## From Reader Review Creature Fantastic for online ebook

### **Kendra says**

Cute short stories of dragons, unicorns, phoenixes, the minotaur, among creatures in the book.

### **Jessica says**

An interesting collection of stories all around the theme of fantasy creatures. The different styles of the stories made it a nice book to pick up and just read a story out of. This is one that I plan to keep a hold of as I enjoyed most of the stories.

### **Joshua Hair says**

I rather enjoyed this collection. It has many great stories to offer those interested in mythology or the fantastic. While it's a bit old and perhaps even a little dated, Creature Fantastic is still an excellent addition to any collection. I read it over the course of a few days, which is exactly what I suggest the rest of you do. A few of the stories repeat creatures, so for maximum effect it's best if you take your time and read them one by one rather than back-to-back. Trust me, I've burnt myself out many a time by rushing through anthologies. Don't do that with this one; relax, take your time, and enjoy.

### **Deidre says**

Mixed bunch, nice Kristine Kathryn Rusch story - from Fey series

### **Elise says**

I read this a few years ago, but two stories stand out in my mind. Kristine Kathryn Rusch's story of the shifter, and the story with the faerie dog. I loved those stories. I'll have to re-read it eventually to see if I remember any of the others. This is a great book for those who are fans of magical or mythological creatures.

Liked Father Noe's Bestiary.
