Pretty Guardian Sailor Moon, Vol. 7 Naoko Takeuchi , William Flanagan (Translator)

Old friends and new enemies lurk in the mysteries surrounding Mugen Academy. The Death Busters crave the Hosts, the human energies, of Sailor Moon and her friends--and they'll prey on the girls' dreams and weaknesses to get it! Furthermore, prophetic dreams hint of "talismans" that could awaken a "Deity of Destruction." Could these things be connected to the guardians' power? And are the Sailor Senshi capable of murdering the innocent to save the entire world?

Chibi-Usa and Hotaru's friendship is so sweet and pure ? but also there is a strong undertone of ableism to how Hotaru's chronic illness and her biomechanical prostheses are portrayed :///

Kailey (BooksforMKs) says

Love conquers all! I love how the Sailor Scouts love for one another, the strength of their friendship, and the solidarity of those sisters (along with Tuxedo Mask and Chibi-Usa too) is the one thing that always defeats the monsters.

In this volume, there are some Sailor Scouts who want to do their own thing, and it takes Sailor Moon's big heart to unite the girls into a team again.

I loved finding out more about the mysterious Hotaru, and seeing how her unlikely friendship with Chibi-Usa develops and affects the story.

Sailor Moon gets a pretty cool power-up in this volume, and even Chibi-Usa realizes the extent of her magical power. The whole Sailor gang together make a fierce and determined army of goodness and light!

Gustavo says

Este tomo estuvo realmente genial, la historia es mucho más interesante que en arcos anteriores, y el dibujo ha mejorado de una forma realmente notable. Las nuevas senshis me gustan cada vez más, Chibiusa está un poco más madura y Usagi bastante menos quejosa.

Me gusta que continúe una cierta tensión y misterio sobre quienes son los verdaderos enemigos y cuál es la misión de las chicas nuevas, hace que el manga sea mucho más interesante.

AND PLUTO HAS ARRIVED! Almost all my babies back together. I like this one because of the conflict between the inner and outer senshi and the birth of Super Sailor Moon but I find this one a more of a push along to get to the end of this arc. I mean it was wonderful but since I finished the next manga today too, I remember more the other one than this one.

5/5

Ach was für ein mega Cliffhanger ?

Michelle says

I don't have much difference to say other than I loved the artwork as usual and the differences from the anime. However I do find I'm losing a bit of interest, I'm not sure if it's because I have recently watched this part in the anime which is why I've stopped watching it until I'm finished reading the manga. I look forward to finishing this arc hopefully in the next volume and then hopefully enjoying this series more as I read it.

Mizumi says

Continuing my completely unbiased (cough) five-star grading of the Sailor Moon series.

[Duuuude.

THIS SHIT'S GETTING HARDCORE.

And I'm finally *finaaaaallyyy* starting to understand where so much of this stuff comes from. Since I never really did watch all the way through the original anime at all.

Prepare now for word vomit. *clears throat*

SO THAT'S HOW HOTARU BECOMES MISTRESS 9.

HOLY FUCK SUPER SAILOR MOON.

OH MY GOD SAILOR PLUTO IS BACK. (APPARENTLY YOU CAN BE REBORN FULLY GROWN??)

HOLY SHIT FINALLY GETTING THE OUTER SENSHI TO WORK

Mike says

Como siempre, me ha encantado. Quizás le hubiera puesto un 4,5 de haber tenido la opción (maldito seas, GR), pero me ha gustado mucho. Como siempre, un tono más maduro y adulto que el del anime, aunque tengo que admitir que en esta ocasión sí que he echado cosas en falta de este último. Y es que sí, el anime tiene relleno, pero algo que hace muy bien es profundizar en los personajes, y la verdad es que aquí he echado un poco en falta la profundidad que se le da a Haruka y Michiru en el anime. Por lo demás, muy recomendable.

Seamaiden says

Thank God for the original anime. I am so happy they created that first. Sometimes I regret reading the manga even though I know it came first. The reason? Haruka. Her relationship with Michiru is barely there and Usagi and her act so lovey dovey that it's unsettling. Why are you running into Uranus arms, Usagi? You already have your prince

Laura says

Action and drama and reveals! This story means so much to me each time I consume it.

Amber Elizabeth says

Why am I not surprised?

this club has EVERYTHING: awakened sailor pluto, resonating talismans, 2 infinite labyrinths, AND a deity of destruction.
