What happens when a perverted bastard gets turned into a dungeon? Pretty much exactly what you'd expect. But the dungeon has been explored by the military now, and is open to the public, for those adventurers brave enough to venture in and risk it all in the search of power, riches, or the ultimate thrill. But how will a dungeon that revolves around plants and slimes evolve once the second floor opens up?

Edward Zeauskas says

Better.

Much better than the first. The characters have grown in depth, the writers own style is coming about, and this time, the story was much harder to put down.

Vincent says

As good as the first book!

Another great book! Great characters, good action, very lewd Dungeon... great book all together if a little short for my tastes... I can't wait for the next one!

Heath says

Good Read.

A LitRPG Dungeon Core story. A adult theme story (not for everyone). A deviant dungeon is the center of this interesting story of the leveling of the dungeon.

Dennis Heizelman says

Different kind of dungeon

Interesting set up and back story. Different way to go for the dungeon, a little twisted but that's ok. So far not your usual story. Can't wait to see where it goes.

Samuel A Taylor Jr says

Better than the first because it focused more...

...on a story that included violence, sex, and violent sex, than on violent sex with a less developed story as the backdrop.

Adam Shook says

Crude and entertaining

A good little short story would love to see it as a full novel. There are small grammar and punctuation errors but nothing that would break immersion

Kithkannan says

Good, but really short.

This series was kinda made for me. It's not perfect, but it is fun and entertaining. I REALLY wish the stories were longer.

Davidl Campbell'Sr says

Not too Bad

This series although it's a short story telling is pretty interesting for a harass dungeon that makes people have sex? This could have been a lot worse of a story congrats to the author!!
