*Dee's Reading Time Matters says

Viktor, a nightclub owner and billionaire was an endearing and protective hero from the very start of this story. Alia, a bartender witnesses a murder while leaving work and takes off running through a opened door in Viktor's private nightclub. He sees she scared and shaky and takes it upon himself to protect her because that's what Russian men do and boy does he protect her! Viktor has his share of opposition - his brother, Sasha and even his mother, Svetlana but Viktor pays them no mind.

This story was full of suspense and smexy moments! Victor and Alia had great chemistry!

Sasha's story should be just as good but he will need a lot of work because he is so old fashioned and some women will need to modernized his archaic ways of thinking! I would love to read Arkady's story if Jess or Orga are the heroines in his story too!

B. U. says

I really wanted to like this book more than I did. Needs editing, but not unreadable. I did have to reread sections to understand what the author was saying ie the instead of than for live instead of life. Some of the sentences seemed like English is maybe not their primary language. I was letting it slide when Viktor spoke, but even then he lived in the states long enough he it seems he would have used proper English sentences. I did like the fact that when they spoke in Russian it was obvious what was being said. I did think some of the dialogue from Viktor did not fit his alpha character. With that said I did enjoy their love story. Sex scenes seemed rushed. Story does end with a HEA, but I felt like it just ended. I wanted a little more maybe an epilogue of something. Hopefully we get an update with the second book in the series.

Elle1986 says

This book was pretty good actually, I was expecting the worst because the reviews are not promising at all. However it was overall a good book. I think for some reason the characters seemed... simple I guess that the best way I know how to describe it.

Obvy the ending was a little... over the top unrealistic but hey it's a book, you can make it whatever you want to make it.. there are no rules.

Actually thinking about it, I know what my probably was with this book. I was expecting the billionaire to be extremely alpha male... and that isn't exactly what I got... he was a little more "understanding" than most of the billionaires that I read about which is probably why I felt he was a little underwhelming. However it's not to say I disliked his characters.. I actually really did.

However... I was not a fan at all of Alia... she was either over the top independent or needed. Like pick a side, some of the things that she was offended about didn't seem like a big deal at all.

Anywho good read.

Vanae says

Serious editing issues. This story had a good plot, and at times it was exciting and entertaining, at other times it was boring and eye rolling. The characters came off as juvenile, and their mindsets and behavior didn't seem to be indicative of mature adults. So for me it was like reading about some adolescent youths drama. I don't know how old Viktor is...one minute he's 35 the next he's 38. Either way he should have waaay more street smarts than conveyed, his lack of, made him appear clueless, weak, and uninteresting (IMO). It was good effort, it wasn't all bad, and at times it was really good. 3*(less)

Mattina Contreras says

Audiobook
I liked it!

Lorice DeBlanc-Brim says

Loved it

That is love. Viktor was willing to sacrifice himself for Alia so she could be free. I love it. A very good read.

Nene says

Great Read

The storyline was great , and I loved the relationship between the two characters. My only wish is that it was more to the story, it ended too soon.

LPL Staff Reviews says

I loved this title!!! It is a very sweet BWWM romance about a black woman suddenly thrown into the world of crime after witnessing a murder. It has great character development and explicit love scenes.

Isha says

This book...I only finished it because I had invested too much time in it. It wasn't a bad book, just not what I expected. I was hoping for a bad a\$\$ gun toting Alpha. What I got was the complete opposite. And Alia, she was okay, I wasn't complete annoyed with her. I think if I hadn't read an good Alpha male romances in the past, thus book would have been rated higher.

Alia was walking home from her job, when she witnessed a murder. While on the run for her life, she ends up in an exclusive night club.

Viktor is the Russian owner of the club, and takes a liking to Alia, and decides he's going to protect her. After spending some much time together, they end up falling for each other. Of course there's that pesky murder investigation and the attempt on her life, that keeps them from moving forward. All in all, it was enjoyable, but I'm not jumping for joy to read the second book in this series. I may take a day or two before I attempt Sacha.

?~Tina~? says

Needs editing. Can't forget you gave your leading lady green eyes. There were also words missing, etc.

I didn't dislike it, it was an easy read but not much happened considering Alia was running from the Russian Mafia. This could have been a great read if the author had flushed out the racial issues more and really got into how the real mafia would have handled someone seeing them murder someone. I think that needs more than 2 or 3 pages.

evergreencrime says

2.5 rating. The sad part is that this had so much potential. I barely finished it and it is only because I didn't want another book on dnf. While I was reading it, minor adjustment to characters and dialogue would have made this another hit for me. Too sad.

Lin (Nerdy Bookworm) says

This is the first time reading a novel by this author but not the last and I'm looking to read more. The story was just missing that piece of puzzle or edge to make it a book that I'd want to come back to. I thought that Vitkor & Alia relationship was not developed as it should be for the readers to invest into them. Vitkor character was strong alpha male and a really good guy so don't get the wrong idea about him. He is her protector and he would do anything for her to keep her safe. I have read many Mafia story and this not a typical Mafia romance in no way. The dialogue and sex was repetitious and bland. There were several error mistake and definitely in need of an editor.The storyline was good and have great potential,. Overall, just OK if you can overlook the errors.

Valerie Foley says

It was ok...not great, but nice

The plot was ok and it flowed rather well, but the ending was super rushed. Like too many events colliding at once to get to the HEA. I think 20 more pages and an epilogue would have done the book a better justice than this ending did. Loved the characters... not too believable or realistic, but close enough to be relatable. All in all, it was an OK book.

Kwatts says

I thought it was kinda boring. Maybe because I read this right after a read another book that I really really enjoyed (Black Pearl) and kept subconsciously comparing the two.

Mspraise50 says

Viktor and Alia's story.

This is my second book by this author. I thought the story was more of a sweet romance than a Mafia story. The Mafia element was present but I expected more from that side of the story.

Nevertheless it was still a romantic story!
