HER BILLIONAIRE ALPHA

The Pack Rules (Moon Pack)

Hot Alpha Werewolf BBW Romance Short Story

Kade Stonewell, new alpha of the Moon Pack, is facing an ultimatum: Choose his mate now--or let pack vote choose for him. Since there's only one eligible female within the pack, an insipid spoiled princess more concerned about spa treatments than pack rules, Kade takes bold action. He makes a mating offer to Lilly Addison, the human widow of the pack's most respected beta, a plus-sized beauty who's been his secret crush since college.

He'll prove to Lilly that he's a true alpha--one who will passionately conquer every sexy curve of her body. Then he will accomplish the most difficult task of all: Capturing her heart.

Dearest Reader: Her Billionaire Alpha s is a werewolf BBW romance short story, which is a lot like having a nice slice of delicious cake. If you're hungry for more alpha werewolves and the women who love them, please check out all the stories in The Pack Rules world.

Sandi Ramirez says

KADE is the Alpha of the pack and has to choose a mate within a year or the pack chooses for him. He knows who he wants because he wanted her years ago when she was married to a member of the pack who has now passed on. This is a short story or novella that is fast paced and full of red hot alpha. I really enjoyed it just wished it had been whole LOT longer. Michele Bardsley has a way with words that keeps you right in there with the characters.

Laura says

Finally done, short read but it sure sucks when I have to force myself to finish reading a book, so I can honestly say I am happy it's done and that I doubt I will read this one again. I think this book needs to be re-written or at least edited again.

Quick And Short

I really enjoyed reading this story. It ended too fast and there doesn't appear to be another part. I enjoyed reading about Lilly and her past. I would have liked to see her fight for her alpha. But I did enjoy the ending.

Helen says

Short but good.

The story was short but covered all the points with a few twists and turns. Worth the read and I love wolf shifters.

Kiki Sidira says

Very good. I liked it very much and I will certainly read more from this author.

Tammy Campbell says

Good short

Cute short story. I liked this book. Only took about 30 minutes to read. Starts out in his view then switches to hers. Would have enjoyed it being a little longer.

Kimberly Walden says

Kindle Unlimited read. Wolf shifter series of standalone books. He wanted her even when she belonged to another. She is available but is she willing to give him a try? Now he's the alpha and he wants her to be his mate.

Emily says

Not bad, but I'm not a fan of the woman being older than the man in a love story.

Julie Bryan says

way to short

This story was way to short. No time for story or character development and ended abruptly. I may try to get a refund...

Yvonne Daniels says

Glorious Excellent Read

This is a great romantic relationship that you will enjoy if you are a shifter fan. It is hot and steamy the perfect setting for a excellent shifter story. My only regret is that it ended so soon I would love to have a continuing series of the characters of this book. I can say I am new to reading Michele Bardsley but she is most definitely on my list now I will visit her page and read more of the series she has written. If you want another excellent author for your collection she is a keeper

Stephanie Barnes says

Mating

Alpha werewolves can pick there mate. If they don't then one will be choose for him. He wanted Lilly but another woman wanted Made. What will the council say?

Patti Ashley says

Short but sweet

Not a single word is wasted here. The story flies along at breakneck speed but you feel as if you know all the players well. Kade needs a mate and he wants Lilly. Lilly was married before and has a secret from her youth. The secret is big for wolves especially. Lilly and Kade have to decide if what they have is worth fighting for. Too short!!!!

Jen says

It was an interesting short read. Most of my problems came from an editing standpoint. At least twice the male lead was called by a different name (Nic instead of Kade) and it just jerked me out of the moment, doing a double take to read back a little to make sure I didn't miss anything.

All in all, not bad for a 30 something page novella.

Aisha says

I enjoy these short to the point love stories everyone doesn't get it right. Sometimes it feels ridge but Michele is able to give you a beginning, middle and end every time.

Cynthia says

I may or may not post spoilers, so read on if you dare.

I really liked this book and switched back and forth between 3 and 4 ratings as I would love to give it 4 stars but it just was not long enough to earn it.

It is very well written, has a great plot and nice strong main people. It just is not very long and there is a whole lot of "meat" missing from the story line.

It gives glimpses into what could be a deeper story. But does not go into details that would make it a full 5 star story. The mains are only slightly developed, just enough for you to get a sense of their personalities.

This is just a teaser, a Chapter book of what a the story will be. So if you like this type of story then be ready to buy the rest of the book.
