Some of these stories stopped very abruptly...but the point was to get you all hot and bothered...it definitely accomplished that.

Kylie says

Good if your after smutt. Not my normal read.

Cristalin says

Giving it four stars because unlike many review here I actually enjoyed it. It is what it says it is erotic shorts but East clearly has a good voice as a writer and you can see things play out in your head which is important for all genres but definitely necessary in erotica. Only East would be able to make ghost sex sound sexy, clearly says a lot. I read this book a couple years back and still think about some of the stories from time to time because it was a fun read.

Christa says

I will just say that this erotica did not have the intended effect, possibly in part due to the crazy punctuation and some spelling issues. However, I managed to read it all, so it gets two stars.

Lena says

Okay, I've decided to give up on this very entertaining book. I will just decide that I do not care for erotica. Especially since reading about sex between characters I do not know or like is not at all, well, erotic to me.

This book is written by a man, and maybe I should try another women's erotica book before I give up, but I doubt I will. It would have to have a whole lot of story. This one didn't. It read like a script for bad porn. The grammar and punctuation were atrocious, too. That did not help.

I'd recommend to anyone who wants a good eye-rolling laugh.

Addie says

I have to say that this was pretty good. I especially loved the first two stories with its supernatural theme. Sadly, I didn't exactly like 2 or 3 of the short stories. I still find them good though which I really wasn't

expecting due to the negative reviews given.

Sarah Spelbring says

Hoo boy. Well, it is written by a man, and the stories I think really are more for men than women. Though having said that my husband read a few pages over my shoulder and laughed, so maybe I don't know who this was written for?

Plots were very thin on all of them, in fact they read a bit like a bad porno. No substance to any of them (except maybe the first one, but even that was graphic).

I'm not sure how or why this is #2 on Smashwords... it really isn't that great.

texxie-PRUFreads.blogspot.com says

Erotica or not, I like a decent plot. There were a couple of the storylines that initially had promise, even after the erotica aspect was introduced. However, it ended up being buried.

Sexy paranormal adventures.. who cares if some of it comes out of nowhere.. I'm sure going to read the other erotic tales by Carl East and hopefully find my own haunted house... teeheehee

Good HEAVENS.... Is all I can say!! Kinky, WEIRD, arousing, scary. Never read anything like this in my live... You need A LOT of imagination for this one.

Charlotte Howard says

I couldn't make up my mind if this was a collection of short erotic tales, or whether it was a novel/novella of one man who just had lots of sex. Either way, it wasn't as terrible as some of the reviews have made out.

It was well-written, no awful or raging errors spelling or grammar wise, so Carl can clearly write a good story. Yes, it could be vulgar in places, but it's a collection of erotic stories, and it's written by a man (apologies for the sexism) so that didn't surprise me in the slightest.

It was... Interesting and eerie... I'm not a fan of ghosts, and certainly not a fan of ghost sex - it's not an experience I've ever considered!! But Carl managed to make it less spooky and more sexy, so I have to say bravo on that front.

Overall I lost track of what little storyline was weaved in and out of the tales. It's not a book I would necessarily read again, but I haven't deleted it off my Kindle either. Plus it was free, so I can't exactly complain!

Titus says

I highly recommend this book to anyone who likes to read books that opens their mind, imagination and getting lost in the stories. The author did a wonderful job of writing scenes that arouse the reader without being vulgar.

Imjstgr8 says

Have you ever read a book and think to yourself, "It's got to get better"? Well that's what kept me going through 508 pages of this anthology. Did it get better? NO.. If anything it become even more repetitive. There was one sweet story and the sex was hot but that could not redeem this book. I flipped through most of the stories and only finished cause I can't count it as part of my completed books if I DON'T COMPLETE IT...

Kim says

Ok so this is a dnf, Haven't finished the first story.maybe I shouldn't rate this book but I want to be heard. This book is silly.
