## Stolen Innocence Mac Flynn

The paranormal has a way of creeping up on the least prepared. For Faith Luvena it strolls through the doors of the flower shop where she works. The pale gentleman has a dark allure around him that draws her to him and draws out a hidden, lustful animal within her. She decides to follow him into the shadows of the night, and her decision leads her from the highest society to the darkest alleys of the city, and among the undead. Undead that have every intention of making her permanently dead.

The Blood Thief series is an episodic serial where each book contains a conclusive story within an overarching tale of sensual fun.

## From Reader Review Stolen Innocence for online ebook

### Jenny says

There is a story here but none of it is thought all the way through. You don't get answers to all the whys. I don't think this story was meant to be a short story, it needs so much more. Then there was the top hat and cane hahahahahahaha, you're sitting there laughing at that when it's not supposed to be funny. And the extra characters, for such vapid people, why is he spending all this time with them. Ugh.

---

### Braelynne says

I just don't even know what to think about this one. It's a short nine chapter read, so I expected things to move quickly.

They did.

But I'm honestly not even sure how half the stuff happened and how it all flowed together. It seems like this should have been turned into a longer work for it to be enjoyable.

Faith Luvena works in a flower shop. Simon Croul comes in and instantly has an interest in her (yes, like instantly...to the point he spends hundreds on flowers to be delivered and even insists that Faith delivers a bouquet to his place...after gaining the approval of her jerky boss). Of course, Simon is a very rich vampire of over 500 years old.

There's some things about stolen jewelry and it seems that Simon is likely the thief but that's never solved or spoken about after a few mentions. There are fledglings that come from somewhere to create trouble with Simon (but we don't know why they're even there).

Needless to say, he bites her at a party he asks her to go with him too as he'd already researched her dress size to have one waiting for her when she delivered flowers.

Very odd novella.

### BookSlave78 says

Too much of this. Not enough of that.

Where to start? I grabbed this because it was free. You know that old saying...you get what you pay for? The premise was interesting enough to tempt me, but the story fell flat. We are introduced to the heroine as Mandy, but according to the blurb, and the rest of the book, her name is Faith. I abhor grammatical errors and typos. This work has more than its fair share and I find it distracting. Get an editor.

No connection to characters, especially the heroine. She goes from cold and wary to suddenly hot and accepting in no time at all. Everything felt rushed. Story really needed fleshing out.

Repetitive phrases. Seriously, if I had to read "sly smile" or "eyebrows crashed down" one more time, I was going to scream.

This should have been a sample. Perhaps authors should stop dropping these "series" and just focus on one, completed story. Will not be continuing to part #2.

### **Lindy says**

#### **Blood Thief**

I'm going back and forth on liking and disliking this book. The cover is what drew me into the Blood Thief.

---

### **Tammy Sowards-Sanchez says**

#### **Cool**

New twist on how a vampire finds his other half and the way he tries to win her over. Will he succeed or will he fail.

---

### **Linda Rich says**

#### **Blood Thief**

I liked this because it was such a quick, easy read. It had a little of everything in it. Would recommend it to any of my friends.

---

### **Mia LeNae says**

#### **Harold sees all**

I can understand the frustration with the book especially if you had questions about certain aspects that were not answered in the first installment. Short and sweet. The girl had some feisty to her. But that whole running into danger thing threw me. Just stay in the car. Not. Hard.

---

### **Kate Moffatt says**

This book requires a lot of proofing and editing, it also needs to be more descriptive and not so rushed. If those few items were undertaken I feel it would be a good book.

---

### **Mya says**

I love the characters but something about the lack of details got me

### **Jennifer Holzapfel says**

A florist shop worker is approached by a strangely dressed man, who buys many hundreds of dollars worth of roses. The only catch is, he demands she deliver the flowers or he will cancel the entire order. When she delivers the flowers, he won't let her leave without attending a party with him. At said party, she realizes he is a jewel thief and a vampire. He bites and drinks too much of her, and she will now become a vampire. Will she stay with him and learn to be a vampire, or will she stand out in the sun and end her undead life? This series is off to a very interesting start, and I will be reading more of it as I find it.

---

### **Diana Gioia says**

It was an ok read, could have done so much more with this book.

---

### **MaryLynn Kebort says**

**Blood Thief #1 is interesting reading. A little out there, but then that's why we read books.**

I enjoyed reading Blood Thief #1, because it was a break from my real life. It's fun to switch up now and then. I wasn't sure where the author was leading me, which was refreshing . I don't like to know the ending before I finished reading. I just wish the story ended so abruptly.

Blood Thief #1 is good reading for ages 15-100. I enjoyed reading something different for a change.

---

### **Christine says**

I enjoyed the book but I was disappointed to find out that the additional books in the series were written episodically.

---

### **Jeannie says**

A short paranormal romance that will keep you turning the pages.

---

### **Vera says**

#### **Vampires!!**

If you are a fan of vampires you will love this story. It is a well written and imaginative book.
