**To Alaska, With Love: A Touch of Silk\A Thrill to Remember** Lori Wilde

A Touch of Silk

Manhattan columnist Kay Freemont has made a career out of writing about sex and relationships, yet spends her nights alone. So when sexy Alaskan bachelor Quinn Scofield places an ad in her magazine to find a wife, Kay can't resist the opportunity to finally see what all the hype is about. Though city girl Kay was only looking for a red-hot fling, she's beginning to feel right at home, both in the small town of Bear Creek—and in Quinn's loving arms.

A Thrill to Remember

Meggie Scofield is ready to rejoin the dating scene after her divorce, and the town's masquerade party seems like the perfect place to start. Delighted when a gorgeous masked man catches her eye, Meggie is later stunned to find out the sexy stranger is actually Caleb Greenleaf, her former brother-in-law! Their chemistry is undeniable, but will one thrilling night turn into the love they've both been looking for?

## **From Reader Review To Alaska, With Love: A Touch of Silk\A Thrill to Remember for online ebook**

### **Misty (Reds Romance Reviews) says**

This was my introduction to this author, and I must admit that it left a really good first impression, so much so, I purchased the book that follows it. Her writing style is easy to fall into and just enjoy! It was a engaging, yet pleasurable read! Highly recommend!

---

### **Moey17 says**

Braincandy. The first was better then the second, but just wasn't invested in the characters of either story. Not my favorite read.

---

### **Allison says**

I just feel like these stories had the potential to be so much more. The timing seemed off and there was too much in the head stuff! They could have been so hot!

---

### **Carey says**

WHY DO PUBLISHERS PUT BOOK 1 & BOOK 4 of a series together in one book!?!?!?!?!?!?!?! Grr. Now I need to find book 2 & 3

---

### **Cinsai Hola says**

I liked this book okay, but the authors use of well worn euphemisms about sex, and, especially the descriptions of the male anatomy, kept getting in the way. In reality, I would give it 2 & 1/2 stars. I liked the characters enough not to hurl the book across the room every time I came across these laughable descriptions, but it was a struggle each and every time. So, bear that in mind if you do pick it up to read.

---

### **Maureen Hubley says**

I loved both stories but I wonder were there stories about the other 2 single men mentioned in the book.

---

### **Teresa Kleeman says**

I really enjoyed this book by Lori Wilde. I don't know why it took me a week to read this book but it did. The book features two stories in the one book. The first story is A Touch Of Silk and the second one is A Thrill To Remember.

Both stories are related. The book is about a single man who comes to Manhattan, New York to place an ad in a local women's magazine about finding single ladies to marry. Quinn Scofield of Bear Creek, Alaska and three of his friends are taking out an Ad in the Metropolitan magazine. The ad is a full color page ad stating Wild Women Wanted, Do you have what it takes to be a wilderness wife?

Quinn is a guide, volunteer fireman, DJ of his parents radio station, Caleb Greenleaf is a Naturalist for the state of Alaska, Jake Gerard runs the local bed-and-breakfast, and Mack McCaulley is the bush pilot.

On the plane ride to New York, Quinn spots this beautiful blonde. He has it bad for her. She's riding in first class and he's sitting in Coach right behind and can see everything about her. He's practically drooling over her but she pretty much snubs him. However, he meets up with her again at the magazine office. Kay Freemont is a Charlize Theron look alike, sophisticated and from a very wealthy family. She was raised to never show emotion and never let people see the real you, and you carry yourself properly no matter what the situation is. You marry for a good match, it doesn't matter if you love the other person or not.

Quinn is so down to earth and he always speaks his mind. Everyone that meets him just loves him because he's just real. The sparks fly between Quinn and Kay. It's very interesting how these two interact with each other.

The second story is about Caleb Greenleaf. In his book everyone has found a wife except for him. Caleb invested in a project and turned around and sold it and became a millionaire. Caleb is becoming discouraged because all the women he's meeting is only interested in his money not him. Than one evening at a Masquerade Ball he see's a mysterious woman dressed as Klondike Kate a local legend of Alaska and he falls head over heels. Who is the mystery woman. Let's just say it's a woman who he has had a secret crush on since he was in his teens. This mystery woman thinks Caleb is hot but she doesn't know who he is because he's dressed as Don Juan.

Have I peaked your interest? Well get the book and read about these handsome men from Alaska.

## **Eileen says**

1st story was A Touch of Silk and it was pretty good. I like the whole setup and storyline from beginning to end and enjoyed the romance that Quinn wanted for Kay to experience in order to prime her for her sexual release. It was good to take the city girl out of her element and experience a part of life she hadn't seen before. It was a good romance and I liked how it ended.

