## **Sugar And Spice And Not So Nice Janet McNulty**

Mellow Summers just wanted to go to college and get her film degree. She moved into a furnished apartment with her friend Jackie only to find that it already had a tenant: the ghost of a girl who was murdered a year earlier. Now it is up to Mellow to not only discover who the murderer is, but to prove it as well.

With the help of the ghost Rachel, Mellow sets out to solve the year old mystery. She soon finds out that she may have taken on more than she can handle. Pursued by someone who wants the identity of the killer to remain a secret, Mellow will have to use all her resources to outwit him and help the spirit of Rachel move on.

## From Reader Review Sugar And Spice And Not So Nice for online ebook

### Jennifer says

*Disclaimer: I was given this book for free by the author in exchange for an honest review. My opinion is in no way swayed by the free book.*

This book is a quick, easy read. It's an entertaining story that moves along at a quick pace--sometimes *too* quick of a pace for me. Some ideas and events were not fleshed out to their greatest potential.

The book also suffers from typos and inconsistencies that pulled me out of the story at times. The age of the main character is an odd choice, and, unfortunately, she acts much younger at least half the time. Not wanting to give away any plot spoilers, I will only mention that the characters' dull reaction to the realization of ghosts is less than believable. There was also more "tell" than "show" for me, but the book has potential to be a great story.

The book is a fun idea, and the characters are entertaining. It's not a difficult read, and it is full of action, so if you're looking for something quick, this is a good choice.

---

### Wendy says

#### Mel and buddies...

Short and sweet. Loved this story, especially the ghost Rachel and all the misfits that Mel seems to draw to her in finding out who murdered Rachel.

---

### Joseph says

Stopped reading, decline at this point.

---

### Maria Basham says

#### GIRL POWER!!!

Omgoodnes! I absolutely loved this book! It has ever from ghosts, biker, bars, crooked cops and creepy eyes professors. Everything you need for college, right?!? Lol. I jumped into this story with both feet. A ghostly good time. I really likes how the characters in this book come together as a whole. Strength and trust go a long way, and Mrs. McNulty bright all that and more. A normal girl next door turns sleuth. Sweet, funny, but tough as nails. If you don't love this book, then you have no imagination! I highly highly recommend this book and I rarely recommend anything. It's very hard for me to get so into a story, but this one to me hostage, lol. Please grab this book. You won't be disappointed!

---

**Sherry McWilliams says**

I loved the ghost Rachel. Fantastic, and entertaining story.

---

**Lisa Shelton says**

Well written book and I enjoyed the ending. I was surprised by the guilty person.

---

**Angel Graham says**

just not that great.

---

**Abbie says**

Mel was an okay character, but I did think she was stupid at times. It was good of her to help Rachel find her killer, as so many people had ignored her plea for help before, but she put herself in danger because of it so many times!

Rachel really annoyed me at the start, but she got a bit better as the story progressed.

This wasn't a bad read, but I'm glad it was only short.

Overall, An alright read.

---

**Shirley Revill says**

A short story that was a fun read.

---

**Evelyn Grabas says**

Nothing memorable, but it was a cute, short, whimsical read. Don't think I would read another of her books though.

---

**D says**

This would be a good book if you didn't want to invest any time into your reading. The characters have no depth and background story does not exist. The author is telling a story and basically that is all you get.

---

---

**Annette Aguilar says**

Wonderful book! I loved the plot, it is full of fun and high jinks! Lots of fun, excitement, ghost and dirty cops. It is a fun book!

---

**Ruthann Mccoy says**

**Sugar and Dice and Not So Nice**

This is a nice, little cozy. I really liked it, and I really liked the characters, especially the ghost, and Tiny. I hope Rachel has come back in succeeding books. If you like cozies that a fast read, this is it

---

**Melanie says**

This was a fun story and quick read, but a bit unbelievable at times. Overall, it was okay.

\*contains some swearing

---

**joni marley says**

**A Awesome book!!**

Love the story line, I laughed and then got sad when Mel encountered the killer, just a great book, am going to download more of the series. I hope the rest is as good as the first book.

Thanks
