## From Reader Review Percy Jackson and the Olympians Boxed Set for online ebook

### Christian says

I really loved this whole series it puts a great twist on Greek mythology rick is a master with words I highly recommend

---

### Amanda says

I liked this series. The reason why I didn't love it is because it is aimed at kids so the humour didn't really work for me. I really enjoyed the mythology and the plot of each book though.

I really hope they make movies out of the rest of the books. Not only do I love the movies (I think they improve upon the books) but I think that the plot of the last two books is the most interesting. I do wish this series had been available when I was a kid because I think I would have enjoyed it a lot more. I would recommend this to children as it is a good series.

---

### Tiernan says

I really enjoyed this series it was a fast pace thriller. I feel like i have aged out before the series finsihed but i would still recommend this to any middle school kid.

---

### Michelle Hallsworth says

I first read this series when I was 14yo, right inside that target audience, and I absolutely adored them all. Percy taught me that boys could be pretty cool, and Annabeth was my hero for at least a couple of years, because she taught me that being smart and/or a bookworm wasn't something that warranted shame (despite the teasing of my peers), in fact, it was something to be proud of. At such a pivotal point in my emotional development, I couldn't ask for a better role model for myself, even if she was only a work of fiction.

Thanks, Rick Riordan.

I absolutely recommend this body of work for young readers aged 11-15yo.

---

### Brittney says

Fast-paced, entertaining books. I read these on vacation, and they were perfect for that. I have the 5th book on hold at the library, so that must mean something...

---

Fun books! Love that they introduce kids to the Greek gods.

---

**EM?RHAN says**

Bu kitapta öncekileri kadar güzeldi.Ad?ndada geçti?i gibi bir labirentten bahsediyor.Gizemli bir Bilgelik Tanr?ças? Athena'n?n çocu?u olan Deдалus yapm??t?r bu labirenti.Ve gittikçe gizemler ortaya ç?kar.

---

**Jordan Le says**

it is good
