## **Rein in the Night** Tressie Lockwood

After Keena's fiance leaves her standing at the alter to run away with her half-sister, Keena decides she needs to get away to heal. She wants solitude in a place she's never been. From the moment she sets foot on the grounds of Luna Mountain Ranch deep in the Colorado Rockies, she is pursued by the sexiest cowboy she's ever laid eyes on. Keena thinks an affair with him will help her become a woman like her half-sister, China, one who doesn't give a damn about anyone but herself and never gets hurt. But there is something strangely different about Ryan. This ranch hand has a secret that everyone seems willing to keep from Keena. They warn her to stay away from him, but when Keena looks into Ryan's eyes, she sees the pain and loneliness she knows are reflected in her own. Denying herself the pleasure of his touch might mean the difference between saving her life and losing it forever.

## From Reader Review Rein in the Night for online ebook

### **Anya says**

This book was not what I thought it was about. So that plot twist got me completely by surprise and then I was laughing incredibly (at the unintentional comedy it caused). An extra star because it made me laugh.

---

### **Deborah says**

I really loved this story, and I didn't mind the ending. But like others have commented I feel the ending missed something. Yes it was a happy ending, but it could of been so much bigger, it ended just a little too quick.

I still loved it though :-)

---

### **Nicole says**

It was okay everything was great until the end. The ending felt incomplete

---

### **Kimchi says**

It was ok I kinda got lost at the end. I wished she would have took it further but he my opinion.

---

### **Nique Edwards says**

My favorite book by the author, I think there should be a part two

---

### **Starapple says**

Good story line with some good twists. A good little read which hits the spot.

---

### **Shay says**

2.5 stars

---

## Taye says

I also thought the book was ok. I didn't like the way the book ended, I felt like the book was missing an epilogue or something.

---

## \*Dee's Book reading time says

4.5 stars ... a lot of twists and turns and oops can't give away the story line...

---

## Hasien says

This story was great. The ending was a bit abrupt and I was into it up until that point.

---

## Darla says

**\*\*POSSIBLE SPOILERS\*\*** I got sidetracked reading this little short yesterday because I was in the mood for romance and not tears. I don't know what to say about this story too much, it wasn't bad, but it was great either, just so so. It is about Keena, who at 34 was preparing to walk down the aisle and marry her fiancé Steven, but right as the music starts to play for her to walk, Steven's mother comes from the sanctuary and hands Keena the phone. Low and behold, Steven isn't coming because he's run off with her whore of a half sister China! Broken hearted Keena ends up going to a ranch in Colorado to recoup her self esteem and immediately meets the tall sexy simmering and mysterious blue eyed Ryan. Its mutual attraction at first sight, but neither are interested in getting involved, but they end up fooling around anyway. Keena can't figure out the pull of Ryan and why it seems like his eyes go from a deep blue to almost black sometimes. Well, what made this interracial romance a little different was the fact that Ryan is a vampire. There were lots of scenes that weren't too believable to me, and at some times Keena was a total naïve pain in my ass. I found the story, I don't know, lacking in some ways, but like I said, it wasn't too bad or too good.

## Erotic Horizon says

I have been having all kinda fun reading this author recently and despite a few niggles I had fun reading this book.

The plot of **REIN IN THE NIGHT** is simply and the whole storyline doesn't get convoluted to take away from the fact that this is really about two people realising that a good thing is within their grasp and having the moxie to know when to reach out and grab it.

The story begins with Keena making a decision to visit the Luna Mountain Ranch after a bit of a heartache and a let down. All she wants is just peace and quiet and some time to find out where she goes from here and what she wants out of life.

From the moment she sets foot on the ranch she is awed by the beauty and the tranquillity but also a little

caught out by how her libido perks up at seeing one of the ranch hand. Knowing that she has no time or recently any luck in the romance department she sets about to take one day at a time and enjoy the ranch.

The man in the spotlight is Ryan, quite, keeps to himself and most importantly he is loved by the entire ranch staff. With Keena however Ryan cannot hang onto his long held standard of keeping himself away from the guest, he wants to spend more time than he normally would with guest of the ranch especially the women – but he just cannot seem to resist her.

Soon the two are getting it on and from both players point of view they were having fun and doing what they wanted to make themselves happy and scratching an itch if truth be told. The problem as there always is lie with the people that care about Ryan because he not only comes with a handle with care sign but he has a secret that just might get Keena kill if she is not careful..

**REIN IN THE NIGHT** is really such a short book that by the time I got into the character it was over and therein lie some of my niggles with the books.

But first what worked, I like this author voice – she just hits the spot for me with easy plot, if a bit stereotypical but it works for me. Her books are interracial for the most part and I do like the people that she puts together and Ryan and Keena was no different, Keena who gets on and try to be Ms independent in most things reverts to type when her confidence takes a huge hit is not the easiest person to like as she tend to blow hot and then cold but I liked her spunk.

She knew when to tackle issues head on and not beat about the bush even when it comes to the difficult decision. Ryan on the other hand keeps a low profile and doesn't make waves and more or less buries himself on the ranch.

He has a gentle touch especially with the animals and despite his hands off approach with the women who normally visit the ranch, he does have some moves on him to make a girl head spin.

Quite a mix bag made an appearance in this book and I really liked that it was not just the obligatory woman on the make that cause angst but genuine friends and people who had a strong moral code even despite the strangeness of the situation that they all find themselves in stepped up to protect their own.

I was also quite pleased that the easy plotline was not overflowing with sex scenes, there was just enough there to suite me and a few nice emotional scenes toss in for good measure.

The niggles I have surrounds the paranormal aspect of the book, I was really pulled to this book because I liked stories in ranch settings and the paranormal should be like icing on the cake. Unfortunately none of that happened here – two much of a secret was made of the whole paranormal thing even to me the reader and when the big reveal came about it was a little too late and I was just left with a story about Ryan and Keena meeting and loving.

The ending was a bit abrupt and left me wanting a wrap up of sorts rather than me assuming about where these two would go with their relationship.

Most of the main protags life is skimmed over for the most part and that wasn't a problem for me as this was such a short book, I got enough to like them – however for reader needing that in depth history you wont get it here.

**REIN IN THE NIGHT** was a nice Saturday morning read for me, it didn't have my heart racing but it definately left me in a good place.

---

**Erica says**

Great book weak ending

---

**Genney Blass says**

3.5 stars. This story was to short for me. I was finally enjoying the book when all of sudden, The End, I had to say WTF. But still a fan of the author.

---

**raeneysa says**

really nice little novel but i didn't the end they could have put more into it also to how keena and ryan turn out.
