SELFISH...

The saying "You Can't Help Who You Love" is so true! Meet childhood friend's, Mica, Jas, Mike and Wes. Along the way you'll meet a couple of outsider's trying to be seen lol.

Mica and Jas have been best friends since the sandbox. Wes so happen to walk into his home and noticed Mica, right away. It was love at first sight and no matter the time, the feeling never went away.

There's one thing, Mica is in love with Mike and has been for a very long time. Tag along with this group of friends as they deal with every day life situations. In life it's always someone who can't seem to let go! A MUST READ!! No need for a rollercoaster at an amusement park, with this one.

Wtf did I just read

This book was so ratchet and unrealistic . It left me smh. Everybody was sleeping with everybody. Just a mess. I will give the author an A for Effort and for having a good storyline. I'm low key ready to read part 2. I feel like the author rushed the events that occurred with the characters. I would like to see the author develop her characters more. Overall it was a good book just too much earnestness for me.

Deitriah says

Page turner.

From the very first page to the last, this book, is a page turner. You would not be able to stop reading once you start.

Mika has some issues. My first is why you with a man that is beating you the way Mike is. He can love you, but that is one that would be six feet under or not in my life. She doesn't realize it but it is a small world because when the females that want your man is plotting against you. You best friend proves she is not your friend the it is time to go. All ties to everyone would be cut. Great read.

Reason for 4 star rating

I was asked to read this book & of that I did. At first I kept getting lost in the book meaning it jumped without giving a timeline. This book has a good story just missing timelines. Mike is dead ass wrong for how

he did ol girl but she was so damn quick to jump in a relationship with Wes. Lol then Wes sister wants her too. Everybody sleeping with everybody and poor old Mike is the pappy to all the babies ?? overall the book is ok so I'm gonna read part 2 and see if it gets better.

Satisfied Reader

A whole lit of DRAMA!!!!!! These characters cheat,lie and betrsy each other in the worse way. Jas is a snake and she's only wants what's best for her. Mike is so in love with Mica that he didn't think twice sbout his daughters. Wes found the easy way to get over his anger. But it turned out to be a terrible decision. I can't wait to see who will be happy in pt.2

In Love With A Southside Nigga

The drama just keeps on! When I think Mica and Wes bout to be happy but each still hiding secrets, the worst happens. The shenanigans that Mike and Jas and Ashley pull takes the cake and on their wedding day. I can't wait to see what happens!

This book kept me on edge. The many plots and twists all point back to Mike. Man I don't know who team I'm on! But I'm rooting still for Mica and the girls!

Interesting

In Love with a Southside Ni\$\$a by Hydiea is a interesting and good read. It's my first time reading from this author. She does a phenomenal job. Hydiea is a good author and her writing skill is phenomenal. There is drama, abuse, cheating, disrespect, disloyal, and many more from this book.

I'm surprised how Jaz's behavior from this book. What's she did to her brother and her best friend? She is cross the line, selfish, ignorant, disrespectful and evil to her friend and her brother. Mica and Wes are cute couple but they're not innocent. Mike is a something else. Ashley is crazy,

I can't wait to read part 2 of this book. I want to read more books from this author.

Good Read:

This is my first read by this author, but not my last. I must say this book was so crazy and had so many twist and turns. The drama, lies, secrets and cheating made this book a really good read. Kept me wondering what's happening next and with whom. I really like Wes for Mica even though the both of them have made mistakes he really love her. Mike is so fertile he got babies coming from everywhere. Wes had really made his worse mistake by dealing with Ashley and hope it don't cost him his life or Mica's. Mike is just as crazy as Ashley with what he did to Wes. With Mike and Ashle working together I hope everyone is okay. Jas is nothing but a snake slithering around to get what she wants...selfish. After that ending I can't wait see what happens next. Job well done Hydrea and you've gained a new fan.

Interesting

Mica life was filled with drama. From dealing with a abusive ex to a trifling bestfriend. She couldn't seem to catch a break. However she caused some of the problems that she was going through. Jas is scandalous. Mica should have left her alone when she found out what she has done to her. Mike seems like he had to have everything Wes have. It's amazing how these characters lives intertwine and none of them knows.

4.5

First read by this author. Wow! These characters seemed to know each other quite well... I was surprised at Mica & her relationship with Mike despite their violent past. Wes seemed the better of the two but his actions were suspect also as well as his sister Jas. Plenty of drama throughout making this book difficult to put down until the end. Looking forward to discussion & so ready for next part!

Great

This was my first book by this Author . I loved it. Couldn't put it down . Mica got three people in love with her. Wow. How could Jas do this to her brother Clearly no loyalty! This Author is bad with a pen! I look forward to more. Hope the Girls and Wes are Okay. This is a must read! I need part 2 like now!

rashanda young says

I need part 2 like now

Where should I start! First of all Mike a punk b*tch should've just took that "L" and kept it moving. You wasn't loving Mica like you should have. Ashley dumb move leaving Mica alive. Jas the true definition of a snake.. Grimey ass! She should have just cherish that forbidden nut she got and found another chick. Greasy ass should've wore her crown the correct way and been her brother's keeper! Sean keeping up a lot of shit low key lol. Wes thought you were a little smarter than that..you should have known who was messing with you in the streets..shame on you. Mica girl you should have kept your goodies to yourself! You have people doing dumb crazy unloyal shit trying to be your #1 . I hope Karisma and Whitney be ok....Part 2 me please!

tanessia ford says

Wooosaaa

Mica is really getting on my nerves with her indecisive behind! She really needs to leave Mike alone. I really don't think he is capable of change idc idc! She needs to be by herself! She wasn't even single 5 seconds who does that! There is something seriously wrong with her. Can we just throw Ashley, Jas, & Mike away please and just start all over! I feel sorry for Des! But not Mica that's what her behind gets she brought all this on herself. She needs to go say down somewhere

Good Book

This book was really good but everyone in this book is stupid. Everybody sleeping with everyone. This book made me so mad but I couldn't stop reading it at the same time. I just feel like everyone deserves each other since their all being stupid for each other. I've never in my life read a book like this but I can't wait for the second part to come out because I need to know how it's going to end.
