4 stars!!! Wow what an ending!!!

This story isn't about just two people, there are many. This book touches on so many things... divorce, separation, love, hate, guilt, deception, passion, family, friends are just some.

When you think you are bound to live life on auto pilot something snaps. Time to take your life in your own hands and be happy. That's what these four people thought except too many secrets, too many lies. How many people can handle heartbreak not once but twice?!?!

"Bombs are falling all around us and I'm tired of taking cover. If we want this, we have to fight for what is ours, this time around we have go to battle. Love isn't easy...love is war."

?My Thoughts...

When I read the first few pages of this book I thought "Oh man this isn't the type of book I usually read, I am probably not going to like it", and almost stopped reading. BUT I kept reading and realized this isn't just some book about a lady empowering herself after divorce. This book is about so much more!! It's like a soap opera. I thoroughly enjoyed it!! Actually by like the 2nd chapter I didn't put it down again. Some of it was slightly predictable and that's why I couldn't give it 5 stars but damn if there wasn't twists everywhere, ones that I did not even see coming. And I absolutely love Niki and Aubrey's relationship. They had me laughing so loud. And of course Andie and Reece's relationship as well. This book had a little bit of everything. And can I say I am in love with Drew. I mean when he came to rescue with the Transformers band aids, I was putty in his hands.

I think minus the little twists, this book can really be some people's real life and I enjoyed being able to relate to this story. This was very well written and I definitely want to read the next book!!

I received this book as an ARC and in return I gave my honest review

Wow, what a great read! I wasn't sure how I felt about Aubrey right off the bat but I ended up really liking her. She realized she wasn't happy in her marriage but didn't just give up. She tried for herself and her daughter but finally realized it just wasn't working for anybody. I liked Drew right away but he was in an equally difficult situation. Whereas Aubrey didn't hold anything back Drew did but out of what he believed was for the best. I liked how they confronted their spouses and came out for the better. Very happy with how the story was wrapped up.

Oh what a tangled web Doug and Sarah weaved. The drug their perspective families through some mess and I wanted to slap them both on several occasions. Who acts like that? These narcissists do.

Aubrey is freshly divorced and a single mom. She is trying to make it without Doug's help. He tries to control her life even though they aren't married and he makes her feel bad about how she mothers their beautiful daughter Reece. She wants to recognize her grandmothers wish to open a B&B in her old home and use it for the income to support her and Reece. When she has a free weekend her friend gets her to finally go out and let go. It's here she meets a handsome stranger that sparks a fire in her. When it's time to start the remodel of the home she is stunned at who shows up on her doorstep. She feels drawn to him and the only thing standing in her way Doug and his idiot ways.

Drew thought he had the perfect family in a sense until he caught Sarah with her boss. He's newly single and trying to accept that he's now a part time dad. He fights with Sarah day in and day out about everything. She's manipulative and blames everyone else. He meets this beautiful enigmatic woman on a dance floor and gives himself one moment to just live in the moment. When he shows up for work the next day, he is stunned to find Aubrey. He thinks this is his chance to start again but it could all come crashing down thanks to Sarah.

I loved Aubrey and Drew. They just wanted a family and someone to love and support them. Is that so wrong? I would have never guessed the drama this book mounted up to at the end and was like whoa. Sarah I get why she was the way she was but I didn't like her one bit. I can't even sympathize with her. Doug you dug a serious hole. Should have been honest!! Andie and Reeses pieces were adorable those little girls just bonded instantly and that sparked a life long friendship. If you are looking for a story with some swoon, drama, douchy ex's and cute kiddos then Love War is for you.

Love War: It was a suspenseful, emotional and fantastic story! It always hard for anyone that has been in a bad relationship to start over and trust again especially if you have children of any age. It was a great story and well written. Loved the cover and the title. I could not put it down it was good.

I had to think about what rating I wanted to give the book. While it is a romance, there are some situations in the story that seem like they probably happen in real life. Won't say any more about that as I don't want to give away the plot of the book. I couldn't help but fall in love with Drew even though he wasn't as open in the beginning of the relationship as Aubrey was. Glad there was happy ending and would recommend reading the book.

Nancy Chastain says

Love War is the perfect name for this book. And unfortunately or fortunately depending on how you look at it is a modern day example of families.

Doug Harris is ex husband of Aubrey and dad of Reece.

Aubrey Harris - stay at home mom to Reece, low self esteem, ex wife of Doug soon to be B&B owner.

Drew Williams - soon to be ex husband of Sarah Harris and owner of Williams Construction and dad of Andie.

Sarah Harris - soon to be ex wife of Drew Williams and mom of Andie.

After and during a divorce each person involved has to learn to live with the new direction of their lives and the lives of their child. You have to learn to find your footing in all walks of everyday life. You will all stumble and even fall until you get your footing. Love War is a perfect example of finding your way and moving on. Cary Hart is a writer that draws you into her books. You will feel the emotions of the characters as the tale unfolds. You will absolutely fall in love with "Love War".
