Bear-ly Pregnant M.L. Briers , A.B. Lee

One drunken night that Declan didn't even remember, and all hell had broken loose.

Declan didn't do well around people. He'd gone into town for supplies and his once a week trip to Maisie's bar for a good meal and some booze and had woken up the next morning in a tourist cabin, alone, and with a scent in the air that woke his brain up real fast. He knew one thing for sure... he needed to find her.

Out of the frying pan and into the fire, Lucy had been an idiot, and then an even bigger one by going off with her shifter guide into the middle of nowhere alone. Her troubles were only just beginning when a revelation sets into motion something that will put Declan under a death sentence.

A growly bear shifter, a feisty human mate, a sarcastic vampire, and danger at every turn, but can they find their happily ever after?

Adorable

Wasn't expecting an action packed and totally mesmerizing story. Shifters are totally hot and there was plenty but there was one character that just got me, lots of giggles, hope that one is in more!

Jenny Prose says

Bear, wolf, vampires oh my

This was a short cute read. You have cranky bear shifter who accidentally marks his mate in a drunken one night stand that leads to a whole bunch of trouble. The story would have been better though if it had less errors. It's in desperate need of a good editor/proofreader. Tons of grammatical and punctuation errors that distract from the story.

Bear Romance

A very cute romance for anyone who loves a HEA. You have to suspend your belief a little in the beginning, but it's well worth it in the end. It's well written and keeps your attention.

Veronica Bates says

Not bad!

This was great! Short story so not really deep. But oddly my favorite character? Malachi! I fell in love with him. What a wicked sense of humor. I really hope he gets his own story. He needs a sassy gal.

Sarena Edwards says

Silly and sweet

A quick easy read that is a little different from the usual fated mates stories. I liked the blend of different species (?) and Declan and Lucy were good though for me Malachi stole the show. Nice amount of heat and tension. It could do with a bit of editing - there's a few typos, missing words and it's a little repetition. All in all a sweet, easy, fun read.

Esther Crummey says

Loved the story

I loved this book it has an accidentally mated bear to a school teacher while drunk with he consent , lots of back and forth trying to save him from getting killed for doing it but in the end they found a way

Sharyn Jenkins says

Bearly Hilarious

So enjoyed this book. What is passion without a bit of laughter? The ending of this book was unexpected but very delightful.This is so much better than a slam bam thank you maam. Would like seeing more like this.??

Lucinda says

Kinda funny

All together it wasn't a bad story. The characters were a bit flat as all this is a takeout of their lives. My favorite character is the vampire Malachi. I'd love to read his story.

Pamela daSilva says

Happy to read this book !

Very well written. Enjoyed the characters ! Loved how the book leT's believe that the main character was going to Not going to tell you what happens in this book you got to read it ! M.L. Briefs is a good author ! Have fun reading this book!

Toni ~married to a hunk~ says

It jumped viewpoints too much for me with no indication who was talking. Story line was a little rough to really follow. It was hard to tell how many days this story was over since I'm guessing a few but not sure.

Jennifer Smith says

Great

This one had Action from page 5 til the HEA.. Wonderful loveable(well some of em), characters. Vivid details of the Mountains. These authors will def be on my to read list. Lucy and Declan awesome couple n the Vamp is hilarious!!!! Don't forget Maise!!!!

Joyce Grubb says

I could not put it down

Loved the story about a drunken bear that finds his mate when he is to drunk to know it. Also his human mate does not know why the bear but her in the sgoulder. And leaves in the morning before he wakes up. A greAt funny story.

Bear-ly pregnant is book four in the bear-ly series. This book is short, fast paced and enjoyable. I read this book in one sitting and wasn't once bored. I liked Declan. I liked his moodiness and how gruff he was. I liked Lucy. I liked that although she said she didn't want Declan, she truly did. I loved that even when she was annoyed with Declan, she wasn't going to let him be murdered. She tried her hardest to get the elders to change their mind. Although I didn't see lots of chemistry between Declan and Lucy, I saw enough to satisfy me. I liked that Malachi tried to help the situation. He didn't want his best friend to be killed either. My heart ached for Declan. He knew what was going to happen and accepted it.

I really liked the ending to this book it was sweet and heart-warming. The epilogue is also hilarious.

I have said it before and I will say it again. One of the things I love about this series is that each bear has a hilarious vampire best friend.

The storyline for this book is easy to follow and a nice read. I cannot wait to read more books from this series.

Cheesecake says

Declan the whobegone bear and Lucy the feisty nerd.

I liked this but wasn't wow-ed by it. Declan and Lucy share a bottle of scotch and end up in bed... and then some. During the night he claims her without asking her first, which is a big no-no in the local shifter laws. She leaves for a scheduled guided hike and he wakes up knowing something happened.

It's snarky humour and likable but not particularly bright MCs. Thank goodness for Declan's vampire friend who has his back, cause Declan's too busy studying his naval, to do what needs to be done.

I liked that he was essentially a big grumpy bear. But he didn't have a lot of gumption. Lucy had too much gumption.

But it's short and there's a nice epilogue that made me laugh.

Maria Rodriguez says

Action, comedy and drama

Deccan the grumpy bear

Lucy has the nerdy look (librarian look)

Well out for a drink no food in the stomach

Both drunk slept together and mated by mistake

Rule of shifter must woo and asked first. Per the elders not done death to the shifter

Will couldn't let go finished the story but had to stop and whip my eyes.

Had me laughing, excited and crying
