Stay Away From the Treehouse R.L. Stine , Lisa Eisenberg

Have you heard about the Fear Street woods? Nothing lives in the Fear Street woods. No birds, no squirrels, nothing. Nothing -- but ghosts. No one ever goes into the woods at night. Not if they want to come out again.

But Dylan and Steve just found a cool tree house there -- one that's supposed to be haunted. Are the creepy stories true? Dylan and Steve are going to find out. They're spending the night in the tree house -- in the woods. Just the two of them.

"And one ghost."

Terrina says

I gave this book 5 stars because it was very good and interesting. It is about a boy named Dylan, and his older brother, Steve. They find a clearing in the woods and there is a 2 storing tree house. It was old and falling apart. So when they fixed it the people that died in it were able to leave. It was a very good book and I would recommend it to anyone who likes R.L. Stine!

Sana says

we some book

Renee says

The first story features Dylan, who believes and wants to see a ghost. His older brother is much more skeptical about the paranormal. Dylan finds a decrepit tree house in the woods, but is warned to know fix it up by two sisters. The sisters explain that three children died in the tree house when lightning hit it and it is haunted. As Dylan and his reluctant brother repair it, a hammer flies at Dylan's head, they hear strange noises and other bizarre things happen. Finally Dylan does meet his ghost, though it's not who or what he expects. In the second story, Kelsey meets a psychic named Valda but after insulting her she is cursed. All of her worst fears start to come true. Kelsey and her friend Drew seek the help of another psychic Zandra. Zandra explains that Valda was once alive, but is now evil and vengeful. Can Kelsey remove the curse or will she live in fear forever??? These mildly scary stories are perfect for late elementary school students.

Linda says

I really liked this book!

Rebecca McNutt says

Oh my god, my little sister and I *loved* this book when we were kids! But going back and reading it now makes me wonder where our heads were. This little YA novel is loaded with choppy sentences, limited vocabulary and dull, lifeless characters. If you haven't read this one, you aren't missing much, but it does have nostalgic value for me.
