Millions were dead.

Millions more would join them.

The Rangers step back into the bloodiest civil war in history all at the orders of a man they'd rather see dead. Somewhere in an empire tearing itself to bloody shreds lies a secret worth killing and dying for. Lee, Chaz, Jimbo and the rest are willing to do the former and struggling like hell to avoid the latter.

The fifth book in the epic Bad Times series by Chuck Dixon.

Military action in a time travel scenario that blends realistic action with high concept science fiction for a tale populated with unforgettable characters and unique situations. This is the next chapter in the eon sprawling adventure of a team of U.S. Army Rangers lost in time and damned by fate.

“Chuck Dixon’s prose is a perfect weld of muscular writing with razor edge wit and storytelling.”

Beau Smith, creator of Wynona Earp

“Chuck Dixon is a writer who brings his A Game to the table all the time.”

David Finn, author of the Asanti series

“Chuck Dixon writes in a visceral, matter-of-fact voice that erases the barrier between reader and page, grabbing you by the throat and dragging you through the story, until you look up and it's four a.m. and you finished the book.”

Mike Baron, creator of Nexus, the Badger and author of Whack Job

### Glen says

This latest book in the Bad Times series is the best so far.

Our team of time travelling rangers, under duress from a Chinese billionaire, go back to the Tai Ping Rebellion to recover an artifact. Inserted into total chaos, having to vie against armies on all sides of the rebellion, they also have to watch their backs against machination in the present.

Under Dixon's pen, the TaiPing Rebellion and all of its excesses come alive. You can almost smell the decay and the opium.

Great stuff.
