Callie Harper

Unwrapped Callie Harper

Jack and Hannah have their hands full planning a giant NYC holiday charity party with rock stars to wrangle and celebrities to dress. Hannah's completely sworn off men. Jack has enough going on without a ball-busting, tattooed siren rocking his world.

They need to keep their hands off each other. But the holidays have a funny way of getting a whole lot of crazy. There's what you plan, and then there's what happens. And some presents are too damn good not to unwrap...

Note: Unwrapped is a standalone novella with some crossover characters from the Beg For It stories.

Richelle Robinson says

As I stated before I'm a sucker for Christmas stories and this novella did not disappoint me at all. I loved Jack and Hannah as a couple. Hannah was sassy and didn't bend over backwards to please Jack because he's a famous drummer. It was nice to see a heroine who wasn't looking for love and the happily ever after. She was career focused and had goals she wanted to accomplish. Jack isn't your typical rock star drummer. Granted he has had his slew of women but there is another side to him and it was nice to see that side. I liked the banter of these two and I found myself cracking up several times. The sex scenes were scorching hot!! Whenever I hear "All I Want For Christmas" by Mariah Carey I will think of Jack. Sighs. I loved that this story took place in NYC. There's no better place to be then here during Christmas time. This book will surely put you in the Christmas spirit and having you looking for your own holiday romance.

Danielle from Short and Sassy says

4 stars

Callie Harper is quickly becoming one of my favorite authors. There is something about her books I love. They are cute, but not too cute and make me feel giddy.

Jack and Hannah hit it off from the second they meet. Well, in a weird but comical way. Hannah knows all about Jack and his bad boy rick star ways. She works with famous people all the time, dressing them for events, so she knows his type.

Jack is a drummer for one of the most famous bands in the world. Being in the band has it's perks, including lots of women, but Jack sees something in Hannah he really likes. She is different from the groupies he is usually with. Her sassy attitude and snark comments keep him on his toes. Their chemistry is electric and they seem to have the best time being together.

Since this was a novella, it was a very quick but fun read for me. I loved it and can't wait to read more from Callie !!

Stacey says

Seriously! There is so much sizzle packed into this Christmas Novella. 'Tis the season for romance and some dirty, hot n' steamy sex!

Hannah is in town helping out her BFF, Caroline, by designing and outfitting the some of the elite guests that will be attending the Annual Kavanaugh Christmas party. When Johnny Knox walks through the door, all she wants to do is undress him. Hannah is normally the "one and done" kind of gal, but Johnny (Jack) tries

his hardest to change her mind. This Rock n' Roll icon will stop at nothing to convince her to give them a shot.

These two are so hot, you will have no problems keeping your toes, or anything else for that matter, warm! Their chemistry will warm you through and through.

It is no secret that Callie Harper is one of my favourite authors, and she just keeps raising the bar! I would totally recommend this hot n' steamy Christmas Novella to warm you up on these cold December nights.

I loved this holiday inspired quickie!!!

Melissa says

ARC provided by publisher

Unwrapped is a holiday novella from Callie Harper and is part of her Beg For It series but can absolutely be read as a standalone. I enjoyed this sassy read and liked its holiday touches.

Unwrapped gives us the story of Hannah and Jack-aka Johnny Knox, the drummer from a popular band. Hannah is a fashion designer and has taken on the task of dressing some celebrities for a charity event where the band is performing. When Jack walks in to be fitted there is absolute instant attraction between them. The question becomes whether or not Jack has what it takes to break Hannah's rule of one and done.

I liked these characters. I liked that Hannah was smart and sassy. Jack was hot and sexy and definitely had good rhythm-both behind the drums and with Hannah. The supporting characters here helped tell the story of Hannah and Jack; they didn't get in the way with their own stories which I appreciated. The holiday aspect of this novella made it a little more fun to read during the holiday season.

If you're looking for a sassy novella with a holiday feel to it I would recommend this book. It certainly had steam and heart to it in just the right balance.

5 stars

Loved it! I have to say that I loved both Jack and Hannah and thoroughly enjoyed their story. This is the first story I've read by this author and I am planning to try more of her work in the future.

