Tied to You

Bibi Paterson

Tied to You Bibi Paterson

What happens when you hit rock bottom and can't see a way out? Do you take the handsome stranger's indecent proposal that seems too good to be true?

In a word, *yes* .

Desperation will make you do crazy things, like giving up a year of your life and travelling halfway around the world to marry a gorgeous Aussie winemaker who seems to come with more baggage than he knows what to do with.

I know I should keep my distance but there is something about him that just draws me in. Maybe it is the way he always seems to be there for me when I need it most, or that he just seems to know the right thing to say.

All I know is that the moment he kisses me on our wedding day, I am in *trouble* .

~~~~~

Wealthy and arrogant, Alex is used to getting whatever he wants and he has set his eyes on Olivia. For months he has watched her as she calls out to every protective instinct he possesses. Waiting for the perfect opportunity to present itself, he is determined to make her his, in any way possible.

But Alex is hiding a secret, one that he is determined to protect until, one day, Olivia makes a revelation that sets her on a course of self-discovery. Together they explore Olivia's submissive side, pushing boundaries and taking her on the wildest ride of her life. However, when Olivia's past threatens to expose Alex's secret, the true strength behind Alex and Olivia's relationship is revealed.

## From Reader Review Tied to You for online ebook

### Stephen Walton says

One thing I like about Bibi Paterson's books is that you grabbed right from the start and you couldn't let go. Her books are erotic, yes, however they are also a gentle love story as well with interesting characters and a very interesting subject handled with great sensitivity. Although this is an on going love story Bibi manages to get an underlying sense of tension throughout the story. What might go wrong? Is it too good to be true? A good book to have on your shelf if it's your genre and if it's not it's worth a read

---

### Tammy says

I was hooked from the beginning! The characters in this story are wonderful, I loved Olivia, so strong and Alex was sweet and caring but oh so hot and sexy. The story draws you in and I couldn't put it down until the end. Great Read!

### A??ela W. says

I was given a copy of this book for an honest review.

Alex Davenport has watched Olivia Walker for months Alex is used to getting whatever he wants and he wants Olivia. Alex is wealthy and arrogant and sexy and he is also a Dom ( although Olivia doesn't find out until she moves in) who introduces Olivia to her submissive side. I have read all of Bibi's books and this is her first BDSM and it is written very well. I loved the character's in this book there where very well written and the sexual chemistry was very good. I think that each one of the character's brings out the best in each other for years Alex thought that he was a sadist that needed the dark, but with Olivia he liked doing vanilla as well. For Olivia, Alex was like a lifeline Olivia is struggling to make ends meet while trying to take care of her mother who doesn't even remember who she is. When Alex makes the propositions she agrees to marry him just after one encounter. She knows she has to do everything she can to help her mother since her father left when she was a young girl. Alex makes all the arrangements and just after two weeks Alex and Olivia fly to his home to get married. The arrangement is that they stay married one year and Alex will pay off her debt. On their honeymoon they become friends and then lovers. I really liked reading this book and I am looking forward to reading more from this authors. If you like hot alpha males who are use to getting what they want and the women that they fall in love with a little BDSM thrown into the story than I recommend this book.

## Amanda says

### 5 big fat 'LOVE IT' stars

*Received a copy from the author for honest review*

What can I say, I loved this story right from the get-go. It's like a *feel good Harlequin Signature novel meets Fifty-Shades* and I mean that in the most flattering way possible! Those of you who are not thrilled with either of those depictions please don't let my inability to come up with a better description stop you from reading this book. That's just the comparison that popped into my head when I started reading it. It's not riding on their coat tails in any way shape or form, because trust me, this story has two of its own very strong legs to stand on all by itself!

### I have been lifted out of my book-slump thanks to Tied to You

*Harlequin-ish part:* Olivia is a single, tired, at-the-end-of-her-rope 30 something single female in England. Alex is the sexy billionaire. They make a deal that saves her butt and gets his family off his back. And after a year, they get to go their own ways.

What Olivia doesn't know is that Alex has been watching her for a while, he knows all about her and her situation.

