Syx and the City (Situationships Book 1) Grey Huffington

The odds of Syx Rouge, aspiring fashion illustrator and current assistant to world-renowned vocalist, Amiyah Mallard, indulging in an unsolicited, overly pleasurable, steamy night with a man like Trough were slim to none. However, a slight turn of events redirected the odds in her favor.

Ultra-sexy and centric Syx was at her wits end. Her New Year's celebration had been strategically planned since her older sister, Sevyn, faced her fears and relocated to the Big City. In New York surrounded by laughter, love, music, drinks and the thrill of the people is where Syx desperately wanted to be. Yet, she found herself missing the very last flight bound for the Big City and stranded in Atlanta, GA. A hint of fate scrambled her way as she returned home after discovering her plans were shot. Amiyah Mallard, with her own agenda in mind, forces her husband to give Syx a lift, compliments of his private plane. A slew of unexpected, yet fortunate, occurrences leaves Syx dazed and confused after waking up on New Year's Day in unknown territory, on a dangerously comforting mattress, tangled in Italian sheets with her beloved boss's life partner. Trough Mallard.

This is a novelette.

Absolutely Loved It

Mercy B never disappoints and the same goes for this book it was amazing and I couldn't put it down. Now off to read part 2. I know it will be even better and juicier than part 1.

LITerary Plug💜QueenIvy says

A good read

This was a bomb short story had me from page one, I wish I had more of Trough and Syx I wanted to know how it ended

Latasha Martin says

Short and Erotic

Amiyah was f*cked to cheat on her husband Trough in their home with her backup singer Grammar and tried to threaten Syx when she caught them. Syx was attracted to Trough and he was attracted to her but they both hid their attraction for over a year until one intoxicated night in New York City.

Ladii Zig says

City of FUN!!!

OMG this was soooooo good now I mad that it wasn't longer than what it was. Syx got the good D and had the time of her life in just a couple hours. It's crazy how all that time Trough really had a thing for her and tried to disguise it by getting her fired, boy how the tables turned. Loved it!!

Malaika says

Whew!

Many people think men don't love be easy or hard but a lot of them do. Although I don't condone the situation between Syx and Trough, I understand. Can't wait for the next book.

Pen Game Confessionals says

Syx & The Big Apple

Hmmmm I don't read shorts but I couldn't pass this up. I love this author and she didn't disappoint. This book gives me a "Sex chronicles" type of feel. Sexy, alluring, interesting...

The perfect recipe for a short story...

Abeni Gregory says

Short and sweet yet extremely satisfying

I normally dislike short stories but this one was good from the beginning to the end. Didn't expect that ending but it was more than enough to keep me satisfied with the story being over.

Daphne says

Soooo...when is the whole book coming because this short story was juicy. Syx and Trough need to get their life....together. Wifey needs to feel the pain coming her way. I need the backstory, current story and conclusion with this one. Good read

Nadia Adams says

Damn this was short but so good!!!!

Wow all this time he knew what his wife was doing, now she's ruined a good man for the next woman, but Trough was drawn to Syx like a moth to a flame...

Vernique Wilson says

Awesome read

I can't wait to read the next book. I love Syx's character. Her boss has another thing coming if she think her husband don't know what's up.

Vernell Howard says

Great Beginning!

What An awesome way to enjoy a New Year's Eve party with your sister in a hot and popular club, with a man who is a God that always smells divine, knowing he's not mine, but I enjoy and give into the cat and mouse chase anyway. Guilt and a night of passion what an ending. Love It, but don't condone it. Next! Great Read! ? Renee G

Shirley says

Loving Trough, so far!

This is the first book that I've read by this author, and I really didn't like the book in the beginning. But as I kept reading, I started to like Trough and Syx. So I think I'll keep reading the series to see if it gets better.