FYI, on my Kindle, this story ended at the 58% mark.

Hannah is a clothing designer that lives in Oregon. She's curvy with a strong personality and doesn't let anyone push her around, especially men. Hannah is concentrating on her career right now and has a "one-and-done" rule when it comes to men.

Jack Miller is the real name of Johnny Knox, the drummer for a huge rock band named Blacklist. Blacklist became popular when Jack was 18 and has continued to be big over the past 12 years. Jack got into the perks of fame (women and such) for a few years but has become bored with it in recent years.

So Hannah is BFFs with the wife of one of the rich guys putting on this charity function (for Foster kids) and

she asked Hannah to be the designer for all the a-list celebrities coming to the event. Jack and his band have been asked to play at the event and participate in some other promotional stuff. Jack and Hannah meet when he shows up for a fitting. There's a strong attraction between them and Jack is all about acting on it but Hannah figures that someone that's been a rock star for 12 years must be a jerk and pushes him away. Jack's determined though and lets her know he'll be pursuing her.

It seems that fate is being kind though because that evening, they find that they were both given the keys to the same apartment to use during the event. This gives Jack a chance to woo Hannah and he makes good use of it. There is an issue with Hannah's one-and-done rule but thankfully, she doesn't use that as an unreasonable shield for long and she and Jack are able to explore things between them. The story takes place over the space of a week and Hannah and Jack take that time to enjoy each other...which quickly turns into something more serious (it is a bit of an insta-love story). There's a little drama when someone tries to cause trouble between Hannah and Jack but it didn't last long and the way Jack won Hannah back was priceless! In the end, Jack and Hannah are happy and heading towards a very Merry Christmas (and HEA) together.

I just loved this story. TBH, I didn't think I was going to like this story as much as I did but I was very pleasantly surprised. Hannah was a strong woman that didn't let her strength interfere with happiness and I liked her a lot. Jack was such a sweetie and I just loved him (he got added to my book-boyfriend list). Overall, the characters and story were great, sucking me in and completely engaging me in the story. I'd definitely recommend this Christmas romance. :D

Tiffany Readz says

Short, Sexy and Sweet!

Now if there ever needed to be a full novel about a couple, this is it! What a tease Callie Harper was with this quick story about Jack and Hanna. In just the few pages they had, I absolutely loved them.

Like the rest of the Beg For It boys, Jack had his dominate side, but I could tolerate it, as well as the insta-love. Not one of my favorite things, however this couple pulled it off beautifully. They met each other at the right place and the right time in thier lives.

As the drummer for Blacklist, Jack has had his fair share of women, lots of groupies, but at thirty he's finally looking for something more. Hanna seemed to fit that bill. She looks totally rock and roll, but deep down is a romantic at heart. They were the perfect fit, even with a little bit of his past leaking in to give us some angst along the way.

Well written from dual points of view, Unwrapped is a sweet, steamy read and actually left me wanting to know more of what happens with Jack and Hannah. It was a treat that the story centers around the Kavanaugh family Christmas party, so we also catch up with a few of them real quick too.

Review of Unwrapped by Callie Harper

Review done for Hooked on Books & CherryOBlossoms Promotions

5 out of 5 stars

This is my first book I have read by this author and now I am hooked! I loved this sexy novella. I will definitely be reading her other books.

Jack is a super hot, drummer who is also an awesome guy. When he meets the beautiful Hannah, he is stunned by how attracted he is to her. She isn't the usual type of groupie he usually entertains. She is curvy, smart, and has a mind of her own.

Hannah has been given the opportunity of a lifetime to design dresses for her best friend's husband's Christmas charity party. She certainly isn't expecting to get all hot and bothered over a rock star. But that is what happens when Jack comes strolling in for his suit fitting.

Hannah only does one nightstands but Jack is relentless and won't take no for answer. He won't let her go once he has had a night with her.

This book was sweet, sexy, and scorching hot. Hannah and Jack were perfect!

I definitely recommend this book to read.

