Renata SG says

Was hoping this 2nd book would be more exciting than the first but once again, disappointment
Storyline to the 2nd part of this saga was disappointing & very disappointed at how quickly Kat made "the decision". Wasn't realistic I'm still hoping that the 3rd & final book makes it worthwhile ...

Dayte says

This was an adventure and I can't wait til I read the next book. I really need too know what happens next...
Two thumbs up!

Kathie Buss says

Good thriller book

Gita Sturtevant says

Wow

Even better than the first one if that is even possible. There are not enough adjectives that describes
perfection. That book is . Perfection

Melissa Boots says

Lacking substance

Like the first book, characters and ideas went undeveloped. Which was very disappointing because it's a
good story, but it was lacking the depth, and things became somewhat predictable.
