A Little Christmas Romance H.M. Ward

A Short New Adult Christmas Romance by New York Times Bestselling Author H.M. Ward

There's no such thing as second chances, and Brooke would know. This Christmas will be spent alone and uncelebrated, same as the last. It doesn't matter that she's a disgruntled mall elf, standing next to a chimney-scented Santa with the most annoying co-worker ever. It doesn't make Christmas more magical. It's just another day to endure, and the holiday can't pass fast enough. That is, until her old flame, Chris, spots her.

After taking a picture with Brooke in her elf costume, things take an unexpected turn. Maybe getting through the night won't be so difficult after all.

I was given an ARC in return for my honest review!

So here we go -

A Little Christmas Romance is a short but sweet Christmas novella. The main characters, Brooke and Chris have amazing personalities and it's what makes the story. From the very beginning it had me in stitches of laughter and by the time I finished it I wanted more, as always. I liked the back story of Chris and the way it ended was perfect. It's an awesome Christmas novella! So I am going to recommend this to everyone I know as it'll put a smile on their faces. It is definitely worth buying!

It certainly was for for Brooke & Chris! : D

5 magical stars!!

I received an ARC from the author for a fair and honest review.

The book was just okay. Cute very short story. The overall concept would have worked better if this had been a full length novel. I really missed not having their back story to read. I'm left with questions. Why did she have the impression she did of him? Was she gone for four years? Why didn't he try and find her, or did he?

I also wish I could have found a synopsis of this book. I thought it was going to be a Christmas story about the Ferro brothers.

Super fun, loving story! It's a quick read that will add some laughter and love to your reading time. It's amazing how we don't see things when they are right in front of us :-). Have fun with this Christmas love story!

HAHAHAHHAAAAH YES YES YES CHRIS YOU ARE ALL I WANT FOR CHRISTMAS!!!!!!!!!!

Funny, light, and just over 50 pages, it was a super quick read for me!!

Meet the elf-costume-wearing-and-I-am-not-fond-of-Christmas Brooke

She was all bitter and down because of some certain issues (and because she's wearing that atrocious elf costume), but look who saves the day!!

Her major high school crush, Chris!!!! And did I mention, hot, single, and definitely ready to mingle!!!

But Brooke doesn't want just another fling.....and so does Chris

I hoped that their past would have been written down but you know, I still loved this book!!!

Anyway, 5 STARS!!!!!!!!!!

I was lucky enough to get an ARC copy of this great holiday novella full of love and Christmas cheer. Even though Brooke does not like her job she is really good at it, how she interacts with the children is great, she has a way with them. I love how she describes how Santa smells to a child by saying he was working earlier delivering gifts and he smells like that due to coming down chimneys. I love when Chris pays to have his picture taken but not with Santa, but with Brooke. I always like the second chance stories, how the girl secretly loved the boy, and years later they get together only to find out he loved her back then too. Her family is rowdy and fun to read about but reading about her mother and how hard it is for Brooke not having her there for Christmas brought my emotions crashing down. I love how they are joking around, decorating the tree, and reigniting their feelings at his apartment while it snows outside, so romantic. I feel myself holding my breath when the first kiss happens, waiting to see if her biggest fear comes true. I love when he picks her up and spins her around and says "That was the best Christmas present I've ever gotten". It is great reading about her seeing his family after all of this time and her finding out the truth about Chris and what he has been like over these past few years. I was so happy with the ending, it was perfect, I was glad that it didn't end the way most would have, it was still a very HEA ending but more realistic to what would really happen. Once again, great book by H.M. Ward.

Muy cortito. Amo los amigos que se vuelven algo más y esta chica es un poco espinosa... me encantó Chris y odio que ellas siempre digan "ah es que es un jugador" coño, que parece que en esta vida uno no puede cambiar...

Se me hizo demasiado corta para disfrutarlo totalmente pero es bueno para pasar el rato

Christmas by far is my favorite holiday. I think it just makes everything more magical. For Brooke, she needs it. Not only does she have a crappy job as an elf on Christmas but, she has to hang out with her family that night. Which only reminds her of what she is missing...her mom. What Brooke doesn't expect is someone coming back into her life. Someone she cared for...Chris. He shows up while she's at work and wants to take her to dinner. She settles for him going where ever she wants. After a night with her family she takes him home. Where he has a winter wonderland. Complete with a tree and decorations. They are alone and are plagued with feelings. Feelings that Brook hasn't let go of. Can they have a special night? Will Brooke get her man?

This was such a fun little story. I loved the characters. Chris is pretty much one of the best men ever. He is gorgeous, sweet, and fun. He gives Brooke what she needs on this night. Sexual tension is buzzing between them. They have to talk things out! I was like dude, join her in the shower!! Now, that would have solved problems!

The 12 NA's of Christmas have blown my mind so far. This one was awesome and I will be purchasing the rest! It was a quick read and loved it! Novella's are awesome and so is Christmas love stories! Add this one to your collection!!

A fantastic quick read. HM Ward gives us a little Christmas treat with a cute second chance encounter romance. This is a great little read that fits in nicely between reads and in HM fashion tucks in just a bit of humor.

This was a quirky fun little book, my only wish is that it was bigger.

I think I read it in under an hour.

It would have also given me the chance to get to know the characters more. I enjoyed what I did see of Brooke and Chris. I also happened to think the little I saw of Brooke's family was hilarious.

A sweet and fun little Christmas Romance.

I was lucky enough to receive an arc copy of A Little Christmas Romance. As with all of her books, I was not disappointed. This is a sweet love story bringing together two old friends from high school. Brooke was dressed as an elf working in the mall with Santa. She was shocked to hear the voice of the one guy she has secretly loved since high school. She was mortified when he asked for pictures with her. Chris was the guy all the girls loved. She was not going to be just another fling. Read this sweet story to find out what can happen with a little bit of Christmas romance.

Brooke has had a lot to deal with in her life. When her mother passes away Brooke takes off. Leaving all those she loves behind. When she comes back and runs into an old friend. Life takes a turn she never expected.

Chris has been friends with Brooke for years, in fact he has loved her for years. Just hasn't told her. But when he comes across her again he certainly is not going to let her go!

This story had me cracking up. Brooke and her family are Hilarious!! The flirty Aunt chasing Chris omg! I about died laughing!! And the Elf Costume!! That in itself is a laugh fest waiting to happen. (trust me you want to read to find out.. what happens in that elf costume!!)

The main thing I loved about this book is that Chris loved Brooke with his whole heart. Time and distance never diminished that. Neither one wants to give in. Chris doesn't believe she likes/loves him. And Brooke can't believe Chris would ever give her the time of day in that aspect. There Is a lot of wanting to give but feeling turned down in this book. It is awesome to read and watch this story play out. It's like a game of cat and mouse!! Read it to find out if they end up giving in or hold their ground with closed hearts. I think you will enjoy this read!! 5 stars! One of my favorite Christmas Novellas so far this season!!
