Without End: A Melrose Shops Novel A.R. Senault

A turbulent sexual renaissance is brewing on Melrose Avenue, and Dr. Claudette Boucher is about to expose it.

At the center of the revival are four tattooed and pierced-clad beasts of sex personified, and owners of the Mel/Rose Barbershop.

As Los Angeles' quintessential sex doctor and popular radio personality, Claudette has enough confidence to steamroll the strongest of men. Dino Pantopoulos is happy to have his life flattened by the beautiful and sassy, French therapist.

Claudette's atypical research techniques leave Dino wondering how to tame her, and Dino's overbearing Greek mother has Claudette's Freudian radar on high alert.

Claudette isn't about to alter her research or her sexual proclivities for anyone. But Dino's mastery of sensual conquest has Claudette rethinking her relationship priorities.

Dino's unrelenting charm weakens Claudette's quest for self-preservation. As sparks settle from the couple's emotional and explosive courtship, a tragedy threatens to destroy their newfound happiness.

Will Claudette survive and keep her promise to love Dino Without End?

Without End is a standalone novel, brimming with quick wit, charm, and unforgettable characters. It is the first of four books in the Melrose Shops series; one book for each of the sensual beasts waiting to claim your heart.

This book will steam up your windows and intended for adults only.

I absolutely fell in love with this story and the characters in them. I don't know how many times I really laughed out loud or put it down wishing what I knew was going to happen or did happen would change. I love when a book draws me in and I feel like I'm living in their world. I can't wait to read about what happens in the lives of the rest of the FF. I would highly recommend reading this.

Absolutely Outstanding Writing! The dialogue was so realistic sounding, sometimes dramatic, sometimes humorous. The educated spiels Claudette would deliver on sex topics that rendered bystanders speechless ....the teasing between the FF among themselves and with her....Johnny's comments and threats are all captivating. Claudette and Dino are instantly attracted to each other but there are many, many issues to overcome first. It is all engrossing and entertaining especially when we see into Claudette's mind and see her thinking and beliefs begin to shift and how she justifies her decisions. Overall, it has been a treat to watch the two grow together into love. But I have to admit the final drama had my heart into my mouth when I thought the unthinkable would happen. I commend the author on a well orchestrated final scene!

This book was dark, intense and intriguing. It's a great piece of erotic literature. It stirs things in readers that they perhaps don't know what they are feeling or even wanting. If you enjoy erotic reads this one is for you.

Words can't express how amazing this book is. I started and couldn't stop until I was at the very last page and even then I was bummed about the end. The FF seems like the kind of men I would've wanted to know and therefore making Claudette and Dino that more lovable. Johnny was most definitely my ultimate favorite character of all. His bubble, uncaring attitude was the best. He said what he thought without actually thinking and that brought a great sense of humor to the book. Loved this and highly recommended.

I received this book for an honest review.

I fell in love! In love with the FF with Claudette, with all the characters that fill Melrose Shops. A

wonderfully written seductive, romantic story that was so descriptive it had my imagination running rampant.. Oh those wonderful sexy scenes, boy can this author conjure images with her writing! I was pleasantly surprised after reading the blurb about steaming up windows that that's all the story would contain, Not at all! the story contains more, so much more!

Defiantly looking forward to reading more about the occupants of Melrose Shops.

I recommend you read it you will not be disappointed....

Dr. Claudette Boucher is hired by Spencer Marks to write a column for one of his many magazines. What happens when she is on her way to meet up with him to talk about the article he wants her to do on a street in Hollywood that people seem to meet and fall in love? What happens when she runs into 4 handsome men in the elevator on her way to meet Spencer? Will she find love on this very street she is trying to write about? Does she want love? What's so special about this particular block? This book had me laughing in so many places I absolutely loved it! The banter with some of the characters is priceless, especially Dino and his daily question to Claudette. This is a MUST READ series!!!

I can not express how much this book moved me, from beginning to end it attached it self to my mind then my heart, it is brilliant. The people wrap them selves around you and you can't let go. The sexual tension, the laughter, the attraction the energy, the tears, the relief.

I highly recommend this book and this author it is such a pleasure and privilege to be able to say I don't think I'll get over book withdrawal and I can't wait for more. Again Brilliant.

I am at a loss of words to describe this book, but in a good way! I was hooked from page one and couldnt put down. From the twist and turns to the STEAMY SEX scenes you will not be dissappointed. You will laugh, have OMG moments, cry, and will fall in love with the characters.

I love how A.R made the characters seem real. The 4 FF's can come to my bed anytime. Cant wait to see what in store next.