Here's the *Fifty-Shade-ish part:* Alex feels protective of Olivia and wants to take care of her. But he doesn't think he can have her for keeps. He doesn't want to taint her with his dirty-little-secret needs. Alex has a playroom, belongs to a club and is a sadist. Or at least he thinks so until feelings develop between him and Olivia and he realizes he doesn't NEED that, that he can do Vanilla and like it. And guess what...Olivia likes some of the playroom activities they get up to and falls head over heels herself. Match made in heaven right?!

The author grabs your attention right at the beginning. It's that kind of book you get right into from the first paragraph. The writing style is fluid and the emotional and physical connection between the characters is tangible.

**Into the 'WILL READ AGAIN' pile this book goes!**

## Linda Rimer-Como says

This is the first book by this author I have read but it will not be the last. An interesting story which is well written, with detailed characters that have unique interactions. A business arrangement, marriage, secret lifestyle and blackmail! Olivia and Alex find the path to happiness has many obstacles but love always finds a way. Enjoyed this story very much.

Received copy for review.

## Mimie says

\*I received a free copy of this book from the author for an honest review\*

Olivia was having hard time since her mother deteriorating health and mental state, but that doesn't stop her to continue her life. Alex has been eyeing her since he first saw her, and wanted to help and protect her. An opportunity showed up, and Alex take a step to put his plan on the move. As story goes, the character also evolve from being stranger into being in relationship, and I really love the story flow, no rush sex scene and Alex domly acts really put me in the spot. Olivia was well developed to the sub act, and I really having hard time to put this one down.

Kinks are really a turn on (me).

Definitely on my Re-Read list.

## Keep Calm Novel On says

\*I received a copy of the eBook in exchange for an honest review.\*

Olivia Walker is working several jobs in order to pay for her mother's nursing home expenses and she is barely staying afloat. Successful, controlling and handsome Alex Davenport has been observing Olivia and is intrigued by her presence. Alex offers Olivia a most unusual proposition—no, not sexual. Marriage. For one year. Olivia needs to ensure that her mother's nursing home payments are made. How can she refuse this most unusual arrangement. In order for this relationship to work it must be based on trust. Will their trust turn into friendship and perhaps more?

This novel is character driven. The dialogue and non-verbal communication between Olivia and Alex give insight into their personalities and their most surprising journey. Their chemistry and connection on a deeper level is truly undeniable. When their pasts become a threat will they overcome the obstacles together?

Tied to You by Bibi Paterson is a most enjoyable read.

## Tracy Ehlers says

\*I received this book in exchange for an honest review.\*

Olivia Walker a shy unassuming character, working three jobs scrapping together enough money to support her mother who is in a nursing home with Alzheimer's. Losing a bid on a manuscript for her employer, acquiring this manuscript meant a much needed bonus...what is she going to do?

Alex Davenport has seen Olivia at auctions and feels a connection, although he considers her to innocent for his alternative lifestyle he still feels compelled to help her. What does he do? He out bids her then offers her a proposal she just cant refuse.

I'm not one for spoilers and would encourage reading it to see what happens between Liv and Alex...

There are so many thing I enjoyed about this book... the story was fast paced and flowed really well. I really felt the connection between the character both physically and emotionally, Not to mention those steamy sex scenes..

This was my first book by Ms Paterson, not my last and it will be added to the re-reads list. I recommend this book to all fans of romance and erotica. 18+ due to the adult content.

### **Margie 'CSR' Fite says**

alex davenport has a BDSM lifestyle but he has been watching olivia 'liv' for awhile now and can't seem to get her off his mind... he sees something in her and wants her, to take care of her...get to know her.... So Alex being the RICH, Alpha Male THAT HE IS!! HAS liv watched and a background ck on her... she is working to take care of her mother who is in a home with alzheimers and all her \$ goes to her care. She can barely get by since her father left them.

So Alex proposes a deal with Liv, he asks her to marry him and he will take care of all her debt, mothers care, medical expenses and to protect her.

Alex explains that he has a lifestyle that she would not understand and doesn't want to marry at this time so they can live as friends and this way his family name is not ruined by his alternative lifestyle in the BDSM world and he fulfils his parents wishes of getting married...

