His Dark Obsession Zoe Blake

After a chance encounter on a busy London street, Lord Pierce Warrington vowed she would be his...he just needed to learn her name. As an American, Sarah Grey still had a lot to learn about British society. She didn't, however, need to be told handsome lords who handled you intimately and demanded to know your name were trouble. She made her living as a model with Mrs. Mildred Needham's Studio of Virtuous Young Beautiful Women Artist Models. While it was certainly better than a life in domestic service, sitting for painters and sculptors was not nearly as exciting as Sarah would have hoped. That is until Lord Pierce Warrington strolls in looking to hire a model.

Lord Warrington is highly influential in the new medium of photography. He decides Sarah is his perfect muse...and perfect for a little sinful seduction. Will she be willing to play his dark games? Will she understand his need to explore the delicate balance of pleasure and pain? To capture it on film? To capture her? What starts as a dangerous seduction turns treacherous when an attempt is made on Sarah's life. Will the enigmatic Lord Warrington's games be the death of her??

*This book contains domestic discipline, spankings, creative punishments and anal play.

What a great story! I just finished reading this book and have to say that I really enjoyed it. I found Sarah to be an absolutely wonderful character that is full of innocence and wicked dark desires. She is completely untouched in the ways of BDSM until she meets Pierce., who is a strong dominant man that has a deep need for dispensing harsh punishments to naughty ladies. In addition to these two wonderful characters, this story contains a murder mystery that places Sarah front and center. Along the way, this book provides their journey from two folks that meet by accident to a strong and loving couple. Please note, I received a copy of this book from the publisher in exchange for this my honest review.

LITERALLY THE FASTEST DROP IN MY HISTORY OF BOOK DROPS!

Picture it. Hero bumps into the heroine in the street. He's a complete and total stranger, mind you.

They do the awkward "whoops" after gravity leaves them be, so she gets ready to nod, smile, then walk off. Then dude snatches her into an embrace; a HARD embrace! So hard that "the biting sting" brought "tears to her eyes."

Mother fucker, YOU ARE A GODDAMN STRANGER, GET YOUR GRABBY HANDS OFF HER! That is creepy, and no, and flat out disturbing! Personal space, ass hat. PERSONAL! SPACE!

I was 50% tempted to drop this book then and there, BUT THEN LITERALLY 1 SENTENCE LATER IT GOT WORSE!

"He felt himself harden at the mixture of pain and desire that flashed through her beautiful tear-glistened eyes."

MOTHER FUCKING WHAAAAAT?!?!

You tell me how in the balls someone can spot desire in someone's *eyes*?! Maybe if you've known that person a hot minute so you've learned their body language, sure. But for some rando you just bumped into in the street?

Fuuuuuuck you, dude. You're creepy. And an asshole. Go away.

Ms Blake sure knows how to write an action packed, heart stopping and sexy as sin book. I loved it. Lord Pierce Warrington, is so hot, hot, hot that I envy Sarah who starts out modeling for him to later become much more. There is many twists and turns thorough out the story especially about what happens to Florence, one of the girls employed at Mrs. Mildred Needham's Studio of Virtuous Young Artist Models the same place that Sarah was employed. Anyone that enjoys reading a BDSM story with some mystery throw in too will love this book.

Note: I received a copy of this book for my honest review.

This was a very different story from others in this genre and from Ms. Blake's other books. Sarah makes her living as a living model in the late Victorian times. She runs into Lord Warrington who decides she must be his. She is the perfect mix of innocence with an adventurous spirit. This book has sex, discipline, as well as mystery, (and in the end maybe love.)

*I received this book as an ARC, but the review all my own.

I received this ARC book in exchange for an honest review and was drawn into the story from the beginning. Sarah is an innocent and naïve young woman who moves to England from America and becomes a model for different types of artists. She is picked for an assignment by Lord Pierce Warrington. Pierce is a powerful and dominant man with dark desires. Throughout this story he introduces Sarah to the world of BDSM and brings her undiscovered desires to the surface. What starts out to be a strong attraction soon defies the rules of society during this Victorian era. Pierce becomes obsessed and possessive of Sarah as he falls in love with her. When danger threatens her safety and well being he will do anything to protect her and keep her safe even if that means a harsh punishment. However, can Sarah accept all these changes and this new way of life, only time will tell. I highly recommend reading this wonderful historical fiction set in the Victorian era. There is danger, murder, lust, love, spankings, and plenty of other punishments. Come get lost in this dark erotic story and enjoy the book.

Beautiful cover, lovely formatting and well-written sex scenes. This plot doesn't develop deep love, so if you are looking for more romance, this book might not be for you.

