Return to Eddarta Randall Garrett , Vicki Ann Heydron
Confrontation With Destiny

Their mission to the lost city of Ka a resounding success, Rikardon and Tarani begin a long trek across Gandalara. Their journey leads them to a savage conflict with the ape-like vineh, a bittersweet reunion n Raithskar, and, at last, to their goal: Eddarta, seat of government. There, Tarani must call upon more strength and determinatin than she has ever summoned in her life to face off against the treachery of the wicked High Lord Indomel for her rightful place on Eddarta's throne.

Jonathan Palfrey says

Like the preceding volume, this is a straight "OK". It takes us quite pleasantly and competently through the steadily unwinding plot, without providing any scenes that I find compelling. I read it just to find out what happens next.

It's instructive but mystifying to see that an author can write this fluently and competently and yet produce a novel that lacks fizz and doesn't engage my enthusiasm. Some other authors may not seem to write any better, but they succeed in writing scenes that I positively enjoy reading and want to return to again and again.

The plot is well contrived in that it goes along through seven volumes at a fairly brisk pace, always coming up with some new twist and turn; and it all seems to fit together so well that I think the whole series must have been sketched out in advance, before the detailed writing began.

Timothy Boyd says

Nice fast paced Fantasy read. Good world development and characters. Nice read overall. Recommended

Karen says

I learned that I would be very happy if I could ride a very big cat which shared a mental link with me. I would also find it beneficial to have mind control over others as long as I used this power for good, not evil.
