## **Sing Me Back Home** Eve Gaddy

Dr. Jack Gallagher, one of Marietta, Montana's most eligible bachelors, hasn't been serious about a woman since his wife died five years ago. He's been content to date occasionally, practice medicine and raise his teenage daughter.

Then happily divorced former fashion model, Maya Parrish, moves back to Marietta, with her own teenaged daughter in tow forcing Jack to rethink his casual dates only rule. Maya, Jack's high school girlfriend and almost fiancée, may have broken his heart the night of their high school graduation, but the moment Jack and Maya meet again, all the sizzle and sparks, and then some, come rushing back.

Maya is ready to give love a second try. Jack isn't sure he can take that chance again. He knows how quickly happiness can be ripped away, leaving heartbreak in its place. Can a mad, passionate affair last or will it burn itself out as quickly as it began?

## From Reader Review Sing Me Back Home for online ebook

### Moran says

\*\*\*I was given an ARC in exchange for my honest opinion\*\*\*

4.5 stars

Sing Me Back Home is book #1 in the Montana Born Homecoming series and I really enjoyed it.

Sing Me Back Home has one of my fav romance themes, a second chance love story.

Maya and Jack were high school sweethearts but when Maya left Marietta, Montana to go to Dallas and be a fashion model she broke Jack's heart.

Maya got married, had a child and got divorced while Jack got married as well but his wife died in a car accident 5 years ago and now he's raising his 15 year old daughter Gina alone.

20 years later, Maya comes back home to Marietta after inheriting her great great aunt's house and she is looking for a new start for her and her daughter Carmen.

As soon as Jack and Maya meet again the sparks between them are still there and they are trying to find a way to get a second chance in love.

I enjoyed reading about Jack and Maya, I loved how they both were looking for their daughter's best interest and how they were both trying to let go of the past in order to move forward.

I loved the fact that Maya and Jack were an older couple, in so many of today's romance books the hero and heroine are under 30 and it's nice to read something a little different.

I also enjoyed reading about Carmen and Gina and the rest of the characters from previous books and also new ones like Maya younger sister that I hope to read more about.

### Rosemary K says

Dr. Jack Gallagher is a widower. He and his teenage daughter live in Marietta where he grew up. Now his first love, Maya Parrish, is back. She's a divorcee trying to give her daughter a stable life. Now these two are constantly thrown together There is no way to avoid it since they both have daughters the same age. How do they deal with the desire that still burns between them? Maya and Jack are strong and compelling characters. I enjoyed their romance and the conflicts they faced as they rekindle their romance. The story flowed smoothly and was a perfect combination of romance and reality. As always I enjoy visiting Marietta and reading about the people who live there. Eve Gaddy has written a sensual and moving novel. I'm looking forward to more books in the Montana Born Homecoming series.

### Shannon Ferguson says

ARC copy Via Netgalley in exchange for an honest review.

Sing Me Back Home is a sweet romance about love reunited. Maya and Jack were high school sweethearts, until graduation day when she informed him she was taking a modeling job out of state. Years later, Maya returns to her hometown. The sparks were immediately rekindled when they saw each other. With the one exception where Jack could've been smacked around a bit, both main characters were very likable. Very well written, with a realistic feel to it. I highly recommend it to anyone looking for a quick sweet read

### **Laura D says**

Dr. Jack Gallagher lost his wife five years ago and is raising his teenage daughter alone. Maya is divorced and raising her teenage daughter. The two have a history, they were high school sweethearts. She broke his heart when she left him to pursue her modeling career after high school. When she inherits a house in Marietta she moves back to start her life over with her daughter. They still have chemistry, but can Jack allow himself to move on and be happy with the love of his life? Great short read. I loved it!

### **Renaë says**

Maya and Dr Jack Gallagher have a history of high school sweethearts. The assumption was they would get married after high school except Maya took off to start her modeling career in Texas and left a heart broken Jack in Marietta. The nickname his brother's gave her of Heartbreaker was cute. She didn't really seem offend by it.

As fate would have it, Maya returns to Marietta a single parent after her ex remarries and moves to Europe and she inherits a house. Jack is a local doctor and a widow. The daughters seem to be the same age which through them together a couple times and the chemistry sizzles..

A short enjoyable read. Check out how Jack overcomes his mourning and Maya comes out of her shell.

Received an ARC for an honest and fair review.

### **Jane says**

*Sing Me Back Home* was included as a bonus read in *Texas Cowboy* that I purchased on Amazon.

One of my favorite romantic novel theme is second chance love stories with happy endings. Dr. Jack Gallagher and Maya Parrish dated in high school in Marietta, Montana. Maya left right after graduation to become a successful fashion model and Jack went to medical school.

