## What Is Going to Happen Next Karen Hofmann

Karen Hofmann's empathetic and cathartic novel, *What is Going to Happen Next*, pieces together the lives of five members of the Lund family following their enforced dispersal after the death of the father and the hospitalization of the mother in the remote West Coast community of Butterfly Lake. It explores their self-doubts and aspirations in the ways they cope with their separation and reunion through their work and personal relationships, and reveals the ways in which their past is filtered through memory and desire. It also skillfully exposes a Vancouver class system from the perspectives of diverse socio-economic conditions and lifestyles.

## **From Reader Review What Is Going to Happen Next for online ebook**

### **Kelsey says**

This is a moving, quite absorbing novel about siblings who were separated as children. It's about their lives, about what family is and isn't and can and cannot be. I was drawn to this book because of its eye catching cover, which I think is quite fitting for the novel. I was moved to tears more than once reading this book.

### **Laura Frey (Reading in Bed) says**

Wonderful, surprising book. something a bit off with Cliff's sections... I wish it'd been all about the sisters.
