Carnalli Crisis Passhenette1

Short *Prequel* to Chronic Carnalli Complex told from Cobryn's PoV.

Note: Previous stories list Con's name as "Condor", but I've decided to change it to "Connor". I'm hoping to get the changes made eventually in the other stories, but sorry for the confusion in the meantime!

Words: 5330 complete

Nile Princess says

Usually very kick ass, quietly dangerous, mafia type MCs give me the warm fuzzies and make me cheer for them, but Quentin scares me so bad I keep him at arms length. I just can't get a read on him! There always seems to be a lesson for the brothers in everything he does, and some kind of method to his madness, but the madness is maniacal! Hopefully, things become a bit clearer in Part 3.

Charmaine Stephens says

This was a fairly short story. But it packs a punch that I loved. Cobryn is hilarious!! He said some of the funniest sarcastic jokes to piss off Quentin that cracked me up often.

"Do something nice for me, and I might feel charitable enough to give you more. But you haven't earned a glass yet."

I scowled

"Fuck you then! I'd rather baby bird eat from a dead monkey's ass first."

Quentin is still a rude hard ass as usual. But in some twisted way I think he cares for his brothers at heart deep down underneath it all. He just has extremely beyond sadistic crappy ways of showing it.

I am going to miss these naughty & fun Carnalli brothers! I have such a book hangover trying to get over them. I hope the author writes a continue giving us a book #3 soon please! ASAP!!

Lili says

Wow! Just wow! That was amazing. Con and Cobryn were my favourites in the first book already, and I was a little disappointed because they were not too much appearance in the second one. But this story! I'm totally, totally in love with them! And Cobryn's POV! Yayyy! I like his hot-temper and I really like the way Con treats him and makes sacrifices for him.

Please give us more of these two in the new installment! :D

S.J.D. Peterson says

Overall story is a 3 but the extra star for it being Con and Cobryn!

~ Lei ~ Reading Is An Adventure ~ says

A prequel to Chronic Carnalli Complex, this is how Mitch Shearer comes into the brother's lives, he was already Quentin's business rival from Cobryn's point of view.

The author also notes changing Condor's name to Connor in later editions.

Alex Wolf says

I love Cobryn's view!! He is so endearing and hilarious! I would love to see more of him (even though we all love Alain) as well as Quentin's POV. He would be very interesting to write about (?) Either way this was a lovely short piece/ gap closer. Woo!

Dreamer says

An excellent Carnalli Brothers short told from Cobryn's PoV. Middle brother Cobryn, is the volatile, hot-tempered one. I really enjoyed this character's interactions with his elder brothers in this one.

Leon Paulo says

I think Con and Cobryn secretly love each other. They can deny it but they just can't hide it. Amazing POV!

Joseph Tonlet says

Very enjoyable.

Quentin <3

Skye Blue ?*~??('`?)~*? says

Gotta say, I didn't miss Alain. Although I do like Alain, I'm more interested in Cobryn and Condor (Sorry,

but he'll always be Condor to me.) I can't wait for book 2, to see what happens next with these two.

Quentin...well Quentin is always interesting.

Somehow, I get the feeling that I'll be begging and pleading for a book 3 after I finish the next one. Luckily, I read yesterday that is in progress of being written...so YAY!!!!

JustJen "Miss Conduct" says

I think I liked this more than the first one. It felt more focused and was easier to follow with only Con, Cobryn and Quentin in the majority of the story. The plot thickens with Con and Cobryn's relationship, and Quentin continues to be one sick bastard.

Erica Chilson says

4 Stars

Adult Fanfiction: Status: complete

Cobryn's POV. I enjoyed a look inside his head. 4 star because it ended abruptly, and I wanted more from his perspective. I was slightly disappointed when the next book started & we were back to Alain.

4 stars belong to Quentin, my favorite sociopath.

Em says

My God Quentin is as scary as hell, but I can't get enough. What about that scene at the end!!! Straight on to Chronic Carnalli Complex 2 now, great!

Alvin says

GOT ME HOT AND BOTHERED ALL OVER AGAIN.

Not again!!! But I apparently, I still loved it! This is sooo wrooong!

This one was in Cobryn's POV. If you've been waiting for his POV then this will give you that.

A lot of things happened in here that I won't spoil. Except this: You'll get a small peek of what's been going on with Cobryn at Con.

And again, there's still STRONG CONTENT in here so beware.
I bravely made through without cringing. Thank God.

These brothers are just totally crazy. And I love it.

A must read for those who loved The Carnalli Complex.