Lora Borzelleca says

Cute short read. I liked both main characters, they had gumption. I liked Hannah...spirited, sexy and just plain awesome. Jack was adorable and when he had his eye on the prize, that was all he strove for. He wanted his woman and he was gonna get her. Lol...anyway...very cute read.

Mari says

4 All I want for Christmas Stars

A drummer, a fashion designer and a week in New York during Christmas what do you get? One steamy and sassy holiday novella with cameos from other characters from the Beg for It series.

Johnny Knox rockstar drummer meets Hannah Hunt up and coming designer and dress maker he is knocked out by the curvy beauty. Hannah is not afraid her brassy self but that what he likes the most. What do they indulge in themselves and the all the holiday festivities the city has to offer. The chemistry was sizzling between these wo the attraction was intense. During the week they have it seems like there could be more if our Hannah would be more open to this famous broody rocker.

A short novella but packs everything into one delightful story, filled with holiday romance, fab characters and funny moments. More Jack and Hannah would be great! I enjoy Callie Harper's writing style and story telling. Can't see what's next.

Amy says

Unwrapped
Callie Harper
4 stars

This is a novella with the characters from the Beg For It series in it.

Hannah is Carolines best friend and with that friendship comes perks –but this girl has no room or time for relationships. Get it and move on is usually what she does. Being in Manhattan for the Kavanaugh family fundraiser she has been tasked with fitting people. Hopefully the exposure will send her designs into red carpet must haves.

Johnny Knox is seriously taken with the woman kneeling before him. Making his best attempt to try and get to know her better, Hannah shoots him down with various stints of banter that are pretty funny. Being the drummer for The Blacklist does have its perks and this woman telling him no is a new thing for him. Sassy and all the right stuff in all the right places – oh heck yes. Determined to find her again, he heads out to his friend Ash’s apartment plotting his next move on the hot designer.

No more because this is short and sweet. But the timing of a certain guy and a certain girl ends up being hilarious. I don’t really have much background on these characters but I did like the story and enjoyed the back and forth between the two.

In order to see what does or does not transpire between Hannah and Jack you need to click it up. –Take a peak at the cover – that’s a pretty good hint.

Thank you for the ARC Callie! I enjoyed this read and loved the characters.

Review to post to Ramblings from Beneath The Sheets.

Melissa Mendoza says

“I turned to take her into my arms. ‘Because I can’t get enough of you, Hannah. Can’t you tell? You’re not a type. There’s only one of you. You’re unique.’”

Heat Rating:

5 Unwrapped stars!!! Another sexy story from the brilliant Callie!!!

This was a perfect holiday novella! And it was just as you expect from Callie! It's got her fabulous characters and even hotter chemistry!!! Hannah and Jack... OMG these two are sexy and so perfect for each other! I've read each book in this series, and I swear everyone I read... it's my favorite, but I know for sure... this one is my favorite!!! It's beyond words.... Callie has knocked it out of the park again!

Alex ? says

I liked this book a lot! And I LOVED the heroine!!!

My favorite Christmas book of 2016!

Do come, point a finger at me and call me a feministic ~~pervy~~ b*tch! C'mon! ;-)

Yeah, I love **my** heroines strong and sassy, sometimes badass but human; and I have **no** problem with my heroines being no virgins and not related to Mother Teresa!

My girl Hannah here was one-and-done kind of girl; not a slut, but not a nun either.

I preferred to have men eat me out like I was on a platter and then walk away the next day with my heart well in tact, thank you very much.

When something seems too good to be true, it usually is.

She was a strong talented hard-working young woman, she lived her work/her passion and wasn't looking for the relationship.

The hero/Jack – sexy drummer of a popular rock band – wasn't a shy pubescent altar-boy, but also not an over-the-top-playboy. He slept around, mostly in his young years, but he wasn't a disgusting manwhore. I loved how he chased and wooed the heroine. He was instantly smitten and drooled over her till the end.

And I loved it! *wink*

Hot sex! (view spoiler)

Safety note: (view spoiler)

I liked how the heroine took the situation with H's ex-gf drama. No crying, no swearing, cool as a cucumber – she was sad of course, but played it well.

