Timothy Kleve is a seemingly ordinary 17 year old still reeling back from the death of his mother. When a deadly phenomenon that causes people to die from their dreams called the Vashmir Pandemic throws society into chaos, Tim is forced to fight for his life and the lives of his loved ones.

When a controversially addictive drug, Somnidin, starts to run out, he finds himself dragged further into a world where fear is power, desperately trying to protect his best friends, Clay and Stella Barber, from death.

The world ending. The death toll rising. Hunted by dream monsters, criminals, law enforcements, and civilians alike, the outcast trio must find a way to stop the pandemic, or risk a sleep that lasts an eternity.

Also included: Bleached, a psychological-thriller prequel about child abuse set in the In Evening world.

I was given a free review copy of this book by the author in exchange for an honest review. This was something different for me to read, a supernatural thriller. With the world hit with the Vashmir pandemic, which can cause people to die in the nightmares sleeping brings, the world is in chaos, The drug to combat it, Somnidin, is running out. 17 year old Timothy will face all sorts of nightmares while both sleeping and awake. During this phase he must find the truth and stop the deaths, or die trying.

Not a genre I normally read but this book caught my attention quickly and became a real page turner. It was an easy read, suspenseful and well written. Character development was a strong point as was the plot. The only thing I did not care for was the ending. I felt it was not as strong as the rest of the book. I will recommend this to others.
