Lexie (Triple X Book 1) Kimberly Dean

Desire is a double-edged dance.

Lexie Underhill works her tail off in hopes of winning her adoptive father's approval. It's never enough. The stinging proof? He's brought in a reorganization expert. As if the prospect of losing her job in the family business isn't enough, Cameron Rowe's sexy, intimidating presence makes her palms sweat.

When Lexie's face appears on a scandalous freeway billboard, her protestations of innocence go unheard. With orders to save the family name—or else—she marches into the bar the billboard was advertising and comes face-to-face with an identical twin sister. Roxie is wild and free, everything Lexie isn't. Before the night is out, she welcomes the chance to explore her own sensuality.

As she dances wantonly on the bar, suddenly Cam is there, kissing her as if he has the right. The sizzle between them breaks out in four-alarm desire, but Lexie has recalibrated her life plan. And the equation doesn't factor in Cam—until she's sure where his loyalties lie. With her...or her father's company.

From Reader Review Lexie (Triple X Book 1) for online ebook

Chris says

Holy communication, Batman!

They actually communicated instead of jumping to conclusions and fighting and blah blah stereotypical romance novel obstacle.

I love that the issues the hero and heroine have to face are not just the same old 'I don't want a relationship because---'

The hurdles Lexi manages are great for her character growth. Totally worth the read.

Katrice Lyness says

Triplets

How interesting is that growing up in a rich family adopted only to find out you are one of three and not only do you meet your sister u leave the family

Rosa Caraballo says

Love this book

This book is amazing, the animosity between the characters, and then the attraction... Love it all,I can't wait to read the other sisters stories..???

Marsha says

I've been searching for new reading material since so many of my favorite series are ending and I stumbled across the summary for "Lexie." I decided to give the book a chance and I'm glad that I did.

The oldest of five children and the only adopted one, Lexie works hard to keep the family business afloat. Then Cameron is hired by her father to downsize and save them from financial ruin. All seems to be going as planned until a billboard advertising a stripper bar shows Lexie's image and no one refuses to believe that it isn't her.

When She goes to the bar to get them to take down the billboard she discovers she has an identical twin, Roxie. Things are just about to get interesting especially since Cameron finds Lexie and Roxie dancing together at the bar and he wants to take a dance with her on the wild side.

This was a short but fun read about what family really is, betrayal and self discovery. The characters were good and the drama was entertaining. My only complaint is that the story was too short resulting in a lack of

depth. I can't wait to read the next installment.

Lisa Ezzell says

Two of a kind

And they never knew it until one day, Lexie's sweet innocent image has been sexed upped and broadcast on a giant billboard advertising a raunchy biker bar. She takes matters by the horns, goes to the bar to demand to learn who could have played this terrible trick on her, only to meet her previously unknown identical twin Roxie. She hasn't had the blessed life that Lexie has. There is so much more to this story, thankfully, Cam, the hated business executive hired by her father to help with the family business is there to help Lexie and give her the real protection she needs.

Charlene Rowe says

Hate cliffhangers

I loved the story..as far as it went. Why can't writers end a story? Why can't they figure out how to let a story stand on its own? If I like it , I'm going to get the next one in the series. I'm buying the next book but it cost a star or 2 for this review.