I felt the main character Pierce was well-developed and aware, but that perhaps Sarah needed a little more of a backstory to explain why she was okay with what was happening to her. The world Sarah has become a part of is shown, but it would help if the reader was given clues as to why she was so accepting of her situation.

Goldienut says

Sarah and Lord Pierce are the main characters. Sarah is from America and is still getting used to the British ways. She works as a model for artists and photographers. This is in a time period where the British do not favor young girls from America. This novel has many twists and turns guaranteed so as you never want to stop reading. I received a free copy of this book in exchange for an honest review.

His Dark Obsession by Zoe Blake is a wonderful sit down and get comfortable because you're not gonna want to go anywhere until you finish reading this story to find out what happens with all the plots and mysteries! There's playful romance all the way to suspenseful murder mystery! Ms. Blake does a masterful job of holding her audience in the palm of her hand and taking them everywhere she wanted them to go. Awesome bit of literature and a sexy hot bit of kinkery fun rolled into one delicious sensuous morsel.

Note: I was given a copy of this book from the publisher, as part of their ARC program, in exchange for an honest review.

Zoe Blake never fails to provide a kinky story with an older man who enjoys his discipline. Pierce and Sarah had an interesting dynamic, and I really enjoyed not only the kinkiness but the plot, and murder mystery in the story.

"Never before had he felt such a savage need to protect, possess and yes... punish one woman. She would come to terms with the arrangement. She would have no choice."

Kathy Heare Watts says

PRIDE GOETH BEFORE DESTRUCTION, AND A HAUGHTY SPIRIT BEFORE A FALL

Once again, Ms. Blake has spun an erotic tale of mystery, suspense, murder, scandal, and intrigue. American, Sarah Gray, has come to London to work and live after a promise made to her English grandmother who raised her. Not wanting to do service work, and with her beauty, she works as a model at Mrs. Mildred Needham's Studio of Virtuous Young Beautiful Women Artist Models, along with Elma, Florence, and Victoria. Mrs. Needham gives all her girls fictitious names, and Sarah's is Sophronia. Lord Pierce Warringham meets up with a flustered, ragged girl on the street, and watches her escape behind the green door of Mrs. Needham.

The plot of the story has Lord Pierce Warrington going to Mrs. Needham's to hire a young lady to be his model for photography, and how perfect that Sarah, the young lady from the street, happens to be one of the

models. He is enchanted by her beauty, bravery, mouthiness, and the way she blushes so innocently. She invokes his darker side, and when she becomes belligerent with him, he punishes her. He makes rules about behavior and being late, and if they are broken, then he will mete out punishment. Their involvement goes from innocent to involved and comes with an unexpected shock. The story is full of mystery and suspense, including murder, attempted murder, accusations, arrest, a deranged killer, and so many possibilities, while two people develop a relationship that is erotic, full of discipline, spankings, creative punishments, passion, and pain. Then throw in a secret society, The Brotherhood of the Linked Rings. "Good, True, Beauty! The three rings. Our founding belief!"

Well-written, but warning: dubious consent.

This book will not only make you melt but it will make you sigh and swoon all at the same time.

Zoe Blake has given us an intensely smouldering kinky yet romantic story. This story revolves around an older man Lord Pierce who so enjoys his ways and discipline is at the for front.

Pierce and Sarah have such an intense dynamic, they literally sizzled the pages from the get go. what I really enjoyed was not just the kink but that this plot had so much more than just that it has a murder mystery so cleverly intertwined into the story.

Below is my favourite quote from the book it just screamed out to me.

"Never before had he felt such a savage need to protect, possess and yes... punish one woman. She would come to terms with the arrangement. She would have no choice."

A well written HR's smut!:)

But not for everyone...

Certainly better than CR's smut which widely available out there.

I don't think this author publishes her books every month like many other current smut authors, therefore she have the time to write her story properly, lol.

There is no dark tag in this book, but this is not a light read either, is not a hardcore bdsm but their first time certainly a rape, non con/ dub con before a loving relationship.

I'm not sure if the story background historically correct but the characters are believable and they didn't make me cringe while reading their story:)

Ever so often you come across an author that you'll buy their book just because their name is on it. Zoe Blake is one of those authors for me. And I'm glad to report that she didn't disappoint with her newest book. A mystery, a romance, some creative kink (not your typical spanking) all comes together in a sexy romp in Victorian London. Ms. Blake's research in the early photography clearly shows in the story which only helps to create a wonderful realistic feel. Additional, Sarah's friend is nicely developed, which doesn't always happen with secondary characters. The solution to the mystery also came as a bit of surprise to me but I won't spoil it for any who venture to try this charming story.
