The Circle: Rain's Story Treasure Blue

Meet Rain, the eldest and most dangerous of Baltimore's most feared crime family.... The Porters. Honing their robbery skills since their youth, were introduced to the intricate world of armed bank robbery, diamond heist and murder by their mentor and confidant Smtty, to perfection. Fearless and daring, the Porter family pulled off dozens of licks, reaping them millions over the years. But, on the eve of their retirement, ready to leave the dirty life behind them, the unthinkable happens, changing Rain and her once close knit family forever, as every federal agency submerge and arrest all her siblings. Alone, Rain wages an all out war against the City of Baltimore in order to free her family, but a sudden turn of events will soon make her suicide-like mission to free them even harder than she ever imagined

From Reader Review The Circle: Rain's Story for online ebook

Sandra (Book Loves) Atueyi says

I enjoyed reading The Circle: Rain's Story by Treasure E. Blue. Treasure E. Blue did a good job. This book is a really good read. I like the concept and vibe in this story.

This book is about Rain's Story. Finally, I get know who is Rain Porter. Rain Porter is a smart and intelligent woman. She's a ambitious and independent. She's over-protection to her brother and sisters. I felt bad what's happen to her mother. I'm happy that Rain reconnects to her father.

I give the five stars to this book and author. I'm looking forward to read The Circle: Autumn's Story.

Nice read/good job!

Sandra

Cherise Fisher says

Good read, awesome series!!!

Trixie says

Blue

I was introduced by a friend of mine I only want to say I enjoy reading your books this was great the way you did the series with the other two authors you all represented I will continue to read your books I will also be as critical and as rewarding as possible thank you thank you for sharing Rain's story Denise

Angelique says

Adulting

The Circle: Rain's Story by Treasure E. Blue is one of five books in The Circle series. The Porter children had to grow up quickly after the death of their parents. Rain Porter eldest child and big sister makes it her responsibility to teach them all to survive the mean streets of Baltimore. Her twin brother Dayvid is there to offer the support she needs to keep younger sisters Fallon and Autumn in line. They are schooled by the knowledge Rain gathers from her go to textbooks and the observations she makes regarding street life. No one is safe if you cross a Porter. Family is the only thing that matters. Rain is willing to make the ultimate sacrifice to deliver her family safely to the life they have been working toward.

Francesca Reid says

I will start this review by saying the character development for Rain Porter was great. It was evident that the author took his time to flesh out Rain as a person. He studied and included strategies to develop and explain her way of thinking which to me, says a lot about him as an author.

Where he took the story had me floored. I almost wanted to clap once I finished because it was just that good. The events that took place were far from expected in a good way. I've read the authors work many years ago when he first started out but I will be going back to revisit that along with the rest as he has definitely proved himself to be someone who thinks outside of the box, with an exceptional imagination, that gives the reader a fully developed story. I am highly anticipating the next installment of The Circle.

BEAUTIFUL MEEKA says

Bravo!!! AMAZING!!!!

The OWL Team couldn't have picked a better author to write Rain's story. Rain is very smart and intelligent and is doesn't play. You cross her or any other PORTER. Just be read to get your ass handed to you. Rain made sure family was taken care of and when stuff fell apart she made it her business to handle the situation. The ending was awesome and I sure hope "Grandpa Banks" handles his business. To review The Circle Series I would me give so many spoiler that it is unfair to the next reader. But I can say is if you slipping on this series you are missing out on the most action pack series of all time. Each character is developed so well that you are in each page you are the character. Rain is going to follow her passion.... #one-click to figure out what that is you won't be disappointed.

Tynika says

An interesting ending!!

Once again this series has completely surprised me at the direction it went in but I must say that I love it!! I can wait to read the next part of the story, I'm hoping for a happy ending!!

Mary says

I was not a fan of this book at all. It was extremely slow. I'm not sure if it was because it was focused so much on the past rather than the future, but something just was not grabbing my attention with this story. There were also more errors in this book than I would expect to see from a veteran author.

Denise Gilliam says

In the beginning I really wasn't feeling this story because it was going backwards to me. Then something told

me to keep reading because I know Treasure Blue is a best with the pen. and sure enough he blew this damn book out the water. I swear he did the damn thing with this book. The way Rain was trying to save her people's it's crazy. I never expected the ending at all. That was pure genius the way you end this book. 5 star banger for real.

LaSandra Jones says

The ending was outstanding

Angel Hicks says

trillest porter

Let me start by saying rain is my favorite porter by far the trillest . I loved how treasure blue made the story his own and pulled you in . In true treasure form he makes you think you have figured it out then he trick you and take you on a ride . Love how he incorporated quotes that you can carry into your life your not just reading your learning too . She was so loyal to her family and was ready to give her life for them . I was shocked about smitty you just can't trust anybody . I thought miss Jackson was decitful but she stuck to her word about being the Godmom their mother appointed her as . Their father came threw

Raven Ivanov says

Good story

Having read the other books I enjoyed Rains story. However there are several typos throughout the book that were a bit irritating.

Mary M. McClendon says

WzOW

Still trying to digest it all. It was action packed until the end. The ending was so unbelievably dramatized! How could a women of Raine's character just fall into the arms of a white powerful man and call him "daddy"? She was too cautious for that! Non-the-less, I will continue to read the series.
No Sweat

Tisa M says

Awesome ??

Page turner, full of action, I couldn't put it down, twist and turns all through the book, the Porter's are not to be played with