Words fail me when I try to find an adequate way to describe this book. Suffice it to say, it was simply lovely from start to finish. The writing was amazing and the author did a fantastic job of painting a beautiful picture in my mind. She has gifted us with a strong and intelligent heroine and a lovable and sexy hero. I laughed out loud, blushed intensely (oh my, did I blush...and fan my face...and take notes...), and at times, read with a lump in my throat and an ache in my heart. I read this book a month ago, yet these characters have stuck with me like old friends. Do yourself a favor and get this book while you can. This author's books are not something you want to miss!

Kim Freeman says

I loved this book, the characters are lovable and the story is exciting, smart and so funny.. I can't wait to see what this awesome new author comes up with next..

Marcy Richmond says

Wow! This book is not what I expected when I opened it to read. To say I was surprised at how much I liked this story is an understatement. I expected a fast read that would entertain, which this definitely did. What I didn't expect was finding an author I will follow for a long time, looking forward to what her imagination paints for me. Without End: A Melrose Shops Novel A.R. Senault I love the sex therapist angle, along with how she works it into the story believably. I really loved the FF and how the lives of the people in the Melrose district interwove to make an awesome family full of support and love for each other. The twists and turns in the plot make me want to read more about the Characters (yes that deserves capitals) in this story and follow the FF to the end.

Speechless.. if I had enough oxygen left after the sex, the crying, the laughter my review of Without End would be classy and sassy. Unfortunately, I am biting my nails and panting with need for the next book in the series. I adored Claudette and the FF. (BB is my new book crush- rawr).

I loved the refreshing storyline, the characters, the back stories, and tbh... I loved the journey of the romance, and I thank AR Senault for allowing me to disappear for a while in a well written, smoking hot romance, with some of the hottest men I could only help to run into.

Silvia says

I had the opportunity to beta read this novel, and I am so glad I did. This novel was an absolute gem! It had everything; an extremely likable and funny female lead, a hot romantic male lead, unbelievable chemistry and scorching sex scenes, parts where I laughed out loud, and several parts where tears were streaming down my face. The characters became my friends, the desire to visit California and Paris present, and the story was firmly rooted in my head. I couldn't stop thinking of them, well after my notes were sent to the author, my nook charging, and the next novel booked for my reading. A.R. Senault is an amazing author, one that everyone needs to keep their eye on. Her ability to tell a humorous and heart warming story is amazing, and I am so thrilled to say that I know her.

Go on, check out her novel while you can, get your Greek on! You will absolutely not be disappointed!

Nicole Smith says

I LOVED this book. I just fell for the FF. They're outrageous, hilarious, and hot great combination. This

book grabbed right from the beginning with the elevator scene. You know you have a winner when I'm having all my emotions brought out. You have your funny moments, the steamy off the charts hot moments, your feel good moments, and those heart stopping on the edge of your seat moments. This one had me shedding some tears especially towards the end, I just have to say OMG! The only complaint I have I wish we would have gotten Dino's point of view sooner in the book. I'm one of those people who likes both points of view. I was happy that we did get inside of his head. I highly recommend this one if you haven't read it because now I can't wait for the rest of the FF to meet their matches.

Terri George says

This book has everything you could want in an erotic romance.

If you're looking for a hot, inked Greek god look no further. Our hero, Dino may not be your typical alpha male, but he's still ALL MAN, persistent in his pursuit of the woman who has captured his heart and endearingly romantic. I defy you not to fall in love with him.

Our heroine, Claudette is intelligent and confident with a ready wit and more than a match for any of the four delicious males who work in the Mel/Rose barbershop.

Their love story will have you laughing, blushing and even shedding a tear.

A R Senault has created a little piece of heaven in L.A. and populated it with believable and lovable characters including her hilariously outspoken assistant, Johnny. You'll wish they were real and you could live there.

Without End is the first of a four part series with each novel based around one of the four barbers: The FF - The F**kable Four - oh, and aren't they all just that!

If you don't read this you'll kick yourself. So go 1 click it. NOW.

****I was given the book in return for an honest review****

Author A.R Senault did a fabulous job of creating a cast of characters you are sure to fall in love with!!! Claudette is a strong, intelligent woman established in her career and she knows what she expects from a partner. With so many authors opting for a young woman who falls into the arms of a dominant man, this book is a breath of fresh air! Claudette's assistant, Johnny, is a perfect compliment to the story. He offers a 'no holds barred' sense of humor that had me laughing quite frequently. The intimate scenes are wonderfully steamy and more than once I found myself wishing Dino was tucking me into bed at night ;-) Dino and his buddies, who become lovingly referred to as the "FF" will crawl into your mind and have you begging for more. I personally found the story line to be wrapped up in a predictable way, but nothing to keep me from following the rest of the series. I loved the relationships that were already in place and I can't wait to see how they continue!
