Farrah Chambers: She's the good girl, a bit embarrassing, friendly, an animal lover, and clumsy. She's a bit sarcastic when she needs to be, but no one really bothers her. Her life, is good.

Cameron Carter: He's the bad boy. He's wild, popular, good-looking, great with girls, and he's a total untamed bad-ass. He's the school's 'popular boy' and loves to embarrass people. No one dares bother him though- his life is good too.

Farrah Chambers and Cameron Carter. These two have had run-ins and bump-into's every since they met. Life for them both suddenly gets a bit more embarrassing, a lot more crazy and shakes itself into confusion and questions. But there's one big question- can Farrah tame this bad boy? Will she even get the chance?

i remeber it to be a cute book..

Britney Juman says

I absolutely positively loved this book. I think my new favorite genre is romance...I kept laughing so hard I think my brother thought I was insane. I can relate so much to Farrah and her brother. My brother is over protective and stuff but he doesn't hug me or keep me company which sucks.

Colleen Chan says

so goooooood

Etch Jonas says

I can still remember the story. I mean, I already read the book on Wattpad and I kinda love it.

Sagaana says

The books was soooooooo amazing! I loved it! Farrah and Cameron are so cute together!

Sara Eisy says

"OK".

It was definitely interesting during the first few chapters, but what happened?
Everything just happened way to fast and way to bland,

CLICHE.

An 'ok' read, though the male character is IMPOSSIBLE.

Valerie says

IM LIYERALLY SCRAMING THIS BOOK IS THE ONE WHERE SHE CLIMBS HIS FENCE OR SOMETHING

JustSoTypical says

This story is to die for! I'm in love with it! The story line is perfect as hell!

I read this one on Wattpad and finished at chapter 7 as the rest of the story has been omitted by the author. Not blaming the author because the word "sample" can be seen clearly after the title. So it has been published as a book and available on Kindle. Congrats to the author! You can purchase this book under the name India Marshall.

Even though some people considered this story as cliché, I still put on some liking into it. It was really a light-reading and the beginning of the story caught my attention. It started off as the main character, Farrah Chambers with her pets. 2 dogs and a cat. I found it cute because I rarely found a teen fiction with that kind of starting. Millow is too sassy though!

Cameron reminds me of Cameron Highland hahahaha. The popular local attraction in my country, Malaysia. He's not that bad as I thought he will be. But, it's okay because that makes him a more ordinary guy.

So I'll be moving on to the next chapter which is available on the physical book. You guys should try read this one. Stress-free and sweet.

Tame is seriously a nice book. Cameron and Farrah are a nice couple. In this book we've got to nearly wait till the end for them to get together and it's a slow book which might make one frustrated yet reading it to the end is the best because all your reading is rewarded at the end. This book was an emotional rollercoaster ride for me.

The beginning was relatable and fast. The middle of the book was slow and at the end, the book went fast.

Lovely read.

Why didn't someone warn me?!

I really don't like giving a bad review since someone probably had put a lot of work into it but sometimes

there just isn't any way around it...

Tame was not a bad novel per se, it just didn't do it for me.

We follow Farrah and Cameron, two High School seniors from different social circles, on their journey to love.

Farrah has the habit to think out loud which makes for funny situations. Sadly, this was about the only part I liked.

I didn't feel a connection between Farrah and Cameron. Most times they behaved so ridiculously I thought the book was written by a middle schooler. And don't get me started on the ending...

Mikaylah T. says

It was okay, the ending seemed really rushed though. The story kept me entertained for the most part. There were errors but that's to be expected on wattpad

okay: Again! I won't spoil this story (try not to anyway) because, it's not my job to summarize this, (just kidding)

Farrah Chambers: She's the good girl, a bit embarrassing, friendly, an animal lover, and clumsy. She's a bit sarcastic when she needs to be, but no one really bothers her. Her life, is good.

Granted that there are tons spelling mistakes and grammatical errors, this book is actually fun to read, but the ending (epilogue) though, didn't satisfy me much. I felt as if Farrah and Cameron, after everything that they've been through deserves more than that.

compared to other books in WP this one is actually decent enough, so.. there you have it folks! 2.5 stars!

Jemimah says

I wasn't a big fan of this one, although I could say from the beginning I just wanted Cameron and Farrah to get together. (Lately I feel this way about everything. I just want two people to get together haha)

I guess I found it somewhat difficult to read through everything because there was lots of narration, and I always found it weird whenever she reacted with a loud 'awww' everytime someone did something she

adored. This book had so many reads on wattpad and I know I'm not a very good reader, so I guess this book is somehow okay.

Sweetfozi says

This was my very first book that I read in wattpad and I loved it! It was very funny and cute and fantastic!!!
