Savy believes she is a terrible person—murder and kidnapping hardly scream innocence. But what choice did she have? She had vowed to protect her little sister at any cost. Now, after years on the run, Savy believes they have finally escaped. But when her past crashes back into her life, she must decide if they will flee yet again, or stand and fight the Monster that has haunted their steps. Only problem? Defeating her past means trusting the sexy but dangerous outlaw biker who comes with demons of his own.

Diablo—the ruthless President of Havoc Motorcycle Club—is the devil in every sense of the word. And he definitely doesn't have time for women, preferring the ease of club girls instead. That is until a curly-haired woman with haunted eyes stumbles into his life, awakening both his passion and a deep need to protect her. So when her life is threatened by a man from her past, he is quick to jump to her aid. He has no doubt he can save her, but can he win her heart in the process?

This is a contemporary romance with a dark twist. It contains sexual situations and scenes of violence. Recommended for ages 18 and over.

Speechless!

Th Havoc MC is full of strong sexy men & is led by the strongest Diablo himself. The chemistry between Diablo & Savy is off the charts. The love between them is the stuff of legends. Diablo's devotion to keeping Savy & Ena safe is swoon worthy. This entire book is breathtaking. I read a lot! I mean a crazy amount & this book is definitely one of the best I have read in a long time!

So much fun to read

Despite the tragic events marking Savys' life this book was a fun read. A strong female who stood her ground for the ones she loved. All things considered majority of female characters need to be saved but not this one. And the chemistry between her and Diablo/Caleb was hot!! Loved every word in this book!

*I received a free copy of this book which I voluntarily chose to write an honest review for.

Great start to this series. We get to meet two incredibly strong sisters with Savy being really awesome I must say. Savy meets Diablo the leader of the Havoc MC and everything changes after that. Great focus on the MC life, characters you can love, and enough drama to really keep the story moving. If you enjoy steamy MC romance novels then you should really give this one a shot. I really enjoyed it so I give it 4/5 stars.

Very good read!

Diablo and Savannah meet in the office of her boss in a strip club. She is a bartender and he is the President of Havoc. Diablo is an alpha man and knows what he wants, Savannah. Savy is a feisty woman protecting

her younger sister. There is plenty of action in and out of the sheets. I really liked Savy and her attitude. I recommend this book to everyone!

This could have been a 4 Star book! The plot, backstory, genre, even the characters were there! It needed an editor, co-writer, or hell even a friend to read through it and say fix this, this and this and you've got a high rated book and maybe a good start to a series. If your going to write In this genre learn how to write sex scenes, and put them at an appropriate point (hint: not 2/3+ into the book when it's about a badass biker). I finished it but I really almost didn't, at least 5 times I was tempted to not to.

I loved reading this story about Diablo and Savy, she goes into Donnie's office to ask for more hours which she doesn't want to for he only gives more hours to the girls that sleep with him, in the office are 2 sexy bikers and Diablo falls head over Savy and he can't wait to meet her, they have some hot and heavy sex and she has a lot of of baggage, running from her dad who is a real monster to her and wants to keep her sister safe. So much has happened to this poor girl since her mom died and she's one strong woman, so glad she has Diablo to finally help her out and her sister to have a better life! Hope to read more stories about this Havoc biker club!

So Gritty But So Good ?♥??

Uncaged by L. A. Boles was a gritty, twisted, and disturbing story about a woman's sacrifice to save her younger sister from her crazy father. This journey of both sisters was filled with the perils and eventual happiness for them. Honestly, this book was like a horrible car wreck that you can't keep from gawking at. Well written as well as well developed characters and storyline. Can't wait to read the next one. Totally recommend it ?♥??

Loved it!

I'm such a MC series fan and this one definitely didn't disappoint. I read this in 24hours considering I have adult responsibilities that get in the way of my reading lol I felt like this book needed a little more to it but not quite sure. Nonetheless, this another book worth your time.

Really good book

This is my first time with this author and it's well worth the read. It looks like it's her first book but can't be to sure because she may write under another name. Glad I took the chance. Read it on one setting. It's full of drama and alpha males ?. Did the sweetbutt get away or will she come back in the next book or did I miss something lol. Can't wait for the next book.

Very strong woman through tragedy

I absolutely love this book. Through all her sexual abuse mental abuse and emotional abuse savy stayed strong and protected her sister when savy can she takes her sister and runs to protect her. She thought she would never trust a man again but when she seen Diablo the president of havoc mc she knew her connection to him was unstoppable. Diablo wiggles his way into her heart and vowed to protect her and her sister no matter what. Diablo treats her sister like his own and he and savy fall in love . This book is amazing because it shows no matter what you've been through you are strong and will be ok in the end. It has ups and downs and so much emotion that I couldn't put it down once I started reading it. This is the first book I've read of l.a. Boles and have to say she and amazing writer I love the style and emotion she puts into her writing i highly recommend you get this book and read it can't wait til her next havoc mc book is out.

Not Worth It

If this book wasn't on KU I would have returned it for a refund. I didn't like that the story was told from three different POV's and I didn't like that what happened in the previous chapter was retold just in a different POV. Also, for me it is was unbelievable that Savy was as well adjusted as she was after what she went through as a child.