Maya is now divorced with a teenage daughter and Jack is a widower with a teenage daughter and they reconnect at a school function for the girls. The ups and downs of getting to know each other includes taking into consideration concerns for the girls.

*Sing Me Back Home* has a cute ending with a song involved.

---

### **Kimberly says**

After inheriting a home, former model Maya Parrish moves back to Marietta with her teenage daughter in tow. Meanwhile, her former high school sweetheart, Dr. Jack Gallagher, has his own teenage daughter that he is now raising on his own. When Jack and Maya literally bump into each other at a school event, sparks begin to fly anew. *Sing Me Back Home* by Eve Gaddy is a tender tale of two people who are given a second chance at love. The first in a new series of Homecoming novellas, it is a delightful, quick read. It is mildly spicy with very little profanity.

### **Nicola says**

*Sing Me Back Home* is a cute read using the tried and tested formula of second chance love. There's not a great deal you can say about a book that takes you an hour to read, but if small town family-feel is what your after, which is short, fluffy with no drama, some intimacy and humour, then this ticks those boxes.

This book forms part of the *Homecoming* series, but can be read as a standalone.

*Copy received courtesy of Netgalley for an honest & unbiased opinion.*

### **Jessica Alcazar says**

ARC provided via NetGalley & Tule Publishing for an honest review.

LOVE LOVED this story. And what a twist on the common theme of the female 'not sure' about taking a leap into love! You normally find it is the heroine of the book with all the misgivings but this book has the heroine ALL IN with our hero ... not so sure he wants to jump into that pool again. As you can read, this is another little romance about second chances. And I do love those. And this story has children but they're more grown, which is also rare in these types of books. I was thoroughly captivated by the story because it felt like I had not read something like this before. And of course I HAD, but it's just so rare and far and few in between, that it felt like a one of a kind story.

I loved all the characters and their interactions with one another. It made it real for me. Very down to earth. I could relate easily to all conversations.

If you're looking for a short, feel good romance, this is the book for you.

---

### **Jen\_C says**

3.25 stars. Cute. The detailed descriptions of EVERY outfit was excessive and both main characters had moments of being irritating and immature though.

Sing Me Back Home is the first of five books in the Montana Born Books Homecoming Novella Series. The books are all standalone but characters from other Montana Born books make appears.

Sing Me Back Home is a wonderful second chance love story. It features two former high school sweethearts (Jack and Maya) and their adorable yet feisty fifteen-year-old teenage daughters (Gina and Carmen).

Twenty years ago, Maya left a heartbroken Jack and her hometown of Marietta, Montana to go to Dallas and be a fashion model. Now retired and running her own modeling company, Maya returns to Marietta with her daughter Carmen. Over the past twenty years, Jack has gotten over the broken heart he sustained at the hands of Maya. However, he is now a widower and single dad to fifteen-year-old Gina. He's also a doctor in his small hometown of Marietta.

The two eventually go on a series of dates that make them both realize that the feelings they had for each other all those years ago still exist. But there are some bumps in the road to their happy ever after that they are going to have to deal with. It won't be easy, but together they realize they can overcome their past.

Eve Gaddy has written a delightfully wonderful second chance love story that's filled with humor, passion, love, forgiveness, and understanding. I'm new to the community of Marietta and the world of Montana Born Books but definitely want to stick around and meet everyone who is in town and comes back home.

### **Janine says**

A cute story about the ups and downs of rekindling an old romance.

Maya Parrish left Marietta for a career in modeling and she made it big. She married and had a daughter but her marriage didn't work out. Now a former model, she is back home to stay and raise her daughter in the town she grew up in.

When Dr Jack Gallagher finds out Maya is back in town, he is flooded with memories of when they were high school sweethearts. He has a daughter to raise and still mourning the loss of his wife, so anything serious with Maya just won't be happening. Maybe they can just have fun together and nothing more than that.

But things heat up quick and get out of control before either expects it. When Maya makes the mistake of telling Jack she loves him, everything changes.

I enjoyed this story and how they worked through their problems and were able to reconnect and find their happily ever after.

---

### **Talking Books says**

Sing Me Back Home by Eve Gaddy was a quick, entertaining read full of love and second chances. The story focuses on Jack and Maya and their somewhat famous or maybe infamous history in Marietta, Montana - being former high school sweethearts that parted on no so sweet terms. They both have lived fruitful lives in the mean time. Both have been married, both have a child and both have each had their share of heartache

and tragedy. Many emotional moments and many red-hot scenes between Jack and Maya that more than grabs the reader. The interactions between Jack and Maya were at many times hilarious that have the reader having more than the occasional laugh out loud moment.

A fun, delightful read that sizzles and shines from start to finish.