2nd story was A Thrill to Remember. 2 stars This is the 4th story in the series and I wondered why it wasn't #2. hmmm It had a whole different feel but same set up. Woman needs to reinvent herself after her husband/boyfriend leaves her because she isn't good in bed. Dull. Now she wants to experiment and be more courageous. what better way than at a masked ball. this is where it jumped the shark. how could she not know? or him? I can't believe that over time she didn't figure it out. I finished it to see how it ended but still didn't feel it. I love LW and her writing so it missed the mark but it won't stop me from reading more from this author.

A Touch of Silk

Manhattan columnist Kay Freemont has made a career out of writing about sex and relationships, yet spends her nights alone. So when sexy Alaskan bachelor Quinn Scofield places an ad in her magazine to find a wife, Kay can't resist the opportunity to finally see what all the hype is about. Though city girl Kay was only looking for a red-hot fling, she's beginning to feel right at home, both in the small town of Bear Creek--and in Quinn's loving arms.

A Thrill to Remember

Meggie Scofield is ready to rejoin the dating scene after her divorce, and the town's masquerade party seems like the perfect place to start. Delighted when a gorgeous masked man catches her eye, Meggie is later stunned to find out the sexy stranger is actually Caleb Greenleaf, her former brother-in-law! Their chemistry is undeniable, but will one thrilling night turn into the love they've both been looking for?

Details to the scenery, and ambiance of Alaska was so beautifully written i wanted to go there myself. Then you add to it the sexy, love story that never quite went the way you immagined it would, and you have a solid 5 star hit.

## Cara says

I picked up this book because I love Alaska, but it was really just a backdrop for a reissue of two stories from 2002. Inexplicably, these were books 1 and 4 in a series about mail order wives coming to Alaska. Debbie macomber did this idea so much better in her "midnight sons" series. Each story had some decent moments, but both were similar ideas and not that interesting.

## Dixie-Lee Campbell says

Interim rating given.

I have read the first four chapter excerpts at the library. I have it on hold so I can read the rest of it. It is so good.

I am trying to get use to reading ebooks on my laptop... don't enjoy ...

I have been tempted to go over the pick up the paperback book from Chapters or Shoppers Drug Mart right now.

I want to read the rest of this book. now !!!

so far high rating on it.

|Lori sure isn't disappointing so far. !

Well went out to the book store.. and purchased the book... and glad I did.

Enjoyed both stories of the book. Would have loved to hear more about the Alaska weather and struggles living up there that could affect folks staying/leaving or the love the Alaska more to keep them there too... to feel like they definitely in Alaska... but I did really enjoy the story and the characters of this story. Aside from that I still enjoyed the book and would recommend these two romantic :-)

stories by Lori Wilde. :-)

## **Ann Green says**

Normally I love books by Lori Wilder and this one about 2 rugged Alaskan men and their quest to get married was enough incentive to get this book from the "new books" section of the library. But when I got the book, I started out confused -- is it really a new book or just a retelling of some older stories about Quinn Scofield of Bear Creek, Alaska who falls for a city girl in publishing and Caleb Greenleaf, who falls for "Klondike Kate" at a masquerade ball. Good premise in both stories, but just not up to this author's usual standard. Missed the witty and tight dialogue from previous novels that was just not in these. And while the remote settings are believable and add to the novel, the characters and plots did not live up to the majestic locale!

---

## **Leone (She Reads too Much Romance) says**

I purchased this novel at a local book store about three weeks ago thinking/hoping that it would be a good read because Alaska is one of my favorite settings for novels and it is rare for any novel to be centered around the last frontier. I wasn't the least bit thrilled with this book by the time that I had finished reading it and I had to really push myself just into finishing it.

This book features not one but two stories with both containing very similar plots that I am still having a hard time trying to decide the reasoning behind doing this. The first story of the book was far better than the second but still contained just as many flaws and many unanswered questions. The endings did not finish either of the stories and I felt like I was still waiting to finish the novel when I had already done so.

One of the things that stands out to me the most as I write this review is the how pushy the heroes were with the heroines. Normally I like strong, alpha hero males but Wyatt and Caleb were just overly done and I really didn't want to spend the time that I did in their company in my reading. As for the heroines I liked both Kay and Meggie but thought that in their own nature they could have been much stronger characters, perhaps then stories would have been more realistic.

My biggest flaw with this novel is how rushed it is. It is just as if the author is scrambling about writing to just fill the pages and not as equally caring about how the plot or the characters are lining up within those pages. I think I am really disappointed because I have reviewed other books by Wilde and I know how great she had write and how well a story can be penned so I think this book is just a miss.

As for continuing to read future novels from Wilde I think I will be a little bit more selective in doing so and I think I will be doing my homework ahead of a time before I purchase another one of her novels to make that is more suitable to what I am use to from the author herself.

---

## **Jane says**

Two sweet love stories by Lori Wilde. I loved every minute of this book and was sad when it ended.

---

## **Charlie says**

quilty pleasure romance novel + alaska? Heck yes

---
