*Riley Edwards*

**Romancing Rayne** Riley Edwards  
Ghost and Rayne are back.

Their story began two years ago and left fans begging for more. In this all new adventure we catch up with some of Susan Stoker's most beloved characters.

Keane "Ghost" Bryson met the feisty flight attendant Rayne Jackson while on a layover in London. A chance meeting that proved to be life-changing. Now he's finally got his ring on her finger and he wants to take her back to where it all began. A perfect re-creation of their first trip, but this time with the fairytale ending Rayne deserves.

From Big Ben to the Tower of London, Ghost takes Rayne on a holiday she'll never forget, complete with a very royal surprise. But just when life seems perfect, disaster strikes and it'll take a few of Ghost's longtime friends to help him keep Rayne safe.

## From Reader Review Romancing Rayne for online ebook

### Pat Rathmann says

#### A LONDON ADVENTURE

A story of romance; marriage and a honeymoon in London. These are the adventures of the newly married couple; their sightseeing trips and her introduction to some of the Royal Family members. Lastly Rayne gets lost without her phone; gets dumped a cab driver and losing her purse and identification. Her husband being part of a Special Forces unit gets some of his friends to help find her.

---

### Suzanne Clemons says

#### A Must Read for Fans of Susan Stoker's Delta Force Heroes Series

The story begins at the end of the quadruple wedding in Susan Stoker's Rescuing Mary and follows Rayne and Ghost on their honeymoon to London, the city where they first met. Lots of sizzling romance and a couple of royal surprises (I knew that Prince was a bada\$\$!).

### cookiegirl says

Wow! Amazing!

I have not read many fan fiction books. The few I have read in the past just didn't do it for me because I could tell they just were not the original author and it just bothered me. Now this book.... just WOW! I grabbed it because I needed a book to read and I was out and I have read Riley Edwards stories before and enjoyed them. I love the characters Ghost and Rayne so why not?! Well best decision ever! It is just perfect! Riley Edwards did an incredible job with the details coming from the original and adding in the famous names just pushed it over to amazing! Thank you for writing this! When I re read this series again I will definately include this book. I really hope you take the time to write some more using these characters. You really did a wonderful job in continuing Susan Stoker's characters and bringing the whole series into this book. :)

### Tammy Kazmierczak says

#### Loved This Book

I was a bit worried about another author writing about Rayne and Ghost but this book was in keeping with the characters developed by Susan Stoker. While the scenario was semi-fiction, Ghost was still his strong, alpha Delta Force character and Rayne his now devoted but independent wife. My 2 favorite characters. A little suspense and lots of steam!

## **Terry Kemnitz says**

### **Ghost and Ryan's**

What a delightful story about 2 of my favorite characters in Susan Stokers Delta Force series. Riley Edwards portrayals of Ghost and Rayne's were spot on and I loved it!

---

## **Terra Oenning says**

### **Omg absolutely loved it.**

I'm a big fan of Rayne and Ghost so this book was a must read and boy did Riley Edwards do them Justice and added her own to it. This book was so good and steamy and I was excited for Meghan and Harry to be apart of the book. Congratulations riley you did it

---

## **Rachael Bromley says**

### **Wow a fantastic read.**

Wow what can I say. If you love Susan Stoker's alpha world and fan fiction and you love Ghost and Rayne, then you are going to want to read this. This book is all about their honeymoon after they got married at the end of rescuing Mary's book. We see the love that Ghost has for Rayne, she has a big suprise for him and like most books she disappears. It's up to Ghost, Tex and close buddy prince Harry of all people to help find the love of his life. Can Ghost find the love of his life? You have to read the book to know more. A fantastic read from start to finish. I have been waiting patiently for this release. Definitely more than the 5\* I have given.

## **Pam says**

Romancing Rayne: Special Forces Operation Alpha Fan-Fiction is by Riley Edwards. This is a specific type of book where the author takes another author's characters and write a book using them. It is legal because they are using Aces Press to publish their work. Susan Stoker helped Riley in the brainstorming process but had nothing to do with the writing of the book. It is the ultimate form of praise for Susan Stoker to have her characters copied in such a fashion. Riley Edwards did a fantastic job of replicating Ghost and Rayne's characters and then took them on an adventure around London that was quite exciting. I do think she relied a little too much on the sexual experiences for my taste.

