The Broken Empire Series

Mark Lawrence

The Broken Empire Series Mark Lawrence

Books one and two of the critically-acclaimed debut fantasy trilogy The Broken Empire by Mark Lawrence.

This bundle includes Prince of Thorns and King of Thorns.

From being a privileged royal child, raised by a loving mother, Jorg Ancrath has become the Prince of Thorns, a charming, immoral boy leading a grim band of outlaws in a series of raids and atrocities. The world is in chaos: violence is rife, nightmares everywhere. Jorg has the ability to master the living and the dead, but there is still one thing that puts a chill in him. Returning to his father's castle Jorg must confront horrors from his childhood and carve himself a future with all hands turned against him.

Prince of Thorns and King of Thorns are the first two books in a remarkable new trilogy by one of fantasy fiction's newest rising stars. Together, they weave a tale of blood and treachery, magic and brotherhood and paint a compelling and brutal, and sometimes beautiful, picture of an exceptional boy on his journey toward manhood and the throne.

Chris Whybrow says

One of the best series I have ever read. I can't go for a single day without thinking about it.

Andrew says

Wow, what a different book than I'm used to! Very graphic, very gritty and very...well, very good, actually. I liked the authors' prose and his vocabulary. I didn't much get on with some of the scenes that jumped around, but it all ironed out in the end of the title. I do recommend this 3 part series including the King of Thorns and the Emperor of Thorns. It's a refreshing change with all the drab novels out there in the world of fantasy these days.

Ryan says

This is a great series. I struggle with the main character - he is a real anti-hero. But I can get past that. The thing that I struggle with is that pretty much without fail, the main character goes into situations where the odds are stacked against him in the extreme and he succeeds with very little effort. Yes, there are sacrifices but it just always seems like Jorg is never really challenged. Its a really good series, I enjoyed it immensely - the Jorg is just too good at everything he tries.

?????????? ??????? says

One of the best books I have ever read. The word 'different' immediately came to my mouth. The characters, and the setting and the main story; everything was so well laid out. There were scenes I couldn't quite visualize or simply missed. =.='

I loved the characters different perspectives and quotes. The author often mentions about Greek and Roman history as well as phrases by Shakespeare and many other philosophers. I am quite sure I missed a lot of it, thinking some of them were his own.

Anyhow I highly recommend this to anyone who wants to try something new.

'Life is sweet. Taste it.' - Mark Lawrence

Beverly says

I loved this series, some of the best fantasy I've read in a long time. If you're squeamish about blood and killing don't even start it, but if you like fast action and some real thought-provoking writing please do yourself a favor and read this.

Voke says

The best fantasy series I've read in a long time. Second only to George R.R Martin
