Good to catch up

I thought it was pretty good. I enjoyed the drama. Keep your friends close but your enemies closer. Its a trip how people can be so jealous but won't take the time to be open and honest to go after what they really want. Good read.

#### **Beautiful story**

Wow so Alice was really good at being a wolf in sheeps clothing, and i can't believe Reggie. The fact that they are siblings and no one knew was too sneaky. i cant believe that Reggie was jealous like that. I'm glad that Tyquan gave Nevaeh a chance, i think they make a beautiful couple. This book has twist and turns, but Alice blew my mind. I never saw that coming..good book!!

?????

Loved the brothers.. I didn't see that coming with Alice. Reggie was a chump. How in the world could he be there for both brothers then become disloyal. But he got his karma in the end.

I loved this and I was praying that Vae wasn't gonna be just placed in the ride or die friend zone. Such loyalty between the real ones. Definitely a good love story with some good action.
