## **My Lady Love** Bridgitte Lesley

The dreaded B&B turned out to be far superior than expected! Mrs. Jeeves was hot, hot, hot!

Not your typical widow, Mrs. Jeeves had an enterprising B&B which was a little hub of happiness. Life is meant to live. She made sure she lived it!

Peter's life was centered around work. It had been a long time since he had been home to see the family. The timing for his visit was right.

Claire couldn't wait for Peter to visit. She had to twist his arm to stay at the B&B. She could sense he wasn't really keen on the trip. Her father was suddenly a changed man soon after his arrival at the B&B. Claire was impressed.

Distance was a very big factor for Peter and Mrs. Jeeves. Following his first visit they became friends. They grew closer as they communicated. Peter had to make a decision though. He had fallen head over heels in love. Visits were no longer enough. He had to make things permanent.

When he stepped out of the car on his last visit the decision was made!

What a fab read!

I started reading this book and could not stop! I didn't want to put it down. The fun and games had me laughing my head off. It is so good to read about happy people. People enjoying their life. Making the most of every single day. The characters in this book are so natural and genuine. The more you read, the more it feels as if you really know them. There are a few sections where my heart was in my throat. Bridgitte Lesley has the nack of creating a sudden emotional and fast paced section and slowing it down again. This book is very well written and is packed with all sorts! A pleasure to read. I would recommend this one for sure!

I couldn't put this book down! Mrs. Jeeves' character is so full of fun. She isn't typical at all. The write-up of the novel is what drew me. It made me wonder. When you mention the word widow you immediately think of a woman who is a little older. As for Peter, well I had the same thoughts. I would prefer a hotel. But after reading this I am glad he chose the B&B! This novel is full of fun. Lots of laughter. Oh there are moments when you take a deep breath and wonder what is going to happen. But things right themselves and the happiness is back. I can definitely recommend this book. I thoroughly enjoyed it from the very first page to the last! Such a feel good read right through!

#### **I did not "roar with laughter"**

Most poorly written book I have ever read. No imagination. Everyone roared with laughter or chuckled on every page. Seriously, several characters in the same paragraph many times. Short choppy sentences and dialog was not properly labeled and punctuated!

### **Vivien says**

This is the worst written book I have ever read, but I admit, I did finish it! I was fascinated that this book got onto a list of uplifting books, and equally fascinated that the author cracked the code of what people want to read. Repetitive (and I mean extremely repetitive,) poorly written, unrealistic and boring. Hope it doesn't go in a time capsule.

Mrs. Jeeves is a widow with a B&B. Peter arrives as a guest and falls head over heels. This romantic tale is a vibrant and mesmerizing page-turner. Can Peter and Mrs. Jeeves make it work? I was rooting for them all the way. Loved it!

### **Michele says**

What a wonderful and happy story this is. This is definitely a clean, cozy romance which could happen to almost anyone if they are lucky enough! Mrs. Jeeves, the owner of the B&B has a hidden side to her! At the B&B she is ultra conservative--but hidden inside is a fun loving woman with a marvelous voice which for a dare she parleys into free food for her B&B. Claire is suddenly out of a job and turns to Mrs. Jeeves who takes her in-acting more like a Mom than anything else. Meanwhile Claire's father Peter who has raised Claire as a single father her entire life comes to the B&B for a vacation. And the rest as they say is history!

I will definitely be reading more of Bridgitte Lesley's books--what a breathe of fresh air!My Lady Love

### **Susan Tarr says**

I am hooked on Lesley's delicate writing style. There's no need for gore and ribald descriptions for a true romance to work. This story is a gentle romance with building intrigue. I thought I knew where it was heading, but then I didn't.

There was so much in the way the characters spoke and acted that reminded me of my younger life. Just like a real family. And the cameo shot of running a B&B in South Africa made me feel at home. The relationships between Alison, Peter, Claire and their family and friends read as genuine. So authenticity shines through the pages.

I thoroughly enjoyed this little book. Truly a love story, and a really cosy read as well.

This book was terribly written, and the editor should be fired.. it was such a disappointment, after reading all of the positive reviews... I will not be reading anything else by this author, nor can I recommend this book to

others... sorry...

Read enough to suspect it was published as a favor. Prosaic language attempting to be sensual resulting in bad pornography.

### **Martha Sockel says**

When a book involves a B&B there is always going to be a lot of fun. This one certainly had me chuckling. Mrs. Jeeves is my cup of tea! She is full of fun, outgoing, mischievous and definitely a favorite. What really stood out throughout this book is the strength of a relationship. It is woven right through the book. I really enjoyed reading about the antics of each of the staff members at the B&B. Life certainly is not dull. Most of all, these characters are so real. I could identify with quite a few. Mrs. Jeeves really stood out. We all know a strong woman. Someone who can hold her own and live life as it should be. Enjoying every moment whatever life throws at you. This was such an easy read. The writing flows and pulls you right in. You won't put this one down in a hurry!

Her writing talent is amazing with romance and love always taking me to the end of her books with much enthusiasm. In this book life is meant to be lived. She made sure she lived it!