I liked how the hero hurt and how he tried to win her back.

I loved their interaction with foster kids – I loved their kindness and humanity.

“Mom tattoos” almost made me cry.

I enjoyed their dialogs without unnecessary drama and cheesyness.

I respected the heroine because she didn't run away but gave him a second chance (yeah, girls, little ol' me – *not-a-second-chance-gal* – believed in their insta-love and was ready to forgive him!)

“Because I can't get enough of you, Hannah. Can't you tell? You're not a type. There's only one of you. You're unique.”

And I freaking loved Jack's performance at the end!

I just want you for my own

**More than you could ever know
Make my wish come true
Baby all I want for Christmas is you**

Cheers!!!

(view spoiler)

Eve Recinella (Between The Bookends) says

Hannah is in NYC for the holidays to help her friend Caroline with a charity party. When World famous drummer Johnny Knox walks into her shop to get measured for a tux the sparks are flying all over.

Hannah doesn't have time for more than a "one and done" and she certainly doesn't have time for some conceited rockstar player. But when a mix-up leads to them sharing an apartment for the week those sparks may very well turn into a four-alarm fire...

This was a sweet and well written little holiday novella. Rockstar books usually are not my thing. Too much groupie and OW drama, and while this did have some of that, Jack came across as a pretty decent guy. He was NO saint, but since he became famous at 18 and was now 30, some extracurricular activities were to be expected. Luckily he wasn't paired with a blushing virgin. Hannah was a strong heroine, that had her fair share and ONS. In fact, that is what she usually preferred.

As I said, this was fairly short and basically insta-love, but packed a decent amount of plot into those few pages. You also get a *little* glimpse of some other couples that are from previous books. I will add that I wished this had an epilogue or SOMETHING. We are kind of left with an HFN scenario that seemed a little abrupt to me. Not much else to say, just a really enjoyable way to spend a couple hours. Two thumbs up from yours truly.

2OCC Reviews says

Unwrapped was a hot Christmas read that definitely put me into the holiday spirit. Callie Harper knows how to write a book that is full of steamy and romantic moments that make you wish that you were part of the story.

Jack Miller or also known as Jonny Knox is the drummer for the band Blacklist. He is completely different from what I was expecting because he was a sweet guy that had a very sexy side to him.

Hannah has been given the chance of a lifetime when she is given the opportunity to design the outfits for own of New Yorks most famous Christmas parties. Hannah is a very talented fashioning designer and I love the way that she describes the reasons why she wants to design clothes. Hannah was such a fun character that I really enjoyed.

Unwrapped is about fashion designer Hannah is designing clothes for the stars that are going to be making an appearance at a Charity Christmas party. One of these clients is the sexy Jonny Knox of the popular band Blacklist.

Overall, I really enjoyed this story and especially the way that it revolved around the Christmas holidays. The two characters were perfect for each other and there was many steamy moments between the two characters. Tis was such a fun, sexy and romantic read that I would definitely recommend to others.

Jacque says

I NEED to Unwrap me a Jack for Christmas!!!

Callie Harper has done it....once again!! I couldn't wait to read this most recent addition to the Beg For It series, and I was definitely NOT disappointed! Jack and Hannah are right up there with my faves Declan and Kara & Colt and Caroline (who happens to be Hannah's bestie from Redwood Bay!)

Jack (aka Johnny Knox of The Blacklist band, headed by another fave Ash Black!) Miller is the drummer for the band...he's also one of the hottest, deep-down Alpha's of all the men in this series!! "You're mine, Hannah...we're not one and done. You're mine" Hannah Hunt, fashion designer extraordinaire, has a "one and done" policy when it comes to men...except the fates have a little surprise in store for her, throwing Jack in her path, and changing BOTH their lives, for good!

I adored Hannah! She's quirky, fun, flirty, sassy, sexy, curvy and has a kick-ass, take-no-prisoners personality! I want to be JUST like her when I grow up! Or, at the very least, I want to be her BFF!

I love this series so much and I can't recommend it highly enough!! Callie Harper ROCKS!!!
