Tempting Tessa Olivia Brynn

The very short prequel to Tessa's Pride by Olivia Brynn

Cowgirl Tessa McCade has a rare day off from Bradley Equine Ranch, and she's got a plan. She mounts her favorite horse to ride to a secluded spot on the Montana horse ranch with a book, a snack, and a towel for skinny-dipping. When her boss—Joshua Bradley himself—joins her, Tessa knows it will take all her strength to keep her feelings for the man at bay. If there's one thing Tessa didn't plan on today, it's Josh's surprising admission.

Bonus! Includes the first two chapters of Tessa's Pride!

Dana Casey says

really wasn't a book, just basically a chapter

Tasha says

I can say this was interesting.... If you don't know what is interesting then you have yet to read a Series that may change things for you

Casey Fryer says

Yay for well-written short stories! A great time filler that you're not going to worry about being late to a meeting by reading. And quite refreshing.

Dawn Wells says

Really steamy

Betty says

Very short prequel to Tessa's Pride. The main characters are introduced and their friendship is identified. This includes the first two chapters of Tessa's Pride also.

Rhonda says

This is the perfect prequel to the main book.

Lindsey says

Makes me want to read the next book in this series

Dina says

I really enjoyed this quick read, mostly because I'd already read its sequel, Tessa's Pride, and knew Tessa and

Josh. Even though I'm anal about reading connected books in order, I think this is one of the rare cases where reading the short prequel *after* the full book provides a better experience.

For those who don't read Tessa's Pride first, this short prequel won't be more than a hot story about a couple having sex for the first time... I mean their first time *together*, not each one's first time ever. ;)

So what does a 4-star rating for a story that has less than twenty pages mean? Well, it made me reread the sequel just to revisit Tessa and John, and that's pretty good to me.

Emma Lindhagen says

More like two and a half stars... there's something about ranch themed romance; I never seem to enjoy them as much as I think I will. Too many tropes I don't like. Couldn't really get into these characters, but the prose was just fine. Not enough to tempt me into reading the series proper though.

Dani says

Pretty good book

SheLove2Read says

HOT!

This is only 29 pages but it packs a punch. I'm definitely going to read the first book (this is a prequel). New to me author and a recommended read, especially since it's free right now.