Rayne and Ghost are now married and are on their honeymoon to London where they met. Rayne has told Ghost he is going to be a father but they decided not to tell their friends until they returned. Ghost was determined to recreate the night they met and go from there. Their stay at the Plaza was just the first of many places they went that they had gone to before. Ghost added several other places to their itinerary which he knew would please Rayne. He took her to Parliament where he had arranged a private tour and a tour of Big Ben. A visit there with Spike Wells and his wife, Meghan, just added to the adventure. Their visit to the Tower led to Rayne's going missing. Ghost is beside himself at losing her. He calls in all the best help to find her.

## **Darcy says**

I thought this one was fun to read, loved the adventures they had on the honeymoon, loved more how Ghost was planning 25 years in the future for them. But as much as I liked it, I found it totally unbelievable the couple that helped Ghost and Rayne.

## **Marie Wright says**

### **5 stars for Romancing Rayne by Riley Edwards**

This was just as good as Rescuing Mary by Susan Stoker. Unbelievably good. You did Ghost and his Princess proud. Love the added surprise of Spike. Please keep writing Susan Stoker's World.

---

## **Dawn Cruikshank says**

### **Romancing Rayne**

WOW! This was a different perspective yet familiar story of Ghost and Rayne after their wedding. I loved how Ghost made everything special for Rayne. The drama happened when the two got separated from each other. I love how Prince Harry and Meghan were incorporated into this story. I am happy that these two got to go back to where their relationship started. Ghost gave Rayne her fairytale honeymoon. FANTASTIC job Riley! I would recommend this book.

---

## **Jara Beaubien says**

What a story, it was so neat to see Ghost and Rayne again, not only that but to see their honeymoon, and to go back to London where their story began, to see them recreate their first meeting and how it all came to be. And the extras oh lord Riley Edwards sure has more imagination than I do, the characters written into the story were awesome, beginning with Oliver, and seeing Rayne as happy as she was to see Big Ben heck I do not blame her I would be too, and then Spike and his wife, that was a kicker and had me giggling through the entire book, nicely done.

Even when Rayne and Ghost get separated and poor Rayne is lost in London, well how she got that lost you will have to read the book, but note that yes and old Seal comes to the rescue and a few others too that have me laughing to no end.

Great story, light hearted and fun.

## **Carolyn says**

### **A Very Enjoyable Read**

This was a fun read. It was just what I needed to get over a massive book hangover. It was a fun romp through London for Rayne and Ghost on their honeymoon. Ghost treated her to sites and people not normally seen by tourists. Of course Rayne has to get into some kind of trouble that sends Ghost on the hunt. I read to escape and that's what I did with this book.

---

### **Trudy Walker says**

Susan Stoker is one of my favourite authors, so when I saw that there would be another book of more Rayne and Ghost I was like heck ya! I haven't read anything by Riley Edwards and didn't even care that it wasn't Susan writing it. And I just gotta say I was pleasantly surprised with this author and similarities in writing style and keeping true to the characters. Kudos to Miss Edwards in joining in on this awesome series. I am now intrigued to start reading some of your series books!

### **Nicole says**

Where to start out with my review...Susan Stoker captivated us with Rescuing Rayne, her DFH Book 1. We all loved the love story between Ghost and his high flyer. Like many of you, I'm sure, I was sad to see the end of the DFH last month with another SS book. But then we were hit with a surprise. Riley Edwards had written a book about Ghost & Rayne. She was sending them on their honeymoon. Now although I was excited to read about characters that I loved, I'll admit I was a little trepidatious in the fact that this wouldn't be written by SS. Fast forward 2 weeks and I am ENGROSSED in Romancing Rayne. Usually, I will give a bit of background on the story but this time I'm just gonna say WOW!! Riley Edwards did such a FANTASTIC JOB in keeping the original characters true but also giving us MORE. The jaunt across the pond is filled with adventure, a bit of suspense, TONS of steaminess and quite a few surprises. The book was fun and easy to read. The plot contained enough twists and turns that Ms. Edwards took characters from SS and made them their own. You will have to admit that this is rare and admirable. Should you pick up this book? YES!! Even if you've not read the DFH series by SS. That's okay (well it's not but I'll let that go). Riley Edwards takes you on a world wind ride! Well done Ms. Edwards!! WELL DONE!!
