**Fancy Curves: A BBW Romance** M.K. Moore , Melinda Grier (Editor)

Fancy Smith is what you would call fat. She knows it and she owns it. Everything in her life is right on track, except work. Working for Travers, Inc is challenging in more ways than one. Her arrogant boss makes her life a living hell on a daily basis. Too bad he is also the hottest man she has ever met, not that he'd ever go for a woman like her.

Clark Travers has been in a foul mood since Fancy started working for him. One look at her porcelain tattooed skin and her curvy as hell body, he was done, and she was his. Now to make that happen without crossing into an HR nightmare is another issue.

Fancy Curves is a safe, steamy novella with an HEA. Hold on tight, because these Clearwater Curves girls know how to make their alpha's feel really good.

Join us this summer when four curvy women fall in love at the beach. Find out what happens when alpha men go bananas for their curves and all the craziness that follows.

Suggested reading order:

Book 1: Sweet Curves by Elisa Leigh

Book 2: Fancy Curves by M.K. Moore

Book 3: Sharp Curves by C.M. Steele

Book 4: Delicious Curves by KL Fast

## **From Reader Review Fancy Curves: A BBW Romance for online ebook**

**BARBARA A BEASLEY says**

**My mom always told me love is in the eyes of the beholder. This book was very well written about fat women. The first thing about fat women is they have feeling.**

They have love in their hearts just like the thin people. A person who can love someone with all their faults whether fat or slim is a great person who knows true love. I loved the story with these characters. It was true to life

To have true love in one's lifetime is a gift from God. I would recommend this book to all my friends. It was well written and told the story like it is. This happens to women and men because people can't see love and beauty in people who are fat. This story should be given to girls and women who have low self-esteem There is a chance for everyone. This author captured the life of all obese woman and what hurtful things said to them and about them. Loved this book.

**Yesenia Gonzalez says**

Fancy Curves by M.K Moore

2nd story in the clearwater curves novella

Fancy okay I love that name. Fancy Smith has been working for her arrogant boss for some time now and shes had it with his moods but after one meal things change. Clark secretly has admired and fantasized about Fancy but he refused to give in because he thought HR would be an issue. After sharing a meal and an encounter with a bad waitress has Clark rethinking about keeping his distances. This was such a cute novella, I liked how fancy was sweet but she was bada\*\* with her tattoos.

---

**Eve Recinella (Between The Bookends) says**

I've read two books in this series, and both were god awful. Pretty much every "fat" stereotype known to man is included. Everything is described as "plump" or "thick" or "ginormous" or "juicy" Everyone makes nasty comments to the heroine about being "fat" (a waitress, an ex, some skinny person at a weight loss meeting <-- no idea what she was doing there...etc.) Both books have nasty people insulting the heroine by saying she eats "all the carbs" Like WTF?! LMAO Seriously, what in the world were these author's thinking??

### **Lauren says**

Fancy curves is book two in the Clearwater curves series. This story is short, fast paced and a nice read. I liked Fancy. I liked that she didn't care what people thought but she did also have times that she felt a little insecure because of her curves. I liked that she was attracted to her boss but at the same time disliked the way he was cold towards her.

I did see some chemistry between Fancy and Clark. But I would have liked a little more. I understood why Clark had held off from getting the woman he loved for so long but I wanted him to have ignored what his brother had said.

I really disliked Katya and what she did to Fancy but I liked that Fancy was sweet about the dangerous situation. Not once did she badmouth her. I think that was mainly for Eliza's sake. Speaking of Eliza, I liked her bond with Fancy. I really liked the epilogue/so many years later part of this story, it is super sweet. The storyline for this book is easy to follow and it is a sweet read. I cannot wait for more books from this series.

---

### **C.M. Steele says**

I loved it despite the single dad thing. I'm not a fan of kids in stories that don't belong to the couple. If I can get past that in a story it's a really good one. MK did it so I totally didn't hate him. I can't wait for more.

### **Penny says**

Malo, malo, malo

---

### **Jennifer Finn says**

This is the second book in the Clearwater Curves Novella series written by various authors, this one is by M.K. Moore. Four years ago Fancy reluctantly went to a weight loss support group meeting and ended up leaving before it started and making the three best friends of her life. She's now 24 years old and she's still a virgin because she was waiting for the right guy. She's the Personal Assistant to Clark Travers, the CEO of Travers Inc. and she has a crush on him. Clark is 30 years old, a former professional football player who is now a sports agent. Six years ago his career ended when he was tackled and his knee has never recovered. Fancy thinks Clark hates her but in reality she is all he thinks about. He's been trying to avoid a human resource nightmare but he's done staying away. What will happen when Fancy finds out Clark wants her as much as she wants him ?

---

### **Jenny says**

Sweet read with loving characters and a cute epilogue with 8 kids! wow!

---

## ?Tonya? says

### 3.5 stars

Really good addition to the Clearwater Curves series. I always have loved a boss/employee story. Add in older man/younger woman and I was happy. I do like my heroes more alpha and for them to go after their women. Hero waited a year to finally make a move because of a silly reason.

- no cheating
  - no om drama
  - ow drama - former ONS and mother of his child caused drama
  - no violence of a sexual nature
  - fantastic epilogue that was 20+ years into the future
- 

## Kelly says

Another fantastic read from M.K Moore. This is the second book in the Clearwater Curves series, and I loved it as much as the first.

Fancy and Clark are perfect together.

This is a feel good story. Short, sweet, naughty and full of Insta-goodness!

