Interview K. Matthew

Previously published as "My Emo Sex Slave".

Alex was looking for a job, but what he finds is so much more.

Searching for a job sucks when you have no experience and absolutely refuse to work in the food industry. In desperation to escape the nagging of his mother, Alex hits up the classifieds to apply for every job he can find that he qualifies for. When he gets a call back to come interview at a luxurious mansion, Alex has no clue what he's in for. Will he be able to handle the unusually thorough and physically personal interview process?

Content warning: *Contains explicit M/M sexual activity, including: masturbation. All persons depicted in this story are at least 18 years of age. Themes in this book include domination, submission, power play, straight turned gay, body piercings, barely legal, bondage, and age gap.*

Maggie Simms says

My review is for the whole series. 4.5 stars
Warning: might be spoilerish but no real spoilers!

I don't know what inspired me to buy a book with such a title. It sounded like a total joke. HOWEVER, it is a GREAT series. It is angsty and well developed. I wasn't sure that I was going to be able to identify with Alex, our emo MC. I totally loved Alex. My heart went out to him in his moments of sadness and depression. All he wanted to do was please Sebastian.

Sebastian was a TOTAL bastard who only knew how to take, take and take from poor Alex. He never once listened to his needs or wants. YET I am guilty of enjoying the story of these two. I thought the gradual seduction of Alex was beautifully executed. The scenes (minus the party and the invited guest) were all very sexy.

I was soooo glad when Alex finally walked out on Seb after the party from hell. On my part, I would have liked to see a bit more groveling from Sebastian and a look into their life as a couple after the reconciliation (because I still wonder if these two will work out in the long run) to make it a 5.

Dallie P says

Full review on Complete Series. Rating purely based on writing, not content. PAY ATTENTION TO WARNINGS LISTED IN DESCRIPTION.

Pati says

Well written, interesting beginning of a series.

Sheila says

This was an interesting introduction to a potentially intriguing series. While I really don't care for short reads that I have to pay for, I think I will check out something else before downloading more.
A story of a young man looking to get out of his mom's house leads this guy down a path he is a little excited to check out.

Valeria DePaula says

✓ Letto! E poi?
Sapevo che si trattava di un racconto corto e che come diceva il titolo, di un colloquio di lavoro.

Quindi, perché adesso vorrei tanto la storia fosse continuata e sapere come sarebbe evoluta la relazione del inserviente e il suo Master.

Wow! Non è cominciato affatto male per uno che ha affermato di essere etero.

Aspetto il seguito!! :D

Per me è ♥ ♥ ♥

James Johnson says

this is a great book that sets you up for the rest of the series. that being said, this is a freebie while the additional books are roughly \$3 each. I wish I had known that before I read this one.

Dolores says

Received this for free in the trilogy of the first 3 His Emo Servant 1-3 to give my True and Honest Review

I'm sorry to say I found it quite slow to read which I hate as I love her normal books that I have read. But away from that If i found the interview sorts very strange and if I was in that position, if I was Alex I would've ran away ESPECIALLY when he WANTED me to STRIP.

So we're seeing Alex in the desperate NEED to get away from his mother's disappointing looks and words of disgrace that he hadn't wanted to go on to college. As he didn't hear back from Mr Dacy he gets a job that he detest everything about it, so AS SOON AS HE HEARD HE'S GOT THE JOB, he JUST DOESN'T GO BACK IN AFTER LUNCH

Nic says

This first instalment of the series is free. I quite enjoyed the story and would be interested to find out what happens to Alex next. However not to the point of being willing to pay \$2.99 for each instalment which are under 30 pages each, particularly as there are 9 parts to purchase.

Cindi says

3.5 stars

One **ADULT** review for all nine stories in the series can be found at On Top Down Under Book Reviews.

Emma Sea says

This freebie is designed to hook you into the series: I think 9 parts currently, at \$3 a pop. This is all set-up: an emo guy (and how I hate that term) interviews for an undetermined personal-services live-in position. The interview includes videoing himself masturbating.

It was nothing special, but it did prompt me to buy two chapters from the series to see what was going to happen (I read parts 7 and 8, because lets face it, I wanted to cut to the depraved chase, not pussy-foot around with a slow build-up.)

EDIT 12 May 2013: I see there's now a \$6.99 compilation of all the books in this series, which is much cheaper than each chapter.

Christy says

This was a free read and a good thing too because I doubt I would have paid for it. It was whiny and the MC as an emo (I hate that term) was ridiculous. All in all, thank goodness it was only 28 pages as it didn't take up too much time.

Trisie says

Review for the complete series

I'm not sure if I actually like the book or not. The true is, it had quite emotional impact on me, that's why the rating. It's that kind of storries where sex and lust evolve into love at some point and let's say I can see some people being at least doubtful about loving in Sebastian's case (especially those who are expecting a sweet BDSM story from a drawer of Sean Michael)

Alex is a sweet and naive teen who is about to become a sex slave for his Master (Sebastian). Even though he isn't attracted to men in the beginning, he accepts the job offer because of money he's promised to get. Then it seems it could be slowly getting to the point we're expecting (them falling for each other) till another side of Alex's job is introduced - "fun" in a dungeon.

(view spoiler)

Hc says

I'm getting the impression that this is one book split up into several chapters for who knows what reason.. While the beginning sounded interesting it cuts off abruptly..

Upon reading the blurbs for the rest.. gets further and further into sex play and practices that I would not enjoy reading about

Julie says

Free ebook. Surprisingly page turning and not full of cringe-inducing writing as other free ebooks I've found. I don't like the master's name. I keep wanting it to be "Darcy" instead of "Dacey."

Tamela says

3 Stars... For a free read it was good. Interesting premise. But it just wasn't enough to interest me in paying \$3 for each additional "chapter". I don't pay almost \$30 for an adequate read. Sorry, I won't be going further with this series.
