Two Mates for a Magistrate Scarlet Hyacinth

[Ménage Amour ManLove: Erotic Alternative Paranormal Ménage a Trois Romance, M/M/M, werewolves]

For many centuries, Magistrate Wolfram Rozenstadt shouldered the burden of leadership alone, his only support his best friend, Klaus. But the pain of his people and the loss of lives strains his mind and soul until he is almost lost in his nightmares. Unexpectedly, a vision leads him to his two mates, Dietrich and Fritz, giving him hope.

Dietrich is a witch, having learned from a very young age to loathe the part of him that is a beast. But upon meeting Fritz, his control fails, and he is on the verge of becoming a monster. All the while, Fritz tries to grasp how in the world a relationship which seemed to show such promise turned into an episode of The Twilight Zone.

Wolfram comes to their aid, but an enemy is lurking in the shadows, waiting to strike. And this time, The Magistrate's power might not be enough to defeat the evil watching them.

Jess says

3 Stars.

Best of the series so far. Still editing and plotting issues but Wolfram was awesome :)

Pam says

I wrote this review once and it didn't save. If I get around to it, I'll redo it again later.

Serena Yates says

'Two Mates for a Magistrate' is the third book in the series and finally gives some answers to the bigger questions of how this world works and what exactly the role of the Magistrate is. Seeing Wolfram react as a man on top of his function added some good emotional aspects to the purely political revelations about the bigger 'conspiracy' that is being revealed a little more with each volume. I also liked the fact that the characters from the first two volumes came back and we see what happened with them over the last seven years.

Fritz is a human who falls into the spirit wolf world completely unawares. His need to prove himself and stand up for what he believes is right may get him into trouble, but it also helps his other two mates cope with what is being thrown at them.

Dietrich is an amazing man/wolf/witch. He has been alone for a very long time and is about to go feral. His strength of will and devotion to his mates, once he admits that's who they are, is wonderful to watch.

Wolfram is the most mysterious of the three. He has learned to keep himself at a distance, and even though he tries, I felt that never quite melted away. He tried, but this sort of change is not an overnight transformation - which made him all the more believable.

If you like tales of the supernatural with some dark enemies and a bit of a conspiracy thrown in, want to admire three hot men learning to deal with each other and aren't afraid of a villain who will surprise you with his identity, you will probably like this book.

Rachel Emily says

I was kinda thrown by the sudden jump forward in time in this book. Also, I admit that I didn't really feel as connected with this set of mates as I did with the previous two books, and thought things moved a bit too fast. However, overall I continue to really enjoy this series. I'm really looking forward to book 4!

Donna says

OK, I remember why I hate to read books in a series out of order... but, I did and I am not going to complain too much! ;D

Linden? Now, I have to go back and read the first two books to find out his story!

So many answers to unknown questions... should have started with Book 1...

Arzu says

3,5 stars

V says

Not for everyone, but it sure it is for me.

adrienne says

typical Scarlet Hyacinth serial romance. nothing fantastic, nothing so bad it can't be finished. what is typical Scarlet Hyacinth? imagine a shorter harlequin romance but with no t&a (see, i was going to write no surprise pregnancies, but... yeah.).

out of sheer laziness, i will be using this as my template for all serials by UNLESS motivated otherwise by markedly good/bad writing:

Scarlet Hyacinth

joyee flynn

sunny day

lynn hagen

stormy glenn

carol lynne

gabrielle evans

i'd apologize for said halfassedness, but i'm not sorry.