Definitely excited for the next book in the series.

4 big stars!

## Amyb1975 says

Loved this book (well duh). ?

Fancy and Clark were great MC's. Clark is an ex-pro football player. (No worries, not a current manwhore) Fancy has worked for Clark as a PA for a year. They have feelings for each other which they both keep hidden. From Fancys POV, Clark dislikes her for some reason so she tries to keep her distance. Clark keeps his feelings hidden because of a comment his brother made about Fancy being fat. I didn't like that he held back because of that. He even stated it didn't matter to him but he didn't want to put Fancy in an uncomfortable position. I wish he wouldn't have let that comment affect him like that. Turns out that the brother was a little butthurt because he asked her out & she told him no.

Clark has a 10 year old daughter, Eliza from a ONS. He's never had feelings for Elizas mother & it later comes out that she drugged him that night to get pregnant intentionally to further her career as a model. Clark finally expresses his feelings to Fancy and their chemistry is explosive. I really enjoyed reading about the relationship between Fancy and his daughter Eliza. It was so sweet.

- no cheating
- virgin h, celebrate H (he's been celebrate since before his daughter was born (hallelujah)
- no OM drama, Elizas mother (the ONS) wants Clark back to help jump-start her career again so she causes angst toward the end.
- no abuse - other than shitty comments made by OW.
- dual POV
- great supporting characters
- 2 epilogues at 1 year and 22 years...which I LOVED!!!

In closing, I'm going to leave one of my favorite parts of the book. (Fancy's inner thoughts)

---I've realized that men and women, fat and skinny all have body issues. Body shaming comes in many forms and I have strived to better myself in that aspect. I've learned that telling a skinny woman she needs to eat a cheeseburger is the same thing as telling a fat woman she needs to workout. The world would be a better place if everyone minded their own damn business. What you look like doesn't define who you are.---  
Amen to that!!! I love that this was said. I don't appreciate when someone tells me I'm too thin or I look sick. It makes me uncomfortable and embarrassed and I'm so happy some attention was brought to that aspect of body shaming. Not many people realize how those comments can affect others.  
Thank you for such a great book MK Moore!

## **Ruby Ap. says**

This is the second book in the Clearwater Curves Series, which is being co-written by four amazing authors, ELISA LEIGH, M.K. MOORE, C.M. STEELE and KL FAST :) and it keeps getting better with each story :)

Fancy is a spitfire and I loved her personality so much. She was a determined young woman who knows her own mind and give zero f\*\*ks what anyone thought of her and her tattoos. She's been working for her hot boss, Clark, for over a year and has always felt something for him but he's always been reserved towards her, only her (he's polite and talkative to everyone else). She feels like he's kind of a jerk but what she doesn't know is that he's been wanting to make her his since the moment she entered his office for her job interview but of course, being a guy, he let a comment that his little brother, Griffin, made about "fat chicks" get to him and he decided he didn't want to put Fancy through negative and simple-minded people prejudice/comments and make her feel less worthy to be next to him as his woman so he didn't claim her right away... that all changes one day real quickly though ;)

After Wyatt and Lanie's wedding, these two pretty fast get together (after Clark FINALLY decides to claim his woman) and stay together, no matter the obstacles ahead... like Clark's daughter's mother who is a bit cuckoo... can't give you any more spoilers about that so go ahead and read this, you won't regret doing so ;)

I loved that these authors are writing about women who have been body shamed and categorized as being "fat" only because they are larger in size, "too curvy" and have been made to feel that they need to lose weight and be skinny to able to fit in today's society and that these authors have written that this is definitely not the case at all, that you should feel comfortable in your own skin, you should be happy for how you are, how you look and always feel beautiful no matter what size you are... that's how I feel when I'm reading these stories in this series :)

M.K. Moore & Elisa Leigh both have done amazing jobs writing their stories for this collaboration four authors' series and how well done the girls' stories are written <3

I loved the epilogues so much! It was awesome seeing these two so happy even after so many years together and so many kids but what made it more awesome for me was seeing Lanie, Fancy, Avery, and Stella still

remaining best friends and their men were friends as well and all of their kids were too but especially one of Fancy's daughters and Lanie's oldest son finding love practically since they were babies <3 These two were soulmates from the very beginning and that kept flourishing since newborns to up to they were 15 years old. They had the same prejudice/comments towards them being a couple and they didn't fit together but they both saw the example of true love in both set of parents, Fancy & Clark and Wyatt & Lanie, that taught them to fight for one another and their love, holding on tight, never letting anything or anyone separate them. They listened and their happily ever after was gained in return :) It was beautiful to read about <3 M.K. Moore did an amazing job writing this story :)

### **lily waheed says**

8 kids epilogue ?

---

### **Bookloverme says**

Another good story of the series. I felt more connected to the first book and I didn't like something in this one but I love the epilogues.

The story is about Clark and Fancy.

She went to a weight loss support group four years ago and met her three best friends.

The present started the day after Wyatt and Lanie's wedding (book 1 H and h). She's the PA to the CEO of Travers Inc for a year now.

He's a former professional football player who's now a sports agent and her boss.

He tried to keep his distance to protect her but now it's time to have her.

It has beautiful epilogues. (view spoiler)

## Stories in Review says

Great read. I loved it. Slight ow drama in the form of the H's kid's mama, she was a one night stand. He definitely doesn't want her and doesn't cause problems with their relationship. Great story. Received ARC for an honest review.<https://youtu.be/wDWNP1oNPZA>
