## From Reader Review Bottom Bitch Rises for online ebook

### **Toya Merritt says**

This book really have a twist to it!! Sierra really went through a lot with Alijah but through it all she never left his side. To put up with cheating and in and out of jail, she must really loved him. Alijah was in love with Sierra but he was all about being in the streets!! He made up his mind to give the streets up but was it too late. Shayna was one crazy broad!! Somebody should have told her that when your man or husband no longer want to be with you, it's best to just go on with your life. There is no need to try to do harm to the woman he is currently with. What is the purpose of trying to get revenge by doing things to try and hurt him? In the end, he still not going to be with you!!! I hope that it be a part 3 because the ending left me real thirsty for more!!! Good job Racquel Williams!!!

#### **Other women men**

Once a cheater, always a cheater. When you deal with men that sell drugs, they all seem to be unfaithful. The wife took things to far and finally paid the price. Although Shayne was an innocent victim, when she did find out, she should have left the situation alone. Life is hard and women often use their bodies to better their situation. That's why I rated this review five stars

#### **Wow!!**

Shayna is a certified nut case!! I was very shocked to find out her relationship with her father was deeper than what the eyes can see but I think it's more than that to make her so nutty!! I was hoping the story wouldn't drag out but unfortunately, I've got to dive in to book #3 to see the ending...and I pray it will be the end...

Review:

"Bottom Bitch Rises" by Racquel William was a real interesting urban read. I think this author did a wonderful job with the storyline continuing from her first novel 'Bottom Bitch.' I would recommend you read her first book because it will let you better understand 'Bottom Bitch Rises.' One thing that is for sure you will never be bored because this incredible read will keep you on the edge of your seat as you are going from page to page getting drama and even more drama. I did like how this author would put at the beginning of her chapters the name that this particular person the chapter was featuring. This read will give it all to you...on this rollercoaster ride of a emotional 'anger, fear, sadness, and pity.' As I finished reading this novel thinking it...wow "Bottom Bitch Rises" starts out sad and in the end, it's so very sad. This story will only leave you on a emotional ride especially how it ends. I thought the ending was somewhat abrupt but it does have a ending. The main characters: Sierra Rogers, Shayna Jackson and Alijah Jackson were all well developed, well portrayed, colorful and so very believable which really give you a read. I don't want to give any of it away....only pick up the read to see this "journey through the gritty streets of Richmond." "Bottom Bitch Rises" will be a unforgettable read that I would recommend to you as a good read.

### **Sierra Rises**

Sierra has proven herself many times to Alijah that she is down for him but he seems to keep running those streets. He needs to realize that all that glitters isn't gold....

## **Tiarra says**

### **Whoa**

Is it another part to this book? Did Alijah make it? Did Sierra make it? What happened with Saleem? There are too many unanswered questions for this book to end like this. So what happened

**Good**

**Good**

it was a good book. I would recommend part 1& 2 to you to read. I wish that he would have quit sooner than later and maybe he could have been there for his girl and baby.

#### **Good read**

great finish! I enjoyed ever bit of details described. My heart rate increased as I got towards the end. I did not want it to leave. I want to know why Saleem did what he did, did baby Aziri survive and what is going to happen with Jeanette?

### **Jamecia Caldwell says**

#### **Stupid**

This book was full of very unnecessary situations. And even though the main character was repeatedly told to trust his gut he NEVER did which always resulted in his down fall, then the one time he shouldn't have asked any questions it cost him his and the life of the only other person willing to die and kill for him. This was a terrible disappointment. At the end there were no bottom bitches, only the Feds who screwed them all with no lube.....

#### **OMG**

This is book two and it's great. This one was intense and full of nail biting moments. Wonderful read. Shayna got on my bad side. I wanted to kill that bitch myself. I really hope Alijah wasn't killed. I want a happy ending. Lol. Moving on to book 3 to find out. Ms. Rodger got shot by the crazy biatch. A must read.

Book one starts a little slow though.