what they do not expect is, friendship turning into something else and Liv actually reading up on his lifestyle and wanting to become apart of it and undetrstand more...

she would like to experiment and even look into her submissive nature in return she believes she can help him with his 'Domitive personality problems he has carried around since childhood"

BDSM in this book, sexual experimental situations, and I found myself reading the book in one day until it was finished... it was a good book and I really loved Alex's family (side note) his mother was THE BEST!!!! SHE HAD ME IN STICHES LAUGHING... (love a mother that nothing gets by her!! :)

---

### **Ashley Heather says**

I absolutely loved this book. It had me in a total trance from the start and just drew me into it's world and held me there - fabulous !

I was drawn to the characters from the start. Olivia was very relatable as the sweet almost shy quiet type and you could feel the pressure of the burden her shouldered carried.

Alex Davenport is the sexy "I always get my way " alpha that honestly us girls love!

What I loved about this is it also had some fantastic humour laced through out which was a brilliant addition to the tense drama that also occurs, giving this a great balance in the book.

This book takes you on a fantastic ride and believe me Mr Davenport is up there with the top alpha dominant males that I've had the joy to read.

Move over Mr Grey there's a new Dom in town :)

5 fab stars from me. Go click this.

## Nicole says

ARC provided in exchange for honest review.

Once again, Bibi Paterson has written a story that sucks you in (no pun intended, unless you've got a filthy mind like me!) that not only has a good plot, but the characters are great and have amazingly hot chemistry together. But this is more than just a sexy BDSM story, you're privy to witnessing the bond that develops between Olivia and Alex. But along with amazing chemistry and loads of hot smutty sex there is the angst that threaten to tear them apart. Will they or won't they make it as a couple? You'll just have to read it (and trust me, you won't be let down with this book).

---

## Tami says

This was a wonderful find. I'm so glad that I read it. Tied to You is a BDSM novel and HOT!!!! Oh wow is it hot, a must read if this sort of book appeals to you. I KNOW IT DID TO ME!

### **3.5 I-DON'T-DO-VANILLA STARS!**

*"The first time I saw you there was this pull, like a magnet. I knew I wanted, no needed, you in my life. It wasn't sexual because you seemed so innocent and there was no way I was going to allow myself to bring you into that part of my life. It was just that I wanted to be part of your life, anyway that you would let me. I was prepared to be any person you needed me to be, do anything you required."*

What happens when you need to support your family, but you have no money? Do you accept a proposal for marriage by a filthy rich stranger with secrets unbeknownst your knowledge?

When Olivia loses an auction, she accepts Alex's proposal to marry him so in return she is able to keep her job. Though, Alex has secrets of his own and just what is this secret "lifestyle" he is talking about? When she discovers this dark secret of his, she is scared, terrified even. She's never been exposed to the kinky side of sex and she is as innocent as they come. It is completely unknown to her and she's surprised when she starts to enjoy submitting to Alex.

Alex has had his eyes on Olivia for quite a while and he saw a chance to get her in his hands--he did. He devises an ultimate plan: marriage and it would benefit both of them. Her, to help with her money issues and him, to get his mother off his back. He firmly believes himself to be a sadist and cold man void of feelings. However, Olivia proves him wrong; she shows him a side he's unaware of. Soon, the small feelings that began with the fake marriage bloom into something so much more as their marriage becomes real.

*"You have captured my heart and I can't imagine a future without you in it."*

Of course, no secret is kept hidden forever. What will they do when their families get in the way? Will the marriage that started out fake be strong enough to fight off and endure the complications of life?

This book wasn't bad, but it wasn't amazing either. Maybe it's just my mood these days since I can't seem to find a book that just clicks. The plot wasn't anything unique, but I do have to applaud the author for executing it nicely. It was enjoyable and quite sweet to see the cold dom, Alex find his soft side with the help of his angel, Olivia. Cute epilogue, too! ;)

---

### **Simply?i? says**

Love it! Bibi has a gift of taking a story and just making it her own. Olivia the heroine was not quite broken, but very burdened with life. Although this takes place in London mainly it is erotic story that becomes romantic. I enjoyed Alex he was very strong, determined and fucking hot! The sex is intense, but necessary for the story. Again Bibi through her art sets the stage for what is submission and who is the master. I don't want to say too much, READ IT.
