their relationship has evolved over the series!

Besides the cinematic action, the high-paced rollercoaster twists and the emotional scenes, it is the ending that truly stands out! It is one of the most heavy-hitting and brutal cliffhangers I have ever encountered. But it is also one of the very best!

I personally hope that there are many more books from Will Jordan still to come! But for now I'm impatiently waiting for Ryan Drake 7!

Chris Turnbull says

Got more interesting as it went along. I enjoyed it more than I expected

Amanda says

This is the sixth book in the increasingly popular series featuring Ryan Drake and on the strength of this novel it is clear to see why it is so popular.

This story is full of intrigue, double crossing, treason, fighting and of course with the occasional dash of

romance. In fact this book really did remind me of a James Bond book, only 'Ghost Target' is better.

'Ghost Target' reminded me of a game of cat and mouse, as each side tries to trick the other and traps are laid for each side. The chase takes place across Europe, Afghanistan and Pakistan, with each side determined to catch and eliminate the other. I won't say too much more about the plot as I don't want to spoil it for anybody else and I really do think that you should read 'Ghost Target' for yourself.

All of the characters have been betrayed in some way and each have their own scores to settle but to start with it is unclear as to what exactly has happened to each of them. As time goes by and as you read further on in the book, you find out what has happened in some cases and how each character feels betrayed in some way and why they have a deep hatred of the corrupt CIA man Marcus Cain. Ryan Drake works as the main character and I couldn't help but compare him to James Bond, only Drake is far more likeable. Drake cares deeply about those in his band of merry men & women but in particular he appears to care most about Samantha McKnight. I won't say too much about their relationship, as that would spoil part of the plot. Drake backs his team to the hilt and if needed he would go into battle for each and every one of them. Each of Drake's team has their own speciality, which proves to be invaluable as the story moves on and for the most part they work well as part of a team, although certain members are suspicious of Anya for reasons that do become clearer.

This book can be read as a standalone but to be honest I think that it would be better to read the series in order as that will help you to understand certain references to past events in 'Ghost Target'.

I think this book is really well written. The story moves along at a fast pace and you can't help but become wrapped up in the story. I was gripped from the first word on the first page and I wasn't released from the book's hypnotic grip until the very last word on the very last page. The story is set in 2010 but some chapters flashback to 1985 for reasons which become clear and which help to clarify the bigger picture. The plot was straightforward and unlike some spy type books, 'Ghost Target' did not confuse me

In short I really did enjoy this book and I would definitely recommend it to others. This is the first book I have read by Will Jordan but it certainly won't be the last. In fact, I have a couple on my bookshelf, which I am going to dig out and read as soon as I can. This series would form the perfect basis for a television series and/ or a blockbuster film. I would give this book 4*.

Jacq says

In my opinion it is one of the best of the Ryan Drake series. Suspense-packed, plot twists made it hard for me to put the book away.

Lori says

I'm reading this at the same time as "Rainbow 6" and honestly I prefer this. I love fast paced action.

Very intrigued by Anya and the love triangle that's happening.

Would recommend.

Dan Walker says

Wow! Not many books have the ability to shock me, but the ending of Ghost Target definitely did. The author is really ramping up the tension now as the series seems to be building to its climax, the stakes are getting raised for everyone as both sides battle for survival. The plot is as always fast paced and action packed and raises a lot of questions about how the war on terror is fought, but its the characters that really impress me about these books. Every one of them is complex, layered and has an interesting backstory that defines how they act now. Nobody is quite what they seem, even the bad guys who I'm starting to suspect aren't as bad as they first appeared.

The ending is a cliffhanger that sets up the sequel I hope is coming soon. Hurry up with book 7!

Sean Peters says

Thanks Net Galley, and the author , and of course the publisher.

A dark, desperate and twisted battle for survival – Absolutely brilliant.

Thanks for auto-approving me to all your books, especially with a BRILLIANT BOOK like this from Will Jordan.

From Marseille to Islamabad at breakneck pace... it's kill or be killed for Ryan Drake and his team

Ryan Drake, once a decorated field operative, is now wanted for treason. On the run from the CIA's corrupt Deputy Director Marcus Cain, he has spent the past six months in a remote French safehouse. Drake's former life seems to be behind him, but the uneasy peace is shattered when Cain moves against him with startling force.

Meanwhile, the war in Afghanistan is faltering in the wake of a devastating suicide attack. Cain though has a plan to find and destroy al-Qaeda's top commanders. And nobody will stand in his way.

Backed into a corner, Drake turns to the deadly but unpredictable Anya – once Cain's most promising agent, now his most bitter enemy. With tensions running high and their uneasy alliance threatening to tear itself apart, Drake's hastily assembled team travels to Pakistan to intercept Cain.

With the fate of the War on Terror hanging in the balance, loyalties are tested and scores settled, as Drake embarks on the fight of his life. Only one side will survive...

This story is full of intrigue, double crossing, treason, fighting and a occasional dash of romance, terrific pace to this book, In fact this book really did remind me of many action books I have read from James Bond to Jason Bourne, only 'Ghost Target' is better.

Tremendous strong leading characters, and the return of another great character from previous a book, compelling, thrilling, enormously entertaining, action packed thriller.

From the bestselling author of Black List and Deception Game, Ghost Target is the sixth Ryan Drake thriller, and an incredible tale of deception, desperation, and ultimate betrayal.

All I can say is "I cannot wait for number seven !!

Five stars as this author matches my favourites of Tom Wood, David Baldacci, Mark Dawson, Mark Greaney.

Well I will be catching up on my sleep now, after quite a few late, late nights.

Phil James says

Although I have enjoyed the series and am a massive fan of the genre, I can't help but feel that this novel was one too far... although it was probably one of his best, how long can an author prolong a storyline, trotting out the same premise of a seemingly omniscient bad guy who consistently foils the attempts of those trying so hard to bring him to justice? A hero, who we are supposed believe is a hard and tactical individual, comes across as not all that bright, constantly making the wrong decisions. Placing his own life and those of his team mates in constant jeopardy, for a female anti hero who though admittedly is one of the most badass female leads I've ever come across, is quite frankly also equally unlikeable and generates not an ounce of empathy or support. If this was one too far, I hope the next can finally bring some sort of much needed conclusion.

William Wilson says

Another great book, this time Drake had some tough choices to make which added to the fun and intensity of the plot. You can tell Will Jordan probably had a lot of fun writing this as new characters jump into the fray continuously attempting to ruin Drake's plans and keeping the old Shepard team on their feet. Fantastic book by a fantastic author.

MeganTheNinja says

Very action packed, filled with interesting plot twists and great character dynamics. Highly recommend!

Jim Morton says

4.5 stars.....very well written and blazing action. Loved it.
