## From Reader Review Thrill Ride for online ebook

### Chelsi says

I think that the Hardy Boys are very brave to be part of the ATFC organization.

### Aarshi Ray says

---

### Vidula Pagar says

it was just amazing. never read a book so thrilling!

---

### Mary Ann says

Still not thrilled with the petty bickerings of boys jealousy over who is cuter to girls. The boys are sent to an amusement park that is being sabotaged.

---

### Nick says

I personally loved the fight scenes in this book. The hardy boys kept my attention all the way through and I am pleased to say that I want to read the other hardy boy books in this series.

### Jerry says

#### A Quickie Review

Another fun installment in this remade series.

Score: 4/5

### Kristine Hansen says

Come on guys, you were raised better than this!

The mystery was WAY too obvious. At least the thrills were there, the fast pacing and adventure were good. Loved the water slide incident which had that little chill factor (and will probably have me avoiding water

parks). But on the whole I was a bit disappointed.

It was just TOO easy, even for a kid's mystery.

### **Gabrielle Link says**

I like this book so much!

---

### **Glen says**

Back in the day, I probably read the vast majority of Hardy Boys novels. I acquired this new, modernized series novel and gave it a try.

I liked the old ones better.

In this incarnation, Frank and Joe belong to some super secret spy type organization started by their father, ATAC. This seemed completely unnecessary, but maybe the kids dig it. Still, it seemed like something from a 1960's comic book inspired by the Acronymania The Man From UNCLE begat.

The story itself, about sabotage at an amusement park, is okay, not really up to the standards of the best of the Hardy Boys series, or the Three Investigators, but isn't bad.

### **Dulli Ahmed says**

This is a very good book. It is not as good as the first though.

---

### **Nico Pocho says**

I give this book ?????????? because it is very mysterious and fun to read. This book involves many sequences where Joe and Frank the kids, that work for ATAC try to find many suspects of what happened to innocent Maggie Soto in the Doom Ride. This book is amazing to all types of readers that like books that only involve twists at the end and which is very mysterious.

### **Amy says**

[Thank goodness it was just a stage knife! Way to be prepared, Frank! (hide spoiler)]

---

### **Jack says**

This is another great sequel to the previous book. This time, Frank and Joe Hardy are investigating an amusement park death. A cave on a roller coaster collapsed on a woman, killing her. People think that this was all an accident but the boys don't think the same. They are off in another mission.

Throughout the book you will read about possible suspects and all of the near death experiences that Frank and Joe are faced with.

This series is a great one for anyone who likes action and mystery.

### **Josiah says**

Ok, so I know I've said this in other reviews of this series, but this series just isn't as good as the original series. This particular book was so far the best in the series I've read. It has a lot of excitement, and when they get stuck in the water slide, I genuinely felt the intensity! The author also does an amazing job at keeping the villain a mystery, I never once suspected the actual villain. Read the book to find out!

### **Thravina Mangra says**

As far as I am reading it is a very exciting book that makes you want to read
