## **Billionaire Daddy**

Falling in love with her billionaire boss was the last thing she expected...especially since he was a single dad...

Maddox Moore already made a name for himself as a chef and successful restaurant owner before life threw a wrench into his own plans, and now he's a multi-billionaire single father who doesn't have time for anything outside of work and his kiddo.

After a night at a charity event, Maddox makes the sudden decision to bid on a date with a beautiful red-headed woman Evelyn, and twenty thousand dollars later, he wins her for the night.

He soon realizes that one night isn't enough...he wants more of her. Too bad she's not interested...yet. Can Maddox win her over without spilling too many of his secrets in the process, or will his desire for her have him baring all?

## **Billionaire's Vegas Night**

How does happily ever after begin? While you can no doubt think up a million romantic ways for it to get started, getting sloppy drunk and passing out probably isn't one of them. Which is why Luna is so mortified to find herself waking up in her boss' bed in Vegas, her memory of the night before little more than sporadic flashes.

While she is embarrassed, her billionaire boss, Gabriel, is unfazed. Unlike Luna, he remembers the night before--including their wedding, officiated by Blues Brothers impersonators. No, for Gabriel, everything is just fine. Until the police come knocking at the door of his hotel suite.

And why are they knocking on the door of his hotel suite? Because not one, but two of his ex-girlfriends are in the same hotel as him--and they are both dead. Strangled to death during the night. And he is their number one suspect.

And his alibi can't remember a thing.

Will Luna and Gabriel be able to carve a path together?

## **Billionaire's Best Woman**

She didn't expect to fall in love with her best friend...

On paper, Parker's life is amazing. His tech company is worth billions, he works just a few hours a day, calls the Florida Keys home, and has a smoking hot girlfriend. Sounds pretty sweet.

And that doesn't even take into account that his best friend, Sienna, helps him keep his life both fun and

grounded. But it is with her that things go a little sideways. He has felt himself attracted to her for some time, and she has long carried a torch for him, but neither let each other know. Is it too late?

### **Billionaire Beast**

After Billionaire Aiden Walker lost his entire family in a tragic plane crash, he wanted nothing more than to be left alone, so much that he fired his entire staff.

He mourned his loss by drowning himself in booze at a small bar on the wrong side of town, where the local bartender became his only friend.

So just when he thinks life couldn't get any worse, one of the families involved in the tragic accident is determined to ruin him with a lawsuit that could take his sprawling Savannah estate.

The two fall into bed, but will her lies destroy any chance for love once Aiden learns who she is?

### **Billionaire's Valentine**

Declan needs a new assistant because of his poor behavior. But as luck would have it, Emmi has also recently been chased off by a badly behaved boss.

### Kathy says

Within this box set you are getting 5 really good books for a great price and they all have HEA's. I liked some more than others but they are all good in their own way. So if you are looking for a good weekend read, this just might be the set you are looking for. I'm rating the set a 4 due to some of the books I read were a 4 and some were a 5. Enjoy.

4.5 stars

Did someone say boxset? Yes please! This is a five-book compilation of billionaire stories and a reader cannot go wrong with picking this one up. The first book is about Maddox and Every. Neither one is looking for children or a long-term commitment. However, sometimes we do not get what we want or do we? The second book deals with Gabriel and Luna. Luna has been working for Gabriel for two years and suddenly finds herself in his bed while attending a meeting in Vegas. Will she figure out the truth? The third book introduces Parker and Sienna. These two have been best friends since they were young but never dated because Parker did not want to lose her friendship. However, Sienna has always had feelings for Parker. When Parker gets engaged, Sienna does her best to be the 'best man' until she really gets to know Parker's fiancée. Will this be the nudge to get Sienna to act on her feelings? The fourth book tells Aiden and Lexa's story. Aiden grew up with tragedy as he lost his parents and sister in a plane crash. As he just manages to get through each day comes more bad news. He is being sued by Shawn's family, the boyfriend of his sister, who also died. In order to cope, he drinks and crashes his motorcycle winding up in the emergency room being cared for by Lexa. As she takes care of him, she begins falling for Aiden. However, she is hiding a major secret. How will Aiden react when he finds out the truth? The final book chronicles Declan and Emmi. Declan is working with a partner, Teddy, to build theme hotels. Upon the retirement of his assistant, Teddy suggests his daughter as a replacement until he finds someone permanent for the position. However, there is one condition that Declan not sleep with her. Due to a strange twist of fate, Emmi and her best friend go out the night before she is supposed to begin her new job and sees her new boss. Will Declan be able to keep his promise to Terry? Claire Adams is a talented author who manages to keep things interesting even with similar storylines. I especially enjoy the way her characters develop throughout the story. This is one box set you should add to your read list.

I volunteered to read a copy of this box set.

The Billionaires Box Set is exactly what it sounds like. It's not a bad thing by any means. It's actually quite good. There's variety in the stories, not to mention the drama, sexy and sweet moments throughout each story. Can't go wrong with this set! I had the wonderful opportunity to read most of these books as they were released, for a voluntary, completely honest and non incentivized review.

The last book is called Billionaire's Valentine with Declan and Emmi. Declan and Teddy are working together to build hotels with themes. So when Declan looses his assistant to retirement, Teddy tells him his daughter can help out till he finds another. One rule though, never sleep with teddy daughter Emmi. The night before she starts her temporary job helping her father's friend out, she goes to a club with her bestie. While there she watches a gorgeous guy try to pick up these two ladies. Emmy laughs and thinks what a self absorbed jerk. Well her new boss is that jerk. Can Declan keep his promise? Great read. Claire Adams has not let me down yet.

**All of these books were winners!!!!**

Loved each of the books. Each one was different, which was an unexpected surprise. Most of the boxed sets I have read are so similar in their plots. Character development was great, and the store were all feasible.

Read these and you will not be disappointed. I will certainly be following this talented author.
