Zoe Elliot has resisted Landon Heath's advances, only because he's her boss and she needs her job to keep her work visa. But when she's in danger of being deported, she agrees to his crazy suggestion of getting married... temporarily, of course.

Landon wants the beautiful Canadian for his own, and he's not above using her situation to tie her to him—permanently. He knows he has to move quickly, before she realizes they're not-so temporarily married.

If something doesn't happen soon Zoe will get deported and will be sent back to Canada! This is Landon's opportunity now to swoop in and show Zoe what she has been missing! Landon comes up with a great plan to get married so Zoe can stay in the country.

Filled with smut and sweet, sweet love this is a quick read to perk up your day and find yourself a hot alpha male to make your kindle burn up!!

I've devoured most of Fiona's books and have been overwhelmed with the awesomeness jumping out of the pages. Who doesn't like a caveman with serious skills in the bedroom?

Landon is my kinda guy. No nonsense sexy caveman who is dominant and not above a little kink. Oh and the filthy mouth. Yeahhhhhhh baby! Zoe is his match and they are cute together. My only complaint is the storyline. It didn't jump out at me like Fiona's other stories. It didn't drag me under or make me feel like hyperventilating if I didn't finish it. Without the "wow" factor and over the top drama, it's still a decent read. I'm happy to recommend this read to my "lighter genre" contemporaries!

Sweet insta love story between Landon and Zoe.

I tried to flove it but half of the time the attraction felt one sided; and she was more reluctant than I was comfortable with (I.e. Regarding the marriage and pregnancy issue).

Adored the epilogue.

Safe read

Super sweet, super HOT and super quick/short read, that's what we get with Not So Temporarily Married! It was indeed all around SUPER and classic Fiona Davenport! <3

Zoe, a recently graduated architectural Canadian designer decided to take a bet and spread her wings into Uncle Sam's lands. Luck was on her side and she landed her first job working for an established and prestigious architectural/construction firm. But it is clear from the very first day that she was just lucky on the professional department, because she caught much more than a job, she caught the undivided attention of her boss, the smoking hot, Landon.

Landon knew from the very moment his eyes landed on Zoe that she was his future, the only woman for him. His future wife and mother of his children. He insistently pursued her from the very first day she started at his company, and had been quite patient in waiting for her to change her mind – yes, for a FD's hero he showed quite a restraint, not taking what he wanted for all those months, LOL – until the very thing that was keeping her from him worked in his favor, her work VISA conditions! Let's just say he was more than happy to solve her affliction with the perfect solution that would please both of them, marriage.

Zoe was of course shocked, but given the insane attraction to Landon, that she had been fighting from the very start, marrying her boss sure was the furthest from a hardship! Now, she was just in for a bit of a surprise when she would realize that this marriage was going to be real in every vow and way, and the NOT SO TEMPORARILY!!! <3 <3 <3 <3

This was cheesier than a wedge of stilton and had about as much depth as a drop of juice.

Amazing!! I loved this story so much. It was short, sweet, & hot. The chemistry between Zoe & Landon was

off the charts smoking <3

Zoe is a Canadian who recently graduated college and now is working at her dream job in the United States. She has 2 little issues, her extremely sexy and persistent boss and complications with her work visa.

Landon has wanted Zoe since day one, and when immigration issues arise he has the perfect solution that will not only make her a citizen but to also make her his...permenantly :)

"Claimed by law so everyone would know who she belonged to. My dick twitched happily at the thought."

Landon was my favourite kind of alpha, possessive, persistent, and determined to get his girl.

5 "CANADIAN" STARS

I've been anxiously waiting for the release of this book since I saw it on Goodreads. I didn't expect it to be LIVE this early on Amazon. When I saw this yesterday, I was.....

And Honestly Fiona Davenport did not disappoint!

I LOVE EVERYTHING ABOUT THIS BOOK

Hot alpha hero-check

Sweet sassy heroine-check

A story that makes sense-check

Strong secondary characters-check

HOT and sensual sex scenes-check

Little drama-check

Sweet Epilogue with babies-check

So what are you waiting for? Go get your own copy and discover this sweet with heat story for yourself!

Here is just a preview of what to expect from the content. These are just a few lines from this book:

--"I'm fucked," I groaned.

"Not yet you aren't," Landon growled from the door as he barged into my office and slammed it shut. "If you were, I'd know it because I'd be the one doing the fucking."

--"...Well guess what, Blondie? Giving in to me is your way out of this mess."

"I still have absolutely no idea what you mean. Maybe you can dumb it down for me since I'm blonde and all," I muttered sarcastically, not a big fan of his nickname for me.

"Fine," he bit out. "I'll make it as simple as one word—marriage."

--"Believe it, Blondie. In a few hours, you'll finally be mine."

"Temporarily," she insisted.

"You keep telling yourself that, baby," I mumbled under my breath.

"What?"

"Nothing, baby."

**However, I must reluctantly stop here. The rest you must discover for yourself.
But I can say this...it's not PG it's more of an adult only situation, wink wink!**

**I enjoyed this book with a strong and sweet Canadian heroine who actually sounds Canadian!
Honestly, and I mean no disrespect to other authors, but this is the first time I read about "Timmy's"
and other more "recognizable" elements of Canadian culture!**

BRAVO MS. DAVENPORT!

You have another winner on your hands.

**WOULD strongly recommend to anyone but to all my Canadian friends, please check it out!
Especially the end! xx**

Safety is perfect with hero being celibate for over 3 years (before the heroine even) and the heroine is a virgin (made sense given her family and age). Faithful, no cheating, no drama or condoms.

A little bit hot, a little bit dirty and a whole lot of sexy!

Zoe and Landon have been attracted to each other from the moment that Zoe started working at his family's construction business. However, being in the States on a work visa from Canada, the last thing she wants is to start a relationship with her boss, and then be out of a job ad forced to move home when it ends. Landon doesn't have these same concerns and when the opportunity presents itself for him to marry her to keep her in the country, he jumps at the chance.

Landon was an alpha male with a heart of gold, dirty in the sheets and a gentleman on the streets. His somewhat overbearing tendencies where Zoe was concerned only made him more endearing to me, he knew what he wanted and wasn't afraid to go after it...and Zoe is what he wants!

Reading this novella was pure escapism for me, and I enjoyed being transported into Zoe and Landon's world. I'll be checking out more of Fiona Davenport's works straight away. -Tamara, 3 stars

Sexy ;-)?

If I reviewed it for the plot and not for the sexy times, I would grump a bit about H's overcavermanish, light stalkerish tendencies...

It was hot! *swoon*
