In Bed with the Mafia Boxset: Kissed by the Don, Touched by the Don, Desired by the Don S.K. Lee
Call me a greedy bastard. A heartless capitalist. I don't care.

All I care about is winning and making money. That's how it works on Wall Street. And that's the only way I can get respect from Don Giovanni Fancelli. My father.

I always work alone and it's always worked for me. Until I had to interview her. That's when I knew I was in trouble.

Vicky is beautiful and independent, but above all, she's smart and has the mindset of a hustler. Just like me.

I can't deny the attraction I feel for her, but let's be honest: she's an outsider. The family will never accept her. And she'll probably never accept who I really am.

Meet Enzo and Vicky in this witty, flirty, steamy new adult romance packed with action and suspense. And a bit of humor too.

This boxset contains a dominating alpha male hero, a strong independent heroine and scenes of a sexual nature.

This boxset includes the following books in the series: Kissed by the Don, Touched by the Don, Desired by the Don.

In Bed with the Mafia Boxset: Kissed by the Don, Touched by the Don, Desired by the Don Details

Sharon Mariampillai says

Book 1 - Kissed by the Don: 3 stars

This was a quick read. To me, it felt more like a novella than a book. The concept was different because it involved the stock market and how to use your smarts. The story starts off well and then it gets a bit boring as the story progressed. It was nice to get an introduction to Enzo and Vicky, the main characters of the story. I wish the story was longer and that there was no cliffhanger. Also, I hope Book 2 - Touched by the Don is better. Overall, a good start to the series.

Book 2 - Touched by the Don: 3 stars

This was a quick read. Again, I felt like this was a novella more than a book. The book continues right where book 1 ended. This book is about her winning the job and then being trained. The desire to have him is overwhelming at times but Victoria resists and continues training to be a trader. They have a lot of pent-up sexual tension between them. I thought that was the most interesting part of this book. The ending of this book is also a cliffhanger. I think the ending could have been better explained. I hope book 3 is better. Overall, an okay read.

Book 3 - Desired by the Don: 3.5 stars

This was a quick read. Again, I felt like this was a novella more than a book. The book continues right where book 2 ended. This book was about the decision to remain a trader or step in and assume the role of the leader in one of the biggest crime families. While falling for Victoria he has to decide if a long standing promise should be kept. They finally admit their feelings for one another. The ending of this book is also a cliffhanger. I think the ending could have been better explained. I hope that books 4 and onwards get better and more interesting. Overall, an great read.

Carol says

I really liked these books. It was an easy read just enough going on happy to by book 4 I will say one part caught me by surprise and I fell down laughing for a good ten minutes.

Epiphany says

Kissed by the Don: This is the first book my S.K. Lee I have read and it won't be the last. For me the title is a little miss leading. Enzo is not the Don his father is. This is not your typical mafia romance. I can't wait to see where this story line goes.

Touched by the Don: I loved the previous book Kissed by the Don and couldn't wait to start reading this one. I was a little frustrated with this book. I started reading this series because I was in the mood for a Mafia series. I hope this series starts to pick up more. I look forward to see what the next book has to offer.

Desired by the Don: This is the third book in this series and I can see that this is going to go slowly to get to the Mafia story line I hope it will be. How ever I am enjoying this enough that even though it ends in a cliffhanger I will read the next book.

jay-jay says

what a hot books 1,2 an 3

I enjoy it so much I just got 4 an 5 plus 6 threw 10 I really enjoy reading hot love story.I order some more of her books because she can put like seeing a movie.I guess I will stay up late tonight.If these are good I will order all her books .I need to stay on a house budget :(People would love reading them.They are are affordable an good books to read.Thank you for keeping so affordable. :) keep the good books coming I will keep getting them an tell my friends an family about them too.

louise constable says

I did enjoy these books but don't think I will be buying the rest of them up till yet there are 9 in the series, 3 box sets and the rest single reads. When you have to watch your pennies you have to choose your books wisely and unfortunately I cannot justify approx £2.50 on a book that is only 90 something pages long when I have read just as good books and maybe better with 300/400 pages for 99p. If you can afford to buy them then I would say go for it its a good read.

Robyn Shanks says

Loved It!!!

This was such a good read. Lovely hot & sexy men. Well written & I will be reading more of this author's books . Thanks.

Angel Bare says

Good read

Good story & plot. Enzo is sexy, but I think he needs to a little more decisive & alpha. Vicky is a great character.

Katy Halsema says

This book was okay. I felt like there was so much untapped potential in this boxset. I felt each book could have been longer and had more in-depth scenes and more backstory.

There were, it seemed like, a million paragraphs. Most of which only contained one or two sentences. That part was really annoying.

There weren't any spelling or grammatical errors that I noticed, which I really liked.

Mary Stockwell says

Average

This series is not quite my cup of tea. I do not think there is anything romantic within the mafia life style.

Brynette Turner says

I purchased this set thinking I would get a complete story and feel deceived by the cliffhanger in book three. While I would have given this four stars, it drops down to two because I detest being misled. I hold off on buying series until they are complete for a reason. The author showed total disrespect for readers by using bundling as a deceptive gimmick for more sales instead of an honest representation of what was being offered and instead of a complete package we get roped into an unfinished project. It's a shame because the author has talent, but I won't buy her books again because I'm so turned off by this glaring lack of consideration for the reader.

Mary aka scooby says

Enzo is wall street , and his father is a don. Vicky is trying to get a job on wall street and get a visa to stay in the us . Enzo is looking for an intern and the choice is between Vicky and another male . i enjoyed reading this is a good start start on this series. I enjoyed the chemistry between Enzo and Vicky i am not a fan of cliffhangers .
